Down Street, Saint Thomas and Beyond Eric E. Dawson ESQ., 2011-11-17
Virtually nothing has ever been written about life in Down Street while much has been written about Up Street St. Thomas because government and business offices were and still are dominant in that area of the town. Much took place in the Down Street area, especially in the distillation of rum which brought millions of federal tax revenue into the Treasury of the Government of the Virgin Islands. The first ever luxury hotel in the territory was built in Estate John Dunko, below Down Street and employed over 200 persons during its construction period and generated a \$7000 weekly payroll. There are many professional persons who hail from the area.

Pittsburgh Steps Bob Regan,2015-09-01 Today the City of Pittsburgh has more municipal inclines than any other U.S. city and more city steps and bridges than any other city in the world. Undoubtedly the most unique of these transportation solutions is the city steps. Pittsburgh has hundreds of streets complete with street signs, and often times houses, that are composed entirely of steps.Pittsburgh Steps is part historical record for the armchair climber and part guided for active step trekkers.
