**You Have the Right to Remain Innocent** James J. Duane, 2016 An urgent, compact manifesto that will teach you how to protect your rights, your freedom, and your future when talking to police. Law professor James J. Duane became a viral sensation thanks to a 2008 lecture outlining the reasons why you should never agree to answer questions from the police--especially if you are innocent and wish to stay out of trouble with the law. In this timely, relevant, and pragmatic new book, he expands on that presentation, offering a vigorous defense of every citizen's constitutionally protected right to avoid self-incrimination. Getting a lawyer is not only the best policy, Professor Duane argues, it's also the advice law-enforcement professionals give their own kids. Using actual case histories of innocent men and women exonerated after decades in prison because of information they voluntarily gave to police, Professor Duane demonstrates the critical importance of a constitutional right not well or widely understood by the average American. Reflecting the most recent attitudes of the Supreme Court, Professor Duane argues that it is now even easier for police to use your own words against you. This lively and informative guide explains what everyone needs to know to protect themselves and those they love.

**Police Encounters** L. D. Gillespie, 2017-10-16 THIS IS THE NEWEST VERSION OF POLICE ENCOUNTERS, PLEASE ENJOY!!! This book is written by a former investigator and was designed to give the everyday citizen critical information about their rights when dealing with law enforcement. There might be information in this book you only need to know one time, but that one time could save your life. Case laws are also included. 1) What is the difference between a frisk and a search? 2) Did you know that if you were getting patted down (frisked) by an officer and that officer starts manipulating the items in your pocket with his finger, that pat-down just became an illegal search? 3) Did you know that if that officer puts his hand in your pockets that pat-down just became an illegal search? 4) Did you know that a pat-down is to be conducted on the outer layer of your clothing? Police Encounters: Know Your Rights was designed to educate it's readers on their everyday rights. This book is written by a former Investigator, SWAT member, and Hostage Negotiator. As an Investigator I've worked: Street level narcotics and was assigned to a DEA task force (developed informants, conducted surveillance, conducted undercover operations, conducted wire taps) Property crimes (burglary and thefts) Person's crimes (aggravated assaults and violent offenses) Sexual assaults (rapes and sexual assaults against children) White collar crimes (identity thefts and frauds.) As an investigator I've worked God knows how many cases. It's sad, but many of them were crimes against children, we receive too many of those. Anyway, I drafted numerous search warrants in my career to search everything from vehicles to body cavities. I've taken thousands of arrest warrants and conducted about the same number of interviews. I've had people confess things to me from petty thefts to despicable child molestations. And I've received all the information with a straight face and the suspect thinking I was there to show them support. I can't recount how many times I conducted an interrogation and thought to myself, You need to ask for a lawyer right about now. But, my job was to extract information; so I did. I've participated in more than my share of hot pursuit chases, high risk warrant services (arrest warrant and search warrants), no-knock search warrants, and stand-offs in which I had to negotiate. With that being said, the information in this book is true and accurate with applicable case law to back it up. After each section of this book you will find numerous case laws with brief descriptions that will support what was just stated. Feel free to research the case laws and read the full scenario of what happened to bring about the case law. Also, the examples given in this book are taken from actual events so everything is true to life. Police Encounters: Know Your Rights is straight forward and very easy to understand. If you didn't know the answers to the questions asked, then you need to get this book. There is no telling how many times your civil rights have already been violated, and you didn't have the slightest idea. If you have a friend or loved one in college, this is the book for them. If you have brushes with the law, then this is the book for you. There is information in here that you didn't know about, that I guarantee. Now is the time to gain this new knowledge so that you can be mentally aware for you and those close to you. There is information in this book that you may only need to know one time, but that one time can be the difference between freedom and life in prison, or remaining a sexual assault victim or fighting back with the law. The knowledge is here, I suggest you give it a once over because I've personally sent people to prison who didn't know when to ask for a lawyer. Grant, they did the crime, but a lawyer could have helped negotiate a lighter sentence for a confession and cooperation. Don't be one of these people.

**No Fear** Robert R. Surgenor, 1999 In his eighteen years of service as a law enforcement officer, Detective Robert Surgenor has witnessed an alarming rise in defiance and a total lack of fear in America's youth. Interviewing hundreds of juvenile offenders and their families, he discovered that the majority of violent juvenile offenders come from homes where there is no spanking. Surgenor advocates the use of corporal punishment, following the wisdom of King Solomon in Proverbs 29:15, The rod and reproof give wisdom, but a child left to himself bringeth his mother to shame.

**DARE to Say No** Max Felker-Kantor, 2024-04-02 With its signature DARE to keep kids off drugs slogan and iconic t-shirts, DARE (Drug Abuse Resistance Education) was the most popular drug education program of the 1980s and 1990s. But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing. Max Felker-Kantor has assembled the first history of DARE, which began in Los Angeles in 1983 as a joint venture between the police department and the unified school district. By the mid-90s, it was taught in 75 percent of school districts across the United States. DARE received near-universal praise from parents, educators, police officers, and politicians and left an indelible stamp on many millennial memories. But the program had more nefarious ends, and Felker-Kantor complicates simplistic narratives of the War on Drugs. He shows how policing entered US schools and framed drug use as the result of personal responsibility, moral failure, and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment, the abandonment of social service provisions, and structures of social and economic inequality.

