Amazing South Carolina ,2020-05-12 Amazing South Carolina: A Coloring Book Journey Through Our 46 Counties is a delightful, one-of-a-kind book designed to engage youngsters and adult coloring book enthusiasts in learning about the unique character of our nation's eighth state. Every county in South Carolina is featured with an appealing illustration of its iconic and lesser-known sites--historical, geographical, topographical, industrial and commercial, and more. Companion text identifies and provides context for the pictured elements. The book provides a comprehensive educational snapshot of all that is special about the Palmetto State. From the colonial plantations of the Upstate to the picturesque marshes of the Lowcountry and the lazy Edisto River meandering its way through the state; from big cities like Columbia and Greenville to the vibrant coastal communities of Charleston and Beaufort, South Carolina is as beautiful and historic as it is diverse. Amazing South Carolina highlights that diversity and celebrates some of Laura Murray's favorite discoveries around the state.

The Palmetto State Jack Bass, W. Scott Poole, 2012-08-01 From the Publisher: As South Carolina enters into the fourth century of its storied existence, the state's captivating, colorful, and controversial history continues to warrant fresh explorations. In this sweeping story of defining episodes in the state's history, accomplished Southern historians Jack Bass and W. Scott Poole trace the key importance of race relations, historical memory, and cultural life in the progress of the Palmetto State from its colonial inception to its present incarnation. The authors bring a strong emphasis on the modern era to their briskly paced narrative, which advances work begun by Bass in his germinal investigation *Porgy Comes Home: South Carolina after Three Hundred Years* to further our understanding of the state as it now exists. Bass and Poole focus on

three central themes-divisions of race and class, adherence to historical memory, and the interconnected strands of economic, social, and political flux-as they illustrate how these threads manifest themselves time and again across the rich tapestry of the South Carolina experience. The authors explore the centrality of race relations, both subtle and direct, in the state's development from the first settlement of Charles Towne to the contemporary political and economic landscape. The tragic histories of slavery and segregation and the struggles to end each in its era have defined much of the state's legacy. The authors argue that conflicts over race continue to influence historical memory in the state, most especially in still-evolving memories-nostalgic for some and ignominious for others-of the Civil War and Reconstruction eras. And they find throughout the state's history a strong role for religion in shaping reaction to changing circumstances. In the discussion of contemporary South Carolina that makes up the majority of this volume, the authors delineate the state's remarkable transformation in the mid-twentieth century, during which a combination of powerful elements blended together through a dynamism fueled by the twin forces of continuity and change. Bass and Poole map the ways through which hard-won economic and civil rights advancements, a succession of progressive state leaders, and federal court mandates operated in tandem to bring a largely peaceful end to the Jim Crow era in South Carolina, in stark contrast to the violence wrought elsewhere in the South.

Colonial and Revolutionary History of Upper South Carolina John Belton O'Neill Landrum, 1897
Filled with local stories and dramatic scenes of fighting from across many decades, J. B. O. Landrum's chronicle of South Carolina is a treasure of the past. The author is enthusiastic in presenting accounts which encapsulate the local Carolina spirit; tales of hardship amid an unforgiving wilderness, of brutal combat between the Native Americans and the white settlers, and of everyday living in the villages and townships of the various counties. War stories and dramatic events are commonly taken from recollections of descendants and written anecdotes; such sources make for a lively and thoroughly engaging history of how South Carolina came to be. By the time he wrote this history in 1897, J. B. O. Landrum was already respected as a writer and chronicler of the past. Locals in and around the Carolinas would, from time to time, send him pertinent material. This edition includes the original publication's maps of the locality, so that readers can understand where settlements stood in the grand scheme of things, and how troops moved around during the conflicts. For its unique storytelling and knowledge, this history retains much value for modern day readers.

Charleston, South Carolina John W. Meffert, Sherman E. Pyatt, 2000
Charleston, a living museum of Southern culture, is famous for its charm, Lowcountry cuisine, unique architectural stylings, and leisurely pace of life. A side of Charleston that many tourists do not witness and explore, the African-American community is a

vibrant part of the Charleston identity, having shaped the Holy City's very essence since the days of slavery.

