

Scientology Ebook

James R. Lewis

A Billion Years Mike Rinder, 2022-09-27 A Gallery Book. Gallery Books has a great book for every reader.

Troublemaker Leah Remini, Rebecca Paley, 2015-11-03 #1 NEW YORK TIMES BESTSELLER • An eye-opening, no-holds-barred memoir about life in the Church of Scientology, now with a new afterword by the author—the outspoken actress and star of the A&E docuseries Leah Remini: Scientology and the Aftermath Leah Remini has never been the type to hold her tongue. That willingness to speak her mind, stand her ground, and rattle the occasional cage has enabled this tough-talking girl from Brooklyn to forge an enduring and successful career in Hollywood. But being a troublemaker has come at a cost. That was never more evident than in 2013, when Remini loudly and publicly broke with the Church of Scientology. Now, in this frank, funny, poignant memoir, the former King of Queens star opens up about that experience for the first time, revealing the in-depth details of her painful split with the church and its controversial practices. Indoctrinated into the church as a child while living with her mother and sister in New York, Remini eventually moved to Los Angeles, where her dreams of becoming an actress and advancing Scientology's causes grew increasingly intertwined. As an adult, she found the success she'd worked so hard for, and with it a prominent place in the hierarchy of celebrity Scientologists alongside people such as Tom Cruise, Scientology's most high-profile adherent. Remini spent time directly with Cruise and was included among the guests at his 2006 wedding to Katie Holmes. But when she began to raise questions about some of the church's actions, she found herself a target. In the end, she was declared by the church to be a threat to their organization and therefore a "Suppressive Person," and as a result, all of her fellow parishioners—including members of her own family—were told to disconnect from her. Forever. Bold, brash, and bravely confessional, *Troublemaker* chronicles Leah Remini's remarkable journey toward emotional and spiritual freedom, both for herself and for her family. This is a memoir designed to reveal the hard-won truths of a life lived honestly—from an author unafraid of the consequences. Praise for *Troublemaker* "An aggressively honest memoir . . . *Troublemaker* is the most raw and revealing Scientology memoir to date."—*Entertainment Weekly* "Leah's story is a juicy, inside-Hollywood read, but it's more than that. It's a moving story about the value of questioning authority and how one woman survived a profound crisis of faith."—*People*

The Background and Ceremonies of the Church of Scientology of California, World Wide, 1972-01-01

Beyond Belief Jenna Miscavige Hill, Lisa Pulitzer, 2013-02-05 Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientologist but left the controversial religion in 2005. In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her disconnection from family outside of the organization, and tells the story of her ultimate escape. Piercing the veil of secrecy that has long shrouded the world of Scientology, this insider reveals unprecedented firsthand knowledge of the religion, its obscure rituals, and its mysterious leader—David Miscavige. From her prolonged separation from her parents as a small child to being indoctrinated to serve the greater good of the Church, from her lack of personal freedoms to the organization's emphasis on celebrity recruitment, Jenna goes behind the scenes of Scientology's oppressive and alienating culture, detailing an environment rooted in control in which the most devoted followers often face the harshest punishments when they fall out of line. Addressing some of the Church's most notorious practices in startling detail, she also describes a childhood of isolation and neglect—a childhood that, painful as it was, prepared her for a tough life in the Church's most devoted order, the Sea Org. Despite this hardship, it is only when her family approaches dissolution and her world begins to unravel that she is finally able to see the patterns of stifling conformity and psychological control that have ruled her life. Faced with a heartbreaking choice, she mounts a courageous escape, but not before being put through the ultimate test of family, faith, and love. At once captivating and disturbing, *Beyond Belief* is an eye-opening exploration of the limits of religion and the lengths to which one woman went to break free.

Scientology James R. Lewis, 2009-03-11 Scientology is arguably the most persistently controversial of all contemporary New Religious Movements. James R. Lewis has assembled an unusually comprehensive anthology, incorporating a wide range of different approaches. In this book, a group of well-known scholars of New Religious Movements offers an extensive and evenhanded overview and analysis of all of these aspects of Scientology, including the controversies to which it continues to give rise.

