Overcoming School Refusal Joanne Garfi,2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Shadow Planet William Shatner,2003-11-25 The scum of the galaxy are the last hope of humankind . . . Aboard the stolen, renamed starship Endeavor, the Stone Cowboys rocket across the heavens toward a confrontation they cannot avoid . . . and, most likely, will not survive. But first, Jim Endicott must mold the street-hardened gang of thugs and hoodlums into a disciplined commando unit. Once harboring dreams of joining the Space Academy, Endicott has already altered one past using the astonishing powers of Omega. And now the untried captain and his misfit crew must take on a powerful alien race devoted to the obliteration of the human cancer. With tension, unrest, and mutiny brewing dangerously all around him, Endicott faces the deadliest challenge he has ever known. Because the cutthroats riding the Endeavor into the enemy's turf for a war to the death are the only champions courageous -- and foolhardy -- enough for the mission. And they have nothing in the universe left to lose . . .

Bluegrass Unlimited ,2000

Essentials of Business Communication Mary Ellen Guffey,2004 This text-workbook is a streamlined, no-nonsense approach to business communication. It takes a three-in-one approach: (1) text, (2) practical workbook, and (3) self-teaching grammar/mechanics handbook. The chapters reinforce basic writing skills, then apply these skills to a variety of memos, letters, reports, and resumes. This new edition features increased coverage of contemporary business communication issues including oral communication, electronic forms of communication, diversity and ethics.

The Scourges of Heaven David Dick,2014-10-17 A historical novel of prejudice and plague, *The Scourges of Heaven* sweeps gracefully, joyfully, painfully across centuries and generations. Through Cynthia Anne Ferguson, orphaned aboard a vessel carrying immigrants, hopes, dreams, and cholera from the Old World to the New, David Dick paints a world where the causes of disease are little understood, where faith is not always a comfort, where human questioning often goes unanswered, and where unexpected death is frequently attributed to the wrath of an angry God. Cynthia's story unfolds in the midst of the first of four great cholera epidemics to sweep America in the mid-nineteenth century, and her journey through life, from New

Orleans up the Mississippi and Ohio rivers and across the Bluegrass to Lexington, parallels the track followed by the deadly scourge. More powerfully told than any factual, statistical, or scientific account could ever manage, yet based upon historical events, this tale of disease, ignorance, and narrow-mindedness is supported by a central theme of hope that ultimately brings redemption.

Haines San Francisco City & Suburban Criss-cross Directory ,2010

Hiding from Reality Taylor Armstrong,2012-02-07 NOT EVERY FAIRY TALE HAS A HAPPY ENDING. . . . Reality hit Taylor Armstrong hard one tragic evening last August when she found the body of her estranged husband, Russell, hanging in his California home. Fans across the country were shocked at the horrific news of his death and even more shocked to discover that behind the glittering “reality” of Taylor’s life on The Real Housewives of Beverly Hills lurked a painful story of emotional and physical abuse that she had been terrified to tell. An estimated 80 percent of domestic abuse victims remain silent, suffocated by fear and relentless self-doubt. For Taylor, it was the threat of financial ruin and finding herself alone with her young daughter that kept her tethered to her volatile husband. But after a ferocious roundhouse punch from Russell fractured her face, resulting in reconstructive surgery, she finally made the brave decision to walk away from a man she loved and a legacy of physical abuse that she first encountered as a child and that haunted her throughout her adulthood. To the outside world, the Armstrongs lived like royalty, throwing lavish parties—including a memorable tea party for their daughter’s fourth birthday—and mingling with their privileged Housewives co-stars. It was impossible to hide the cracks in their marriage from the cameras forever, though, and their darkest secrets slowly began to seep through the gilded façade. With searing honesty, Taylor candidly examines her difficult journey from the abusive home in which she was born to the low self-esteem that kept her constantly on the run from herself, to the tumultuous marriage that ended in suicide, and ultimately to her realization that only by sharing her moving story could she help other women. *** “The terrible truth is that I felt lost without the control that Russell had imposed on me for the nearly six years that we were married. Disturbingly, I missed that control. I didn’t know what to do once I had no one there to tell me how to dress, act, and behave; what to want; and who, even, to be. In some ways, I missed the abuse. I missed the pain. I missed being scared. Not because I liked feeling any of that. But because it was the life I had become accustomed to, and without anyone to be afraid of, to apologize to, and to cover for, I felt completely lost.” —TAYLOR ARMSTRONG

