Check out HowExpert Guide to RV Life to learn how to buy, drive, and maintain a recreational vehicle to travel and live the RV lifestyle! About the Author Charley Dickson is a former Oregonian who now lives full-time in a 38' Class A motorhome in various places around the country. In his 30+ years of RVing, he and his wife have traveled in a pop-up trailer, a 30' travel trailer, a 29' Class C motorhome, a 40' 5th wheel trailer, and two Class A motorhomes. He's been to most of the country, but there are still many places he and his wife will be seeing. He's a firm believer in being more of a do-it-yourselfer rather than having someone else do a repair or modification. As such, he's a staunch supporter of doing the homework to find out as many aspects of a certain subject as possible. As such, this book is written for other folks who want to know more about RVing. HowExpert publishes how to guides by everyday experts.

Smart RV Travel Guide for the Lower 48 States Ron Samson,2018-01-16 Smart RV Travel Guide For The Lower 48 States List of RV & National Parks, the Cost, the Amenities, What to See and Do in Each State Smart RV travel guide For the Continental 48 states is a three-year compilation of all the RV parks and National parks in each and every state in the continental US. I outlined all the amenities they offer, the actual cost to stay and so much more. We gathered this data from our last three trips across all 48 states. I also included what to see, where to visit and what they are famous for in each of the states. For each state, I created a detail travel plan that covers everything that is worth seeing along with where to stay while visiting that state. There are 48 chapters, each representing one individual state. Each state is divided into three categories. Suggested RV trips - this is where I outline what the main attractions are for each of the states including cities, next I name each and every RV parks, the amenities they offer and what the costs are. Finally, I discuss all the state parks in each state and what perks and goodies they offer along with actual costs. By profession, I was in instructional design, where I designed various commercial and industrial training modules and helped create mini-guides which are far from writing an RV travel guide. I am not qualified to write such guides, but after our 3rd around the country trips, my wife made a convincing argument that people like us could truly benefit from such guides which we didn't have when we first started traveling around our great country. It took me little over nine months to gather all the information and start writing. It is a no-fluff guide with no storytelling as I am good at writing fiction, so I didn't even try, I stayed with the facts and information that I know is helpful to everyone that is looking to take a trip around our good ole' USA. My wife and I were lucky enough to be able to retire at age 52. We both share one passion, and that is the beautiful wide open roads and to see this great vast country of ours. We were able to buy us gently used Class A Fleetwood Southwind for a very reasonable price. It is spacious, maybe a little too spacious for just two of us, but we love every bit of it. It drives beautifully, and the interior comfort is almost like a 5-star hotel. We both love living in it. We spend roughly five months out of the year on the road; we take a 2.5 month long trip around the lower half of the country during the spring, then another 2.5-3 month's long trip during late summer to early fall around the upper part of the country. Since we have been to each of the lower 48 states a dozen or so times and tried out various parks and amenities in every state. We have decided to share all our knowledge here with you. Enjoy the freedom of open roads.

RV Camping James Heberd,2021-01-02 Are you tired of living in the same place? Do you want to know how you can visit the most beautiful places in the world and live the best possible life with your RV? The world of recreational vehicles is amazing and often not very well known, but it can give you the freedom that you have always yearned for. Every night you can fall asleep under a starry sky and every morning you can wake up in unspoiled nature. Until a few years ago, camping, boondocking and RV living were only practiced by the experts or those with enough money who didn't need to work. But today, that's no longer the case. I own an RV, a few years ago I had no knowledge of it but for some time I have made the RV my new way of life. Today I spend most of my time traveling the world with my RV. This guide is aimed at both the beginners who want to introduce themselves to the wondrous world of RV and the experts, who will find useful tips on how to improve their outdoor experience. Here's what I'm going to talk about in a nutshell Chapter 1 addresses buying a rig, because purchasing an RV will, of course, be the most important decision you are going to make when considering living the RV life. Chapter 2 brings attention to the technical side, with topics such as weights, capacities, and why they are important. Chapter 3 offers a thorough discussion about the equipment you're going to need. RVs don't come right off the factory line with everything you need after all! You will learn about setting up your utilities, outfitting yourself for indoor and outdoor RV living, making modifications to your rig, and learn ways to enhance security. Chapter 4 talks about your voyage. It's time to hit the road in your new outdoor home away from home! Here you will gain insights into the practical aspects of your trip, such a conducting pre- and post-trip inspections, hitching, securing, backing, using utilities at campgrounds, and when boondocking. Chapter 5 serves up the meat and potatoes of the RV lifestyle: day-to-day RVing. In Section 1 you will read about RVing with children and pets, how to get a good night's sleep, staying warm and cool, how to pack your clothing, bathing, outdoor activities, buying, and storing groceries, cooking inside and outside the RV, the costs of the RV lifestyle, maintenance and repair, and how to deal with breakdowns. The next section will go over what to consider when you are going to live in an RV, making cash on the road, healthcare options for RVers, how to receive mail while on the road, establishing your domicile, voting, banking, the retirement lifestyle, and how to prevent loneliness and isolation. Chapter 6 draws attention to the last step of setting out: planning the trip itself. Here you will learn about the different tools you can use for choosing a destination, planning your trip, and navigating along the way. The chapter is packed with information on using web-based tools, smart device apps, and other technology such as RV GPS units and trucker atlases to keep you on track and out of trouble. Whether your goal is to live in an RV or simply have a nice, relaxing vacation with your family and friends all while experiencing a sense of freedom that you have never had before, this guide is definitely for you!

