*Studio* Sally Coulthard, 2017-03-16 Discover what kind of stunning spaces for creative work you can build in your own home no matter your budget with this inspirational DIY guide. Art, craft and all things homemade have never been more popular and the trend for working from home continues apace. But it can be tricky to carve out a space in your house that lets you indulge your passion or earn a living from your creativity. Studio and study spaces are special places—full of creative spirit and practical potential—and there's never been a greater demand for a book that shows you how to carve out a corner that allows you to not only practice your craft, but inspires and facilitates the very work you create. Real-life case studies from seven different countries, ranging from crafters, writers, designers and artists, show readers just what can be achieved on every budget. Many of the studio owners featured have a dedicated and ever-expanding social media following, including fashion designers Kiel James Patrick and Sarah Vickers, woodworker Ariele Alasko, designer Sarah Sherman Samuel, fine artist Lisa Congdon and decor blogger Holly Becker. Detailed chapters outline the vital pieces needed to create a functioning and inspirational studio space, while also taking an in-depth look into different styles of studios for craft and creative activities. With *Studio*, Sally Coulthard shows you that spaces for creativity can be easy to make, look beautiful, and fitted into any home. Praise for *Studio* "A visual feast of a sourcebook . . . features real-life home offices

to inspire even the most spatially challenged of us.” –Fabric magazine “A fantastic and inspiring volume.” –Holly Becker “A lovely peek into lots of different creative studios, from potters to knitters, textile designers to fine artist, and every one is a delight.” –The Women’s Room “Working from home has never been so stylish.” –Ham & High

*Wordplay and the Discourse of Video Games* Christopher A. Paul, 2012-03-15 In this timely new book, Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming by focusing on how games create meaning, lead to identification and division, persuade, and circulate ideas. Paul examines the broader social discourse about gaming, including: the way players are socialized into games; the impact of the lingering association of video games as kid's toys; the dynamics within specific games (including Grand Theft Auto and EA Sports Games); and the ways in which players participate in shaping the discourse of games, demonstrated through examples like the reward system of World of Warcraft and the development of theorycraft. Overall, this book illustrates how video games are shaped by words, design and play; all of which are negotiated, ongoing practices among the designers, players, and society that construct the discourse of video games.

*Lloyd's Register of Shipping 1779* Lloyd's Register Foundation, 1779-01-01 The Lloyd's Register of Ships records the details of merchant vessels over 100 gross tonnes, which are self propelled and sea-going, regardless of

classification. Before the time, only those vessels classed by Lloyd's Register were listed. Vessels are listed alphabetically by their current name.

*Sally Sharp and the Corduroy Clue* Patricia Bow,2014-05-22 It's a dream job - a chance to model the fabulous outfits designed by Jones & Hewens for their new Corduroy Rose label. For Sally, Tasha and Fay, it's a way to end the summer on a high note before school begins. And it doesn't hurt a bit that head designer Peter Hewens is stunningly handsome in a dark and brooding style. But a shadow has marred the glamour. A guest was killed during one of the showings at wealthy homes, and a series of thefts may be linked to the murder. And then Peter's young sister Valerie vanishes, leaving signs that convince the police of her guilt. Before she ran away she asked Sally Sharp for help, but never had a chance to say why she was afraid. At 17, Sally is already well known as a problem-solver. Suspecting that Val was set up, she takes the case. It pits Sally, Tasha and Fay against the police, against Peter - who bafflingly refuses to cooperate - and against a pair of vengeful teens who mean to bring Sally to a permanent and very unglamorous end.

**Learning to Fall** Sally Engelfried,2022-09-06 Twelve-year-old Daphne

reconciles with her father, who left her stranded three years ago, and learns forgiveness one fall at a time in this heartwarming debut by Sally Engelfried. For fans of *The First Rule of Punk*. Daphne doesn't want to be stuck in Oakland with her dad. She wants to get on the first plane to Prague, where her mom is shooting a movie. Armed with her grandparents' phone number and strict instructions from her mom to call them if her dad starts drinking again, Daphne has no problem being cold to him. But there's one thing Daphne can't keep herself from doing: joining her dad and her new friend Arlo at a weekly skate session. When her dad promises to teach her how to ollie and she lands the trick, Daphne starts to believe in him again. He starts to show up for her, and Daphne learns things are not as black and white with her dad as she used to think. The way Daphne's dad tells it, skating is all about accepting failure and moving on. But can Daphne really let go of her dad's past mistakes? Either way life is a lot like skating: it's all about getting back up after you fall.