**No More Police** Mariame Kaba, Andrea J. Ritchie, 2022-08-30 An instant national best seller A persuasive primer on police abolition from two veteran organizers "One of the world's most prominent advocates, organizers and political educators of the [abolitionist] framework." —NBCNews.com on Mariame Kaba In this powerful call to action, New York Times bestselling author Mariame Kaba and attorney and organizer Andrea J. Ritchie detail why policing doesn't stop violence, instead perpetuating widespread harm; outline the many failures of contemporary police reforms; and explore demands to defund police, divest from policing, and invest in community resources to create greater safety through a Black feminist lens. Centering survivors of state, interpersonal, and community-based violence, and highlighting uprisings, campaigns, and community-based projects, No More Police makes a compelling case for a world where the tools required to prevent, interrupt, and transform violence in all its forms are abundant. Part handbook, part road map, No More Police calls on us to turn away from systems that perpetrate violence in the name of ending it toward a world where violence is the exception, and safe, well-resourced and thriving communities are the rule.

**The End of Policing** Alex S. Vitale, 2017-10-10 The massive uprising following the police killing of George Floyd in the summer of 2020--by some estimates the largest protests in US history--thrust the argument to defund the police to the forefront of international politics. It also made The End of Policing a bestseller and Alex Vitale, its author, a leading figure in the urgent public discussion over police and racial justice. As the writer Rachel Kushner put it in an article called Things I Can't Live Without, this book explains that unfortunately, no increased diversity on police forces, nor body cameras, nor better training, has made any seeming difference in reducing police killings and abuse. We need to restructure our society and put resources into communities themselves, an argument Alex Vitale makes very persuasively. The problem, Vitale demonstrates, is policing itself--the dramatic expansion of the police role over the last forty years. Drawing on first-hand research from across the globe, The End of Policing describes how the implementation of

alternatives to policing, like drug legalization, regulation, and harm reduction instead of the policing of drugs, has led to reductions in crime, spending, and injustice. This edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.

**"I Say No."** Wilkie Collins, 1884

**Say Nothing** Patrick Radden Keefe, 2019-02-26 NEW YORK TIMES BESTSELLER • Soon to be an FX limited series streaming on HULU • From the author of *Empire of Pain*—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions. Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga. —New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress—with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past—Say Nothing conjures a world of passion, betrayal, vengeance, and anguish.

**A Feminist Critique of Police Stops** Josephine Ross, 2020-12-17 A Feminist Critique of Police Stops examines the parallels between stop-and-frisk policing and sexual harassment. An expert whose writing, teaching and community outreach centers on the Constitution's limits on police power, Howard Law Professor Josephine Ross, argues that our constitutional rights are a mirage. In reality, we can't say no when police seek to question or search us. Building on feminist principles, Ross demonstrates why the Supreme Court got it wrong when it allowed police to stop, search, and sometimes strip-search people and call it consent. Using a wide range of sources - including her law students' experiences with police, news stories about Eric Garner, and Sandra Bland, social science and the work of James Baldwin - Ross sheds new light on policing. This book should be read by everyone interested in how Court-approved police stops sap everyone's constitutional rights and how this form of policing can be eliminated.

**No Lights, No Sirens** Robert Cea, 2006-07-25 When he retired from the NYPD, Cea was the fifth-most-decorated officer in the department's history. His biography explores one of a police officer's toughest dilemmas: When and how much is it necessary to bend the rules in order to catch the bad guys?

**Arrest-Proof Yourself** Dale Carson, Wes Denham, 2013-11-01 Arrest-Proof Yourself will teach you everything you need to know about dirty cops, racial profiling, probable cause, search and seizure laws, your right to remain silent, and much more. This how-not-to guide will keep you safe and sound all year long. --Zink magazine What do you say if a cop pulls you over and asks to search your car? What if he gets up in your face and uses a racial slur? What if there's a roach in the ashtray? And what if your hot-headed teenage son is at the wheel? If you read this book, you'll know exactly what to do and say. More people than ever are getting arrested—usually for petty offenses against laws that rarely used to be enforced. And because arrest information is so easily available via the Internet, just one little arrest can disqualify you from jobs, financing, and education. This eye-opening book tells you everything you need to know about how cops operate, the little things that can get you in trouble, and how to stay free from the hungry jaws of the criminal justice system. It is now updated with new and important information on the right of the police to search your car; on guns, knives, and self-defense; and on changes in surveillance methods. Dale C. Carson was an FBI field agent, a SWAT sniper, an instructor at the FBI academy, and a Miami police officer who set Florida records for felony arrests. He is currently a criminal defense attorney. Wes Denham is the author of *Arrested*.

**Lawn Boy** Jonathan Evison, 2019-03-19 Winner of the Alex Award “Mike Muñoz Is a Holden Caulfield for a New Millennium—a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America.” --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work—and just fired from his latest gig as a lawn boy on a landscaping crew—he’s smart enough to know that he’s got to be the one to shake things up if he’s ever going to change his life. But how? He’s not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what’s next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity—who just so happens to find himself along the way.

