**Magic Is Dead** Ian Frisch, 2019-02-26 In the vein of Neil Strauss' *The Game* and Joshua Foer's *Moonwalking with Einstein* comes the fascinating story of one man's colorful, mysterious, and personal journey into the world of magic, and his unlikely invitation into an underground secret society of revolutionary magicians from around the world. *Magic Is Dead* is Ian Frisch's head-first dive into a hidden world full of extraordinary characters and highly guarded secrets. It is a story of imagination, deception, and art that spotlights today's most brilliant young magicians—a mysterious club known as the52, who are revolutionizing an ancient artform under the mantra *Magic Is Dead*. Ian brings us with him as he not only gets to know this fascinating world, but also becomes an integral part of it. We meet the52's founding members—Laura London, Daniel Madison, and Chris Ramsay—and explore their personal demons, professional aspirations, and what drew them to their craft. We join them at private gatherings of the most extraordinary magicians working today, follow them to magic conventions in Las Vegas and England, and discover some of the best tricks of the trade. We also encounter David Blaine; hang out with Penn Jillette; meet Dynamo, the U.K.'s most famous magician; and go behind the scenes of a Netflix magic show. *Magic Is Dead* is also a chronicle of magic's rich history and how it has changed in the internet age, as the young guns embrace social media and move away from the old-school take on the craft. As he tells the story of the52, and his role as its most unlikely member, Ian reveals his own connection with trickery and deceit and how he first learned the elements that make magic work from his poker-playing mother. He recalls their adventures in card rooms and casinos after his father's sudden death, and shares a touching moment that he had, as a working journalist, with his childhood idol Shaquille O'Neal. "Magic—the romanticism of the inexplicable, the awe and admiration of the unexpected—is an underlying force in how we view the world and its myriad possibilities," Ian writes. As his journey continues, Ian not only becomes a performer and creator of magic—even fooling the late Anthony Bourdain during a chance encounter—he also cements a new brotherhood, and begins to understand his relationship with his father, fifteen years after his death. Written with psychological acuity and a keen eye for detail, *Magic Is Dead* is an engrossing tale full of wonder and surprise.

**A Wicked Magic** Sasha Laurens, 2022-06-07 Modern witches must save friends stolen by an ancient demon in this YA fantasy-thriller. "A cinematic, page-ripping debut." —Kirkus Reviews "A modern day version of *The Craft*." —Booklist Dan and Liss are witches. The Black Book granted them that power. Harnessing that power feels good, especially when everything in their lives makes them feel powerless. During a spell gone wrong, Liss's boyfriend is snatched away by an evil entity and presumed dead. Dan and Liss's friendship dies that night, too. How can they practice magic after the darkness that they conjured? Months later, Liss discovers that her boyfriend is alive, trapped underground in the grips of an ancient force. She must save him, and she needs Dan and the power of the Black Book to do so. Dan is quickly sucked back into Liss's orbit and pushes away her best friend, Alexa. But Alexa has some big secrets she's hiding and her own unique magical disaster to deal with. When another teenager disappears, the girls know it's no coincidence. What greedy magic have they awakened? And what does it want with

these teens it has stolen? Set in the atmospheric wilds of California's northern coast, Sasha Laurens's thrilling debut novel is about the complications of friendship, how to take back power, and how to embrace the darkness that lives within us all.

*Life Is Magic* Jon Dorenbos, 2020-11-03 "Jon Dorenbos is a magical person. Life Is Magic shows how we can all choose happiness in the face of overwhelming odds." –Ellen DeGeneres An extraordinary and empowering story of resilience, forgiveness, and living a life of purpose in the face of unfathomable obstacles. You may know him as an NFL All-Pro or as a world-class magician who made the finals of America's Got Talent, but Jon Dorenbos says that what he does is not who he is. He is someone who coached himself, at the most tender of ages, to turn tragedy to triumph. One morning in August 1992, when Jon was twelve years old and living a seemingly idyllic childhood in suburban Seattle, he woke up for baseball camp. His dad waved goodbye. Later that day, Jon heard the news: his father had murdered his mother in the family's three-car garage. In an instant, his life had shattered. He'd essentially been orphaned. Thrust into foster care while his father stood trial for murder, Jon struggled. Left to himself, he discovered an unlikely escape performing magic tricks. If you found a way to alter your reality, after your dad—your hero—killed your mom, wouldn't you cling to it too? Then came football, which provided a release for all of his pent-up anger. Together, magic and football saved him, leading to fourteen NFL seasons on the gridiron and raucous sleight of hand performances to packed houses across the globe. In 2017, he was diagnosed with a life-threatening heart condition leaving him with a choice. To either break down or—as he'd by now long taught himself—bounce back. "Life Is Magic shows how we can all choose happiness in the face of overwhelming odds" (Ellen DeGeneres) and provides a roadmap for overcoming even the darkest of times. Jon's story is poignant and powerful, told by a charismatic and optimistic man who has overcome life-or-death challenges with grace, persistence, a childlike sense of wonder...and jaw-dropping card tricks.

