The Indy Car Wars Sigur E. Whitaker,2015-10-08 The world of Champ Car auto racing was changing in the 1970s. As cars became more sophisticated, the cost of supporting a team had skyrocketed, making things difficult for team owners. In an effort to increase purses paid by racing promoters and win lucrative television contracts, a group of owners formed Championship Auto Racing Teams (CART) in 1978. Soon after, CART split from its sanctioning body, the United States Auto Club (USAC). Though Champ Cars ran on numerous tracks, the Indianapolis 500 was the payday that supported most teams through the season. From the beginning, CART had most of the successful teams and popular drivers, and they focused on driving a wedge between the track owners and the USAC. Over the next 30 years, the tension between CART and USAC ebbed and flowed until all parties realized that reunification was needed for the sake of the sport. This book details the fight over control of Champ Car racing before reunification in 2008.

The Late Great Creature Brock Brower,2011-10-05 “A lost classic . . . the history of a horror-film star and a treatise on human frailty . . . is back to be savored and marveled at anew” (James Ellroy, New York Times—bestselling author of the Lloyd Hopkins Trilogy). Simon Moro, a sixty-eight-year-old star, is making his last picture, a low-budget remake of Edgar Allan Poe’s The Raven. Moro, infuriated by the bland horror movies of his day, sees his own career—even as it ends—as an ongoing effort to wallop the public with an overwhelming moral shock. And he succeeds when an elaborate publicity stunt turns into a gruesome and grand personal statement. As Moro’s life reels toward its macabre end, it also reels backward through lies and evasions to show its surprising beginning. Underneath his Frankensteinian exaggeration, Moro has a vivid and humane story to tell, even as the coffins break open and dark, erotic secrets are revealed. Brock Brower has taken the horror film in all its gory glory to create a book that recycles pop material into literature, creating a Dickensian tale of America. “A wonderful book . . . Like a circus with several brilliant performances going on at the same time . . . A real breaking through. I don’t think anybody ever again will be able to dabble politely in mixing ‘real life’ and fiction.” —Joan Didion, New York Times—bestselling author of Slouching Towards Bethlehem “The way the book skewers society’s obsession with celebrity culture is even more valid today than when it was written, proving that great art stands the test of time.” —Forbes “A cult novel that amounts to a loving satiric tribute to cinema schlockmeister Roger Corman.” —New York Post

A Chronicle of Echoes Mercedes K. Schneider,2014-04-01 Corporate reform is not reform at all. Instead, it is the systematic destruction of the foundational American institution of public education. The primary motivation behind this destruction is greed. Public education in America is worth almost a trillion dollars a year. Whereas American public education is a democratic institution, its destruction is being choreographed by a few wealthy, well-positioned individuals and organizations. This book investigates and exposes the handful of people and institutions that are often working together to become the driving force behind destroying the community public school.

The Palgrave Handbook of Ageing and Physical Activity Promotion Samuel R. Nyman,Anna Barker,Terry Haines,Khim Horton,Charles Musselwhite,Geeske Peeters,Christina R. Victor,Julia Katharina Wolff,2018-03-31 The ageing of our population is a key societal issue across the globe. Although people are living longer, they need to be living longer in good health to continue to enjoy quality of life and independence and to prevent rises in health and social care costs. This timely and ground-breaking volume will provide an up-to-date overview of the factors that promote physical activity in later life. Despite advances in the fields of gerontology and geriatrics, sports and exercise science, sociology, health psychology, and public health, knowledge is largely contained within disciplines as reflected in the current provision of academic texts on this subject. To truly address the present and substantial societal challenges of population ageing, a multidisciplinary and collaborative approach is required. This handbook will inform researchers, students, and practitioners on the current evidence base for what physical activities need to be promoted among older people and how they can be implemented to maximise engagement. This handbook will be an invaluable resource for researchers, practitioners, policy makers, and students across the social sciences.

The Voyage of the Cormorant Christian Beamish,2013-10-06 Christian Beamish, a former editor at The Surfer’s Journal, envisioned a low-tech, self-reliant exploration for surf along the coast of North America, using primarily clothes and instruments available to his ancestors, and the 18-foot boat he would build by hand in his garage. How the vision met reality – and how the two came to shape each other – places Voyage of the Cormorant in the great American tradition of tales of life at sea, and what it has to teach us.