**No Justice** Robbie Tolan, Lawrence Ross, 2018-01-09 The harrowing true story of Robbie Tolan, a young black man who was shot in the chest by a white police officer . . . in his own driveway. NO JUSTICE is the harrowing story of Robbie Tolan, who early on one New Year's Eve morning, found himself being rushed to the hospital. A white police officer had shot him in the chest after mistakenly accusing him of stealing his own car...while in his own driveway. In a journey that took nearly a decade, Tolan and his family saw his case go before the United States Supreme Court in a groundbreaking decision, while Tolan struggled with how to put his life back together. Holding him together through this journey was the strength of his mother and father, his faith in God, and an impenetrable belief that he deserved justice like any other American who'd been wronged. NO JUSTICE is the story about what happened after the cameras and social media protests went away. Robbie Tolan was left with the physical and mental devastation from having his body violated by someone who was supposed to serve and protect him. His story reminds us that police brutality is not a theoretical talking point in a larger nationwide argument. This story is about Robbie Tolan courageously picking up the pieces of his life, even as he fights for justice for all.

**The War on Cops** Heather Mac Donald, 2016-06-21 Violent crime has been rising sharply in many American cities after two decades of decline. Homicides jumped nearly 17 percent in 2015 in the largest 50 cities, the biggest one-year increase since 1993. The reason is what Heather Mac Donald first identified nationally as the “Ferguson effect”: Since the 2014 police shooting death of Michael Brown in

Ferguson, Missouri, officers have been backing off of proactive policing, and criminals are becoming emboldened. This book expands on Mac Donald’s groundbreaking and controversial reporting on the Ferguson effect and the criminal-justice system. It deconstructs the central narrative of the Black Lives Matter movement: that racist cops are the greatest threat to young black males. On the contrary, it is criminals and gangbangers who are responsible for the high black homicide death rate. The War on Cops exposes the truth about officer use of force and explodes the conceit of “mass incarceration.” A rigorous analysis of data shows that crime, not race, drives police actions and prison rates. The growth of proactive policing in the 1990s, along with lengthened sentences for violent crime, saved thousands of minority lives. In fact, Mac Donald argues, no government agency is more dedicated to the proposition that “black lives matter” than today’s data-driven, accountable police department. Mac Donald gives voice to the many residents of high-crime neighborhoods who want proactive policing. She warns that race-based attacks on the criminal-justice system, from the White House on down, are eroding the authority of law and putting lives at risk. This book is a call for a more honest and informed debate about policing, crime, and race.

**The Truth Divided** Nakia Jones,2018-04-20 The Truth Divided is about Officer Nakia Jones who became known to many after her passionate Facebook post went viral in June of 2016 after the death of Alton Sterling an African American male shot to death by Police in Baton Rouge Louisiana. Officer Jones stepped outside of her uniform and in to her role of a mother of two African American sons, who reacts when her oldest son expresses to her the fear he has of some of the men and women who wear the same uniform she does. The words that would pierce the heart of any mother, and the words that no mother should ever hear her child say regardless of color. He asked, “Will I be the next African American male to be killed by police?” Within in the first 24 hours of her compassionate video it had been shared over 100 thousand times and viewed over 2 million times. Officer Nakia Jones became a hashtag and her powerful words “If you are white and you are working in an African American community and you dislike or are afraid of people who don’t look like you, you have no business in that uniform take it off”, this is still being shared today. Officer Jones also defended good Police Officers like her that she says would give their lives freely to protect their community from harm, she also told the community that all Police Officers are not racist or bad. Officer Jones takes you on her journey in this book touching on her life and why she decided to become a law enforcement officer as well answering the questions asked by many, what happened after the video? This book also tells Officer Jones’s desperate plea to the African American Community to stop killing one another, and the humble plea to the community not to target law enforcement officer. Most importantly you will get to see both sides of this heated topic that is shaking the nation from someone who lives both sides. Why the Truth Divided? Many say the truth will set you free. After reading this compelling book you be the judge.

**Invisible No More** Andrea J. Ritchie,2017-08-01 “A passionate, incisive critique of the many ways in which women and girls of color are systematically erased or marginalized in discussions of police violence.” —Michelle Alexander, author of The New Jim Crow Invisible No More is a timely examination of how Black women, Indigenous women, and women of color experience racial profiling, police brutality, and immigration enforcement. By placing the individual stories of Sandra Bland, Rekia Boyd, Dajerria Becton, Monica Jones, and Mya Hall in the broader context of the twin epidemics of police violence and mass incarceration, Andrea Ritchie documents the evolution of movements centered around women’s experiences of policing. Featuring a powerful forward by activist Angela Davis, Invisible No More is an essential exposé on police violence against WOC that demands a radical rethinking of our visions of safety—and the means we devote to achieving it.

It also addresses such topics as community policing, use of force, racial profiling, and evaluates the success of common police techniques, such as focusing on crime hot spots.