Making Money Matter G. Benjamin Bingham,2015-04-07 The way we think about money has extraordinary impact. This book satisfies the growing longing for a financial overview that can provide practical advice and demonstrate how money is a social tool. Making Money Matter introduces the reader to common money mistakes, and the dysfunctional nature of the current financial framework. Its overview of the SRI world will inspire investors to push their advisors’ envelope while providing new strategies to meet the demand for positive impact. It provides a philosophical basis for transforming our view of money from an end unto itself to a means to change the world for the better. This book traces the author's journey from early financial innocence to an appreciation of how money works and how it can be transformed. People who care about the planet and society at large need a bridge from deeply felt values to practical understanding and advice that will lead to a new money paradigm. This new approach covers all aspects of money from everyday transactions to high impact investment options. It describes a new investment paradigm that will support both reasonable returns and long-term societal and planetary health. Socially Responsible Investing (SRI) is well established for smaller scale investors in the public space and impact investing for accredited and qualified investors is taking hold in the private-space. Readers want more than flat definitions, and need an inclusive overview that can inspire investors on all levels to move the trillions required for addressing the world’s many dire problems. This book’s unique contribution is a personal, practical and holistic approach to socially conscious investing, which engages the reader in a way that is both healing and empowering. Making Money Matter is designed for mass appeal. First, its biographical, true-confessions format introduces the reader to common

money mistakes made by the author, while personalizing the dysfunctional nature of the current financial framework. Secondly, its personalized overview of the countermovement of socially-conscious investment options is designed to inspire investors to push their advisors' advice-envelope while providing investment managers with practical new strategies to meet the burgeoning demand for positive impact. Finally, this book provides a philosophical basis for the new money paradigm that shows how to transform our view of money from an end unto itself to a means to change the world for the better. This book is aimed at people who are concerned about Wall Street, banking and our current monetary and finance system, average investors, businessmen, progressives, libertarians or fiscal conservatives. However it should be of particular interest to investment professionals looking for new ways of meeting their clients' needs. Investment managers and consultants need to be educated about this space. This book should be as popular among family office associations as the Chartered Financial Analysts Association. But this book's ultimate goal is to provide inspiration to all levels of investors. Everyone uses money, and the way we think about money has more impact than all the impact investments put together. This thinking needs to change. Just as consumers drove the growth of the local and organic movements, investors will drive the new money paradigm. This may help anyone to begin to think about the real bottom line of every transaction, which is the impact of our actions on the planet - including all living beings that inhabit it.

Tappi Journal ,1987

Pissarro's People Richard R. Brettell,2011 KEYNOTE: This definitive portrait of Camille Pissarro by one of the world's foremost authorities on Impressionism and French painting reveals the deep connection between Pissarro's humanitarian concerns and his creative output. Throughout his career, the Impressionist artist Camille Pissarro produced a vast oeuvre of paintings, drawings, and prints inspired by his fascination with and commitment to politics. Many of these works reflect the tensions between his anarchist ideals and the realities of life in a capitalist society; however, most examinations of Pissarro have approached his art and politics as separate spheres. Published to accompany a major exhibition, this survey by a renowned expert on Impressionist painting offers a selection of canvases and works on paper that embody Pissarro's pictorial humanism at the highest level. Exhaustive archival study, interviews with surviving family members, and research drawn from thousands of newly discovered letters inform this rich and authoritative book. Including individual portraits of each of the family members Pissarro so often inserted into his paintings, it also examines his relationships with fellow artists, writers, neighbors, merchants, and domestic servants. The result is a refreshing and landmark reconsideration of the artist's magnificent body of work. AUTHOR: Richard R. Brettell has taught at Northwestern University, the University of Chicago, Yale University, and Harvard University, and is presently Margaret M. McDermott Distinguished Chair of Art and Aesthetic Studies at the University of Texas at Dallas. He is the author of numerous books on painting and Impressionism. ILLUSTRATIONS 275 colour illustrations

