Lion City Ng Yi-Sheng, 2018 A man learns that all the animals at the Zoo are robots. A secret terminal in Changi Airport caters to the gods. A prince falls in love with a crocodile. A concubine is lost in time. The island of Singapore disappears. These are the exquisitely strange tales of Lion City, the first collection of short fiction by award-winning poet and playwright Ng Yi-Sheng. Infused with myth, magical realism and contemporary sci-fi, each of these tales invites the reader to see this city-state in a new and darkly fabulous light. Reader Reviews: Being a big of science fiction and not much of a fan of Singapore, I see Ng Yi-Sheng's collection of short stories in Lion City as the perfect publication for me. He's done amazingly well at capturing the imagination of this 22nd Century Neo-Taoist! –Seelan Palay, artist, in My Book of the Year 2018, Singapore Unbound This collection takes apart the tropes trumpeted ad infinitum about Singapore - the Lion City, gone from fishing village to having great food and a world-class airport - and reveals the magic of myth that underpins them all. The stories, with their subtle explorations of colonialism, capitalism and alienation, are delightful and discomfiting in equal measure. [...] Ng shows not just keen awareness of the existing canons of genre, but a blithe faith that Singapore belongs in these canons. This clever, colourful collection certainly makes a good case for that. –Olivia Ho, Straits Times

Hidden History of Transportation in Los Angeles Charles P. Hobbs, 2014-11-04 Los Angeles transportation's epic scale--its iconic freeways, Union Station, Los Angeles International Airport and the giant ports of its shores--has obscured many offbeat transit stories of moxie and eccentricity. Triumphs such as the Vincent Thomas Bridge and Mac Barnes's Ground Link buspool have existed alongside such flops as the Santa Monica Freeway Diamond Lane and the Oxnard-Los Angeles Caltrain commuter rail. The City of Angels lacks a propeller-driven monorail and a freeway in the paved bed of the Los Angeles River, but not for a lack of public promoters. Horace Dobbins built the elevated California Cycleway in Pasadena, and Mike Kadletz deployed the Pink Buses for Orange County kids hitchhiking to the beach. Join Charles P. Hobbs as he recalls these and other lost episodes of LA-area transportation lore.

66 Love Letters Larry Crabb, 2011-05-09 Forever change the way you look at the Bible . . . and your own life Have you ever read the Bible only to come away confused? Ever wondered if God actually had you in mind when He began telling His story? Though life may not be going according to your plan, God has another one, far better than you can imagine. From Genesis to Revelation, experience His invitation to get you dancing with joy. In 66 Love Letters Larry Crabb offers a fresh, relational look at Scripture: "When you finish reading my first love letter to you, I want you to realize that I never underestimated how thoroughly you'd mess up your life or how painfully you would struggle and suffer, and I don't want you to underestimate your failures or struggles either. They're all part of the story I'm telling. "But neither have I underestimated my determination or ability to enter both the mess you've made and the pain you feel, then turn everything around. I can, and I will, make everything good again. Never underestimate me." Larry's intimate conversation with God asks deeply honest questions such as: "God, what is it you wanted me to see in Obadiah?" "And what's up with Leviticus? Is there anything there for me?" "This one verse in Galatians has always frustrated me. Why is that?" "The way you wrote Revelation makes it difficult to understand-why didn't you just describe what will happen in a straightforward way?" Listen to the story of God unfold through these chapters, and you'll find not only His redeeming love but His plan and provision designed especially for you.