The Background and Ceremonies of the Church of Scientology of California, World Wide, 1970

The background and ceremonies of the Church of Scientology of California, World Wide Church of Scientology of California, World Wide, 1986

My So Called Crazy Life Aurora Rucker, 2019-11-15 This eye-opening life-experience of a child, born into, and raised according to the beliefs of the Church of Scientology, soon joining the militant-structured higher echelons of the church as a staff member, is an extremely informative tell-all of how the church takes hold on one's life completely and utterly. Many people in this day and age, have heard of this church, but are unaware of the scope of its reach, and the depth of its grips in our society's structure. With opinion leaders, like big-time celebrities vouching for this organized religion, can one really trust the hype? Once one joins, are you truly free to leave in peace? This book offers an inside view of what it is truly like to be raised in this religious lifestyle, as a Scientologist. And how once you decide it is no longer for you, how the Church of Scientology seeks to destroy you as an individual, cutting one off from family, friends, and the like, all still associated with the church.

Solutions for a Dangerous Environment L. Ron Hubbard, 1994-06 Solutions for a Dangerous Environment We live in a perilous world, a dangerous environment. Watch television news or read your daily newspaper and you are subjected to a daily diet of robberies, rapes, riots, murders, fires, earthquakes, floods and famines. Do you find yourself becoming disturbed by what is happening around you? Do you feel helpless, unable to control these events? Do you even sometimes feel afraid? In this booklet, L. Ron Hubbard dissects this phenomenon of the dangerous environment, providing methods that will not only help you overcome your fears, but allow you to help others. Applied on a broad scale, this information brings about an enormous calming influence and enables people to lead happier lives. Used on an individual scale--by you--it will enhance the lives of your family, friends and associates. * Do you find yourself getting anxious over world conditions? * Do you feel helpless, unable to control these events? * Do you even sometimes feel afraid? For the solutions and answers to these situations, buy and read this booklet.

Going Clear (Enhanced Edition) Lawrence Wright, 2013-01-17 National Book Award Finalist The enhanced eBook edition of Lawrence Wright's revelatory study of Scientology includes additional photographs and documents, plus more than thirty minutes of original video—taped interviews with former members of the church speaking about what drew them to Scientology and about discovering past lives, the church's position on abortion and homosexuality, and how the Guardian's Office functions; and in interviews with the author, Lawrence Wright speaks about his aims in writing this book, his respect for his sources, and methods of research. A clear-sighted revelation, a deep penetration into the world of Scientology by Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines

what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

Going Clear Lawrence Wright, 2013-01-17 NATIONAL BESTSELLER • NATIONAL BOOK AWARD AND NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • From the Pulitzer Prize-winning author of *The Looming Tower* comes “an utterly necessary story” (*The Wall Street Journal*) that pulls back the curtain on the church of Scientology: one of the most secretive organizations at work today. • The Basis for the HBO Documentary. Scientology presents itself as a scientific approach to spiritual enlightenment, but its practices have long been shrouded in mystery. Now Lawrence Wright—armed with his investigative talents, years of archival research, and more than two hundred personal interviews with current and former Scientologists—uncovers the inner workings of the church. We meet founder L. Ron Hubbard, the highly imaginative but mentally troubled science-fiction writer, and his tough, driven successor, David Miscavige. We go inside their specialized cosmology and language. We learn about the church’s legal attacks on the IRS, its vindictive treatment of critics, and its phenomenal wealth. We see the church court celebrities such as Tom Cruise while consigning its clergy to hard labor under billion-year contracts. Through it all, Wright asks what fundamentally comprises a religion, and if Scientology in fact merits this Constitutionally-protected label.

Let's Sell These People a Piece of Blue Sky Jon Atack, 2013 This is the new, unexpurgated, unabridged version of the classic history of L. Ron Hubbard and Scientology. Exposing Hubbard's false claims to be a war hero, a nuclear physicist, an explorer and a protege of Eastern gurus, and showing the true malevolence of Scientology. Invaluable for its history and insight into the character of its founder, L. Ron Hubbard. This is the standard reference among serious students of authoritarian belief systems.

Scientology Amy Scobee, 2010-01-01 Amy Scobee tells the eye-opening account of her 27 years inside the Church from innocence at age 14 to her nightmarish experiences in the highest management body at Scientology's secret International Headquarters. Hear of the abuses she both witnessed and experienced first hand.

Handbook of Scientology James R. Lewis, 2017-01-05 The Handbook of Scientology brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions.