**This Book Is Magic** Ashley Evanson, 2017-01-17 Make some magic in this colorful, interactive picture book from the author/illustrator of the Hello, World board book series! Do you know that you're a magician? In this interactive book, use your fingers to perform all kinds of magic tricks. Tap a hat to make a bunny appear, recite a spell to make books bigger, say Gone-zo! to make a ship disappear, and much more. **The Book of Magic** George R. R. Martin, Scott Lynch, Elizabeth Bear, Garth Nix, 2018-10-16 A new anthology celebrating the witches and sorcerers of epic fantasy—featuring stories by George R. R. Martin, Scott Lynch, Megan

Lindholm, and many others! Hot on the heels of Gardner Dozois's acclaimed anthology *The Book of Swords* comes this companion volume devoted to magic. How could it be otherwise? For every Frodo, there is a Gandalf . . . and a Saruman. For every Dorothy, a Glinda . . . and a Wicked Witch of the West. What would Harry Potter be without Albus Dumbledore . . . and Severus Snape? Figures of wisdom and power, possessing arcane, often forbidden knowledge, wizards and sorcerers are shaped—or misshaped—by the potent magic they seek to wield. Yet though their abilities may be godlike, these men and women remain human—some might say all too human. Such is their curse. And their glory. In these pages, seventeen of today's top fantasy writers—including award-winners Elizabeth Bear, John Crowley, Kate Elliott, K. J. Parker, Tim Powers, and Liz Williams—cast wondrous spells that thrillingly evoke the mysterious, awesome, and at times downright terrifying worlds where magic reigns supreme: worlds as far away as forever, and as near as next door. **FEATURING SIXTEEN ALL-NEW STORIES:** "The Return of the Pig" by K. J. Parker "Community Service" by Megan Lindholm "Flint and Mirror" by John Crowley "The Friends of Masquelayne the Incomparable" by Matthew Hughes "The Biography of a Bouncing Boy Terror: Chapter Two: Jumping Jack in Love" by Ysabeau S. Wilce "Song of Fire" by Rachel Pollack "Loft the Sorcerer" by Eleanor Arnason "The Governor" by Tim Powers "Sungrazer" by Liz Williams "The Staff in the Stone" by Garth Nix "No Work of Mine" by Elizabeth Bear "Widow Maker" by Lavie Tidhar "The Wolf and the Manticore" by Greg Van Eekhout "The Devil's Whatever" by Andy Duncan "Bloom" by Kate Elliott "The Fall and Rise of the House of the Wizard Malkuril" by Scott Lynch Plus George R. R. Martin's classic story "A Night at the Tarn House" and an introduction by Gardner Dozois Praise for *The Book of Magic* "In *The Book of Magic*, you get everything you expect and more! Assembling seventeen great authors in one place is a difficult job but this book, with a lot of help from editor Gardner Dozois, does just that. . . . This compilation is a treat for any who love a good fantasy tale."—Geeks of Doom

