**Catalogue de Recensements Sur Microfilm, 1666-1891** Thomas A. Hillman, 1987 This catalogue lists census returns on microfilm in the Public Archives of Canada for the present day provinces of Canada. A listing of the census returns available for particular years for each province is included in the Appendix. Many of the original census returns for New Brunswick, Nova Scotia and Prince Edward Island prior to 1871 and some 1842 and 1848 Ontario census returns are held by the respective provincial archives. As far as can be determined, the census returns for the year 1871 for Prince Edward Island have not survived, while only fragmentary census returns for the 17th and 18th centuries for Newfoundland have been located. With the exception of the census for 1861, extensive information on the taking of any particular census can be found in the Introduction to each volume of census of 1861, the findings were published but no introductory material was provided.