Inside Scientology Janet Reitman, 2011-06-13 Based on five years of research, access to confidential documents, and extensive interviews with current and former Scientologists, Janet Reitman sheds some long-awaited light on the ever-elusive religion of the Church of Scientology. Scientology, created in 1954 by pulp science fiction writer L. Ron Hubbard, claims to be the world's fastest growing religion, with millions of members and huge financial holdings. Celebrity believers keep its profile high. Teams of volunteer ministers offer aid at disaster sites like Haiti and the World Trade Center. But Scientology is also a very closed faith, harassing journalists and others through litigation and intimidation, even infiltrating high levels of the government to further its goals. Its attacks on psychiatry and its requirement that believers pay as much as tens or even hundreds of thousands of dollars for salvation have drawn scrutiny and skepticism. Ex-members use the internet to share stories of harassment and abuse. Reitman offers the first full journalistic history of the Church of Scientology in an even-handed account that establishes the truth about the controversial religion. She traces Scientology's development from the birth of Dianetics to today, following its metamorphosis from a pseudoscientific self-help group to a global spiritual corporation with profound control over its followers and ex-followers. This is a defining book about a little-known world.

Understanding Scientology Cynthia Kennedy Henzel, 2018-08 Understanding Scientology covers one of the world's newest religions. Scientology, founded in the 1950s by L. Ron Hubbard, has become a controversial faith. Followers believe its philosophies can change the world for the better. Critics point to the religion's legal troubles and alleged misdeeds. Features include a glossary, references, websites, source notes, and an index. Aligned to Common Core Standards and correlated

to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.

Scientology L. Ron Hubbard, 2007-07 Scientology essentials for every aspect of life. Basic answers that put you in charge of your existence, truths to consult again and again: Is It Possible to Be Happy?, Two Rules for Happy Living, Personal Integrity, The Anti-Social Personality and many more. In every part of this book you will find Scientology truths that describe conditions in your life and exact ways to improve them.

Blown for Good Marc Headley, 2010-03-31 Marc Headley started working for the Scientology organization in 1989. After leaving in 2005, Marc posted bits and pieces of what went on at the Scientology headquarters (known from inside as the International Base). Marc posted anonymously under the screen name of Blownforgood aka BFG. In September 2008 Marc was invited to speak to an international conference of European government representatives regarding the Scientology organization and their abuses. It was at this time that Marc revealed his identity as Blownforgood. By 2009, the internet posts Marc had written over the years had been viewed hundreds of thousands of times, but still there were people who questioned their validity. Stories of grown men being thrown into dirty lakes and pools as punishment? Physical abuse never reported to authorities? How could this happen in modern day America? Two years after Marc wrote about these things and posted them on the internet, a Pulitzer Prize winning U.S. newspaper printed accounts from former staff member who worked at the Int Base that matched and confirmed what Marc had written about. Not only that, Scientology officials admitted that these things had taken place! Find out what they did not talk about in Blown for Good.

The Church of Scientology Hugh B. Urban, 2013-02-24 Scientology's long and complex journey to recognition as a religion Scientology is one of the wealthiest and most powerful new religions to emerge in the past century. To its detractors, L. Ron Hubbard's space-age mysticism is a moneymaking scam and sinister brainwashing cult. But to its adherents, it is humanity's brightest hope. Few religious movements have been subject to public scrutiny like Scientology, yet much of what is written about the church is sensationalist and inaccurate. Here for the first time is the story of Scientology's protracted and turbulent journey to recognition as a religion in the postwar American landscape. Hugh Urban tells the real story of Scientology from its cold war-era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite. Urban paints a vivid portrait of Hubbard, the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U.S. government. One FBI agent described him as a mental case, but to his followers he is the man who solved the riddle of the human mind. Urban details Scientology's decades-long war with the IRS, which ended with the church winning tax-exempt status as a religion; the rancorous cult wars of the 1970s and 1980s; as well as the latest challenges confronting Scientology, from attacks by the Internet group Anonymous to the church's efforts to suppress the online dissemination of its esoteric teachings. The Church of Scientology demonstrates how Scientology has reflected the broader anxieties and obsessions of postwar America, and raises profound questions about how religion is defined and who gets to define it.

Scientology: a to Xenu Chris Shelton, 2015-12-24 What is Scientology really? Behind the glossy logos and sleek advertisements and South Park parodies, what do Scientologists really believe and practice? Is it really a religion? Who was L. Ron Hubbard and why did he start it in the first place? Is their technology for real or just so much New Age pseudoscience? Former insider Chris Shelton grew up in Scientology and worked for it for 25 years. This critical analysis covers the key aspects of its beliefs, practices and structure from the bottom to the top, including not just the confidential Xenu story but details all of the upper level scriptures. Chris goes into detail about what goes on inside Scientology churches, why their members get involved in the first place and what it takes to get out should someone decide to leave. An informative guide for anyone who has been involved with Scientology in the past as well as anyone who wants to understand what it's really all about.