Finding Magic Sally Quinn, 2017-09-12 The author, journalist, television commentator, and longtime Washington insider reflects on the spiritual quest that has brought deeper meaning to her life—and kept her grounded within the high-powered political world of Washington, D.C.'s elite—her renowned writing career, her celebrity marriage, and her legendary role as doyenne of the capital's social scene. In this emotionally involving, illuminating memoir, the legendary Washington Post journalist, and author talks candidly about her life at the white-hot center of power and the surprising spiritual quest that has driven her for more than half a century. While working as a reporter, caring for a learning-disabled son with her husband, longtime Washington Post executive editor Benjamin Bradlee, reigning over the capital's social scene, and remaining intimately connected with national politics, Sally Quinn yearned to understand what truly made the world—and her life—tick. After years of searching, most of which occurring in the secular capital of the world, she came to realize that the time she spent with friends and family—the evenings of shared hospitality and intimate fellowship—provided spiritual nourishment and that this theme has been woven into all the most important moments of her life. In this spiritual memoir, Quinn speaks frankly about her varied, provocative spiritual experiences—from her Southern family of Presbyterians and psychics, to voodoo lessons from her Baptist nanny, her trials as a hospitalized military kid in Japan as the Korean War begins, to her adventures as a Post reporter and columnist and her experience as one of the first female news anchors on national television; her battles with the Nixon administration, Watergate, and other scandals that have rocked the nation; her courtship and long marriage to one of the most authoritative figures in the media; her role as the capital's most influential hostess; and her growing fascination with religious issues. This fascination led to her pioneering work in creating the most visited religious site on the web, OnFaith.co, where she reports on the unseen driving force of American life. Throughout this radiant, thoughtful, and surprisingly intimate memoir, Quinn reveals how it's all magic—the many forms of what draws us together and provides meaning to all we do. Her roller coaster and irreverent but surprisingly spiritual story allows us to see how the infinite wonder of God and the values of meaningful conversation, experience, and community are available to us all. Finding Magic includes 16 pages of exclusive photographs.

**High Magic** U. D. (Frater), Frater U.:D.:, 2005 Of course, Magic is Magic wherever. But Ceremonial Magic - with or without a k ending - is perceived as largely European in origin and practice. The Golden Dawn, Aurum Solis, O.T.O were European and even AMORC, B.O.T.A., G.B.G. were mostly European inspired. As valid as these esoteric orders were and are, they are at best schools and the knowledge taught is now widely available. What is key is not the knowledge but the self-accomplishment that comes only through personal experience (otherwise known as 'self-initiation'). The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or

Magical Trance. It is a ''technology'' and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art as well. And, what for? Not to perform tricks or miracles. Not to wear fancy robes and chant barbarous words. Not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: Who am I? Where did I come from? Where am I going? High Magic is an active program for self-discovery and Self-Realization. This book by a famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed (as must be all real learning); the book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic, Ritual Magic, Elemental Magic, the Greater Ritual of the Pentagram, Planetary Magic, the Hexagram Ritual, Mantra Meditation, the Magical Gaze, Magical Trance, the Pan Ritual, Money Magic, Talisman Magic, Moon Magic, Chaos Magic and Cyber Magic. In each case, practice is used to instruct - nothing is presented as ''theory only.'' You will find everything analyzed, explained and justified with refreshing and truly uncommon common sense! The author fully dispels the myths and subterfuges of archaic magical orders and explores the role of the Unconscious Mind, the issues of Religion and Mysticism, the nature of High and Low Magic, the function of Myth and the role of Drama in Ritual, the Magical Nature of Reality and Magical Perception, Dream Work in relation to Magical Training, the Magical Imagination and training for Visualization, Psychic Protection, Invocation and Evocation, the Calling and Movement of Energies, Charging, Paradigm Shifting, what is really means ''to Keep Silent, '' the power of Intention & definition of Magical Goals, the ritual use of Symbols and Gestures, the power of Words, the Magician's Universe, the magical pronunciation of Hebrew Letters, the Magician's Tools, Mantric Sigils, the IAO formula, and much more. High Magic is as central to Western culture as are science, technology, the rule of law, democracy and the entrepreneurial economy. Its practice and application should be part of your daily life starting now.

**Grimoires** Owen Davies, 2010-09-23 What is a grimoire? The word has a familiar ring to many people, particularly as a consequence of such popular television dramas as Buffy the Vampire Slayer and Charmed. But few people are sure exactly what it means. Put simply, grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia. At their most benign, they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil. But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and, worst of all, to call up and make a pact with the Devil. Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day. But the grimoire represents much more than just magic. To understand the history of grimoires is to understand the spread of Christianity, the development of early science, the cultural influence of the print revolution, the growth of literacy, the impact of colonialism, and the expansion of western cultures across the oceans. As this book richly demonstrates, the history of grimoires illuminates many of the most important developments in European history over the last two thousand years.