The Santa Barbara B-24 Disasters Robert A. Burtness,2012 Three separate and related tragedies occurred during and after a training run of a B-24 Liberator on July 4, 1943, over the Pacific off Santa Barbara County: The heavy bomber crashed near Santa Barbara and two of the crew were never found, another B-24 search-and-rescue crew looking for survivors off the coast never returned at all and was found later to have crashed on San Miguel Island, killing all 12 aboard, and the Air Force investigators of that accident, years later, in 1954, coming to the island in a Coast Guard cutter, hit a yacht, killing two more people. Author Robert A. Burtness takes you inside these somber stories with recorded first-hand accounts and vintage images.

Separation of Powers in African Constitutionalism Charles M. Fombad,2016-03-03 The new series Stellenbosch Handbooks in African Constitutional Law will engage with contemporary issues of constitutionalism in Africa, filling a notable gap in African comparative constitutional law. Separation of Powers in African Constitutionalism is the first in the series, examining one of the critical measures introduced by African constitutional designers in their attempts to entrench an ethos of constitutionalism on the continent. Taking a critical look at the different ways in which attempts have been made to separate the different branches of government, the Handbook examines the impact this is having on transparent and accountable governance. Beginning with an overview of constitutionalism in Africa and the different influences on modern African constitutional developments, it looks at the relationship between the legislature and the executive as well as the relationship between the judiciary and the political branches. Despite differences in approaches between the different constitutional cultures that have influenced developments in Africa, there remain common problems. One of these problems is the constant friction in the relationship between the three branches and the resurgent threats of authoritarianism which clearly suggest that there remain serious problems in both constitutional design and implementation. The book also studies the increasing role being played by independent constitutional institutions and how they complement the checks and balances associated with the traditional three branches of government.

Deeply Divided Doug McAdam,Karina Kloos,2014-08-18 By many measures--commonsensical or statistical--the United States has not been more divided politically or economically in the last hundred years than it is now. How have we gone from the striking bipartisan cooperation and relative economic equality of the war years and post-war period to the extreme inequality and savage partisan divisions of today? In this sweeping look at American politics from the Depression to the present, Doug McAdam and Karina Kloos argue that party politics alone is not responsible for the mess we find ourselves in. Instead, it was the ongoing interaction of social movements and parties that, over time, pushed Democrats and Republicans toward their ideological margins, undermining the post-war consensus in the process. The Civil Rights struggle and the white backlash it provoked reintroduced the centrifugal force of social movements into American politics, ushering in an especially active and sustained period of movement/party dynamism, culminating in today's tug of war between the Tea Party and Republican establishment for control of the GOP. In Deeply Divided, McAdam and Kloos depart from established explanations of the conservative turn in the United States and trace the roots of political polarization and economic inequality back to the shifting racial geography of American politics in the 1960s. Angered by Lyndon Johnson's more aggressive embrace of civil rights reform in 1964, Southern Dixiecrats abandoned the Democrats for the first time in history, setting in motion a sustained regional realignment that would, in time, serve as the electoral foundation for a resurgent and increasingly more conservative Republican Party.

Hiking and Backpacking Santa Barbara and Ventura Craig R. Carey,2018-10-05 Named for the Spanish padres who established a network of missions along California's southern and central coasts, the Los Padres National Forest is the second-largest National Forest in the state, encompassing approximately 1,950,000 acres - nearly half of which is federally-designated wilderness. Hiking and Backpacking Santa Barbara and Ventura fills a huge gap in coverage of this great hiking and backpacking destination, leading the reader through the varied terrain of the forest's southern districts, from the fern-clad grottoes of the Santa Barbara frontcountry to the sweeping vistas and granite-clad ridges of the Chumash Wilderness.No other guide covers the region in such detail, and not since Dennis Gagnon's near-legendary guides in the 70s and 80s has the Santa Barbara (and Ventura) backcountry been given the guidebook treatment ... but this book goes even further. Every official trail (and many use trails) in the Santa Barbara, Ojai, and Mt. Pinos districts are covered here, including those in the southern San Rafael Wilderness, Dick Smith Wilderness, Matilija Wilderness, Sespe Wilderness, Chumash Wilderness, the Santa Ynez Recreation Area, Rose Valley, the Santa Barbara and Montecito frontcountry, the Ojai frontcountry, and the Santa Paula/Fillmore frontcountry.