South Carolina Real Estate License Exam Prep

Stephen Mettling, David Cusic, Ryan

Mettling, 2020-01-02 Features of South Carolina Real Estate License Exam Prep (SC-RELEP): National Principles & Law Key Point Review (60 pages) Real Estate Math Key Formula Review & Practice (20 pages) South Carolina-Specific Laws and Practices (28 pages) National Practice Tests (500 questions) South Carolina Practice Tests (125 questions) South Carolina Sample Exam (100 questions) We know the real estate licensing exam can be tough, and very nerve-wracking to prepare for. That's why we created the South Carolina Real Estate License Exam Prep (SC-RELEP) the way we did. Since we have been managing real estate schools and developing curriculum for forty years, we know how all this works – or fails to work. SC-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is South Carolina-specific – not just simplistic national content, but terse, relevant and accurate South Carolina laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. SC-RELEP's national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate

Practice – one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for South Carolina. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your South Carolina license exam. A word about the test questions... SC-RELEP's testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews – which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your South Carolina real estate exam. So good luck!! For South Carolina students looking for a South Carolina

textbook to complement South Carolina Real Estate License Exam Prep, we have Principles of Real Estate Practice in South Carolina.

Around Iva: South Carolina Reviva, 1999-10 Though many may measure a state's significance by its larger cities, it is the small towns of South Carolina that create the Palmetto State's distinct and special identity in the South and in the country. Located near the Savannah River in Anderson County and along South Carolina's Heritage Corridor, Iva is one such town, for it is a community forged by the determination and industriousness of a people whose values are based on a respect for family, church, and hard work. In Around Iva, South Carolina, a collection of over 200 postcards and photographs, many published here for the first time, you will tour one of the Upstate's most historic areas, from Iva and Starr to Antreville and smaller communities, such as Moffetsville, Due West, Lowndesville, Gregg Shoals, and Harper's Ferry. The entire spectrum of small-town life unfolds in these historic images, allowing you to experience life in the early part of the twentieth century on the area farms, in the one-room schoolhouses, in the area churches, from Baptist to Presbyterian, and along the unpaved streets that were crowded with early textile mills, general stores, banks, barbershops, and gin houses. This volume also introduces you to many of the area's more famous citizens, such as Iva Cook, the daughter of founder Dr. Augustus G. Cook; Sam Wakefield, a three-star general and military hero; Winston Metz, a prisoner of war in World War II;

along with many images of early ministers, teachers, town leaders, and everyday citizens at work and at play.

South Carolina Golf Robert Gillespie, 2021 For nearly three hundred years, South Carolina has played a vital role in American golf. The first golf clubs in America came from Scotland to Charleston in 1739. Myrtle Beach is sometimes called the Golf Capital of the World, with more than 80 golf courses. The Country Club of Charleston produced World Golf Hall of Game members Henry Picard and Beth Daniel. The 1991 Ryder Cup matches, the War by the Shore, took place at Kiawah Island's Ocean Course, also the site of the 2012 and 2021 PGA Championships. Hilton Head's Harbour Town Golf Links has hosted the PGA Tour's RBC Heritage for more than fifty years. Bob Gillespie and Tommy Vraswell detail the history of the game in the Palmetto State.

South Carolina Country Roads: Of Train Depots, Filling Stations & Other Vanishing Charms Tom Poland , 2018-04-16 Venture off the beaten path to forgotten roads, where a hidden South Carolina exists. Time-travel and dead-end at a ferry that leads to wild islands. Cross a rusting steel truss bridge into a scene from the 1930s. Behold an old gristmill and imagine its creaking, clashing gears grinding corn. See an old gas pump wreathed in honeysuckle. Drive through a ghost town and wonder why it died. When's the last time you saw a

country store's cured hams hanging from wires? How about a vintage Bull Durham tobacco ad on old brick? Tom Poland explores scenic back roads that lead to heirloom tomatoes, poke salad, restaurants once gas stations, overgrown ruins and other soulful relics.

State of Rebellion Richard Zuczek, 2009-05-30 A chronicle of postwar resistance in the Palmetto State State of Rebellion recounts the volatile course of Reconstruction in the state that experienced the longest, largest, and most dynamic federal presence in the years immediately

following the Civil War. Richard Zuczek examines the opposition of conservative white South Carolinians to the Republican-led program and the federal and state governments' attempts to quell such resistance. Contending that the issues that had driven secession--the relationship of the states to the federal government and the status of African Americans--remained unresolved even after Northern victory, Zuczek describes the period from 1865 to 1877 as a continuation of the struggle that began in 1861. He argues that Republican efforts failed primarily because of an organized, coherent effort by white Southerners committed to white supremacy. Zuczek details the tactics--from judicial and political fraud to economic coercion, terrorism, and guerrilla activity--employed by conservatives to nullify the African American vote, control African American labor, and oust northern Republicans from the state. He documents the federal government's attempt to quash the conservative challenge but shows that, by 1876, white opposition was so unified, widespread, and well armed that it passed beyond government control.