Soil Analysis Keith A. Smith,Chris E. Mullins,1991 Written for people who have some general background in soils but may not have received training in soil physics. Discusses the underlying theory, limitations, reliability, and application of current soil physical measurement methods. Reviews methods in practice, considering accuracy, measurement tim

Woosie Ian Woosnam, Edward Griffiths, 2003 One of the most powerful and popular players of his generation, Ian Woosnam is a golfing legend. His life story ranges from the struggle to earn a living in a hard-working mining community, through the highs and lows of the amateur and professional game, to becoming a household name. This is the inspiring story of this farmer's son who worked his way up to become the number one golfer in the world, but who never forgot to have fun. Few European golfers have won more professional tournaments, but Ian Woosnam's remarkable life in golf has always added up to much more than the number of strokes on his card. Aggressive on the tee, relaxed in the bar, rarely spotted in a gym, Woosnam has become a hugely popular figure in 25 years of pro golf; affectionately known as Woosie from Oswestry to Osaka, St Andrews to Sun City, Wentworth to West Palm Beach. In his autobiography he recounts the untold tales of his early years.

Business Communication Mary Ellen Guffey, Patricia Rogin, Kathleen Rhodes, 2001

The Trouser People Andrew Marshall, 2012 An unforgettable adventure story of two journeys, one hundred years apart, into the untravelled heart of Burma. Part travelogue, part history, part reportage, *The Trouser People* is an enormously appealing and vivid account of Sir George Scott, the unsung Victorian adventurer who hacked, bullied and charmed his way through uncharted jungle to help establish British colonial rule in Burma. Born in Scotland in 1851, Scott was a die-hard imperialist with a fondness for gargantuan pith helmets and a bluntness of expression that bordered on the Pythonesque. But, as Andrew Marshall discovered, he was also a writer and photographer of rare sensibility. He spent a lifetime documenting the tribes who lived in Burma's vast wilderness and is the author of *The Burman*, published in 1882 and still in print today. He also not only mapped the lawless frontiers of this geographical nowhere - the British Empire's eastern-most land border with China - but he widened the imperial goalposts in another way: he introduced football to Burma, where today it is a national obsession. Inspired by Scott's unpublished diaries, Andrew Marshall retraces the explorer's intrepid footsteps from the mouldering colonial splendour of Rangoon to the fabled royal capital of Mandalay. In the process he discovers modern Burma, a hermit nation misruled by a brutal military dictatorship, its soldiers, like the British colonialists before them, nicknamed the trouser people by the country's sarong-wearing civilians. Wonderfully observed, mordantly funny, and skilfully recounted, *The Trouser People* is an offbeat and thrilling journey through Britain's lost heritage and a powerful expose of Burma's modern tragedy. AUTHOR: Andrew Marshall is a British journalist living in Bangkok, Thailand, who specialises in Asian topics. He is co-author of *The Cult at the End of the World*, a study of the Aum Shinrikyo and is a contributor to many daily and weekly publications. SELLING POINTS: One of the most significant and revealing books on Burma published Fully revised and updated edition Includes the author's eyewitness account of the 'Saffron Revolution' of 2007 REVIEWS A witty, beautifully turned travelogue.. enlivened by Andrew Marshall's eye for the absurd -The Daily Telegraph An evocative travel book -New York Times 30 b/w photographs

At the Zoo Paul Simon, 1991 A light and tumble journey across town to the zoo can bring encounters with the honest monkeys, kindly elephants, and skeptical orangutans.