King of the Road Ted Pollard,1993 An indispensable, information-packed guide which describes everything needed to plan, take and enjoy a fabulous RV adventure.

The RV Handbook Bill Estes,2001-05-31 This new edition of The RV Handbook is for all types of RV enthusiasts - from a first-time buyer or renter to the most seasoned RV traveler. Packed with valuable information, checklists, photos, and charts, the guide tells you how to: buy an RV; avoid the single most common mistake novice RVers make; select a towing vehicle; avoid RV repair scams; benefit from technical trends in RV manufacturing; correct the bad towing habit that plagues even experienced RVers; and prevent explosive propane situations. With hundreds of proven RV tips, tricks, and techniques, this expanded handbook tells how to buy, maintain, and optimize RVs, saving both money and time.

The Complete Guide to Renting an RV Jeff Wildrick,2020-09-15 FROM THE INTRODUCTION: So you're thinking about renting an RV. Congratulations! The allure of RVing is almost intoxicating. The freedom of the open road. The dream of seeing America from ground level, and enjoying all of the majesty and quirkiness you encounter along the way. The excitement of campfires, roadside picnics, and getting close to nature. The opportunity to spend quality time with your family away from work, school, and the siren call of chores you need to do around the house. RVing holds the promise of one of your most relaxing or exciting vacations of all time. But then you remember those movies you've seen, such as RV starring Robin Williams, and a certain level of doubt or fear starts to creep in. Will we all be able to get along together in such a small space? (Or will I be safe on the road alone?) How do I choose the right RV to rent? How do I find it? Where will we go? How do I drive that thing? What about the poop! For a vacation that's all about life's simple pleasures, the challenge of renting and planning an RV vacation can be daunting. I should know. I've been there! The first time we rented an RV, I was overwhelmed by the number of choices I had to make before we even left home. What did I need to know about the many different kinds of motorhomes available for rent? How would we find places to stay at night that brought smiles instead of grimaces? And I'd never driven anything larger than a minivan! So I began to research anything and everything I could think of about RVing. Frankly, my family accused me of being obsessed. Dad, you're not reading about RVs again! But I was determined to give my family (and myself) the very best RV vacation possible. It must have worked, because after that first RV trip in Arizona, even my most cynical teenage daughter said, That was the best vacation EVER. When can we do it again? What I quickly learned when planning an RV vacation was that there is a lot of information out there. That was an exciting discovery. On the other hand, there's really no one place you can go to learn all that you need to know about planning the best RV vacation for your family, your vacation, and your needs. My goal here is to bring it all together to give you the benefit of my research, mistakes, and

discoveries.Many different kinds of RVs are available to fit a wide variety of needs. For the purposes of this book, when I use the term RV I'll be referring to a self-contained motorhome-one vehicle that contains both living space and an engine to drive it around. (The other kinds of RVs are travel trailers and fifth wheels, which are towed behind a pickup truck or large car. Most of this book will still be relevant, except for some of the discussion about selecting a motorhome.)This book is a step-by-step guide to planning and enjoying the best possible RV rental vacation. Whether you've rented before, or you're true first-timer, you'll find the information you need to have the kind of vacation that leaves you and your family asking for more. My Life on the Road George Piper,2018-08-09 MY LIFE ON THE ROAD; RV Guide for Beginners (Learn from my mistakes)In 2005 I lost my wife and dog to a terrible situation after which I set out on my RV life. I wanted to be away from a whole lot of things which was draining my emotions, bringing memories, gulping my finances, and to also experience life outside the walls of my home. I wanted to create memories, build new friendships, see nature and generally have a breath of fresh air. Before embarking on my RV life, I had a shallow knowledge about RV living. The euphoria of hitting the road and living my life didn't allow me to do in-depth research about what it will take to enjoy RV life fully.On hitting the road, I realized that I didn't have basically what it takes to live in RV. At a point, it became so frustrating that I wanted to turn back and quit the whole idea of RV, but on second thought, I pushed on and decided to learn while on the road.Learning while on the road exposed me to a lot of things, though it was tough but later became fun. Meeting new RV'er willing to help me all the way, joining RV clubs that also opened my eyes to a whole lot of benefits, I can tell you that living in RV can be the best decision of your life if you are trying to stay away from things and also see nature and breath fresh air.In this guide, I tried to take care of all the basic questions RV beginners will ask and the problems they may encounter while embarking on their road life.This guide is specially written for anyone who wish to explore the RV lifestyle and is looking for RVing guides to help make it easier for him/her. I have been able to cover the following specific areas of RV living: Important RV terms. Thinking of Full-timing or Part-timing Important researches to make before hitting the road How to avoid RV beginners mistakes Gadgets you will need to enjoy RV living Planning RV budget Ways to earn while living in RV. This guide is written from experience, the mistakes I made and the lessons I learned while living my RV life and I hope this goes a long in helping you achieve your dream of a fun-filled RV living.
