### **University Avenue of the Twin Cities** Iric

Nathanson, 2023-02-20 At the turn of 20th century, University Avenue emerged as a major transportation corridor, connecting Minneapolis and St. Paul. At the center of the corridor, the Midway district became one the Twin Cities' most prominent industrial hubs. And all along the 13-mile roadway, businesses serving the adjacent neighborhoods clustered around key intersections. But University Avenue fell into decline starting in the 1960s when a new interstate freeway, I-94, provided a speedier and more convenient way of moving between the two cities. I-94's economic blow was offset, at least in part, when new arrivals to Minnesota, many from Southeast Asia, injected fresh entrepreneurial energy into this aging transportation corridor. Today, University Avenue's historic role has been restored now that it serves as the route of a light-rail transit line connecting the downtowns of Minneapolis and St. Paul.

**The Lamp and the Cross** J. I. Hayes, 2004 Refinement of this curriculum during the next four decades preceded dramatic change in the early twentieth century: job-related education, an elective system, and junior college status. Pre-professional programs, coeducation and a baccalaureate program followed. Next came new degrees and new venues. The 1980s and 1990s brought non-traditional adult education at twenty-five sites throughout Virginia that soon eclipsed the traditional program.
