James R. Lewis

**The Scientology Reformation** Mark Marty Rathbun,2012 Why Scientology must be reformed. It answers the most frequently asked questions about Scientology today, including: 1.What is behind the madness and violence widely reported on Scientology Inc. supreme leader David Miscavige? 2. Why does Tom Cruise continue to support Miscavige despite international media reports of his increasingly sociopathic conduct? 3. What does Tom Cruise know and when did he know it? 4.Does Cruise follow his mentor Miscavige's penchant for bullying and violence? 5.The whole story of Miscavige's pimping and pandering for Cruise. 6.Where does all the money go? 7.Can Scientology survive all the exposure? 8.What is the future of Scientology?

*Going Clear* Lawrence Wright,2013-01-17 NATIONAL BESTSELLER • NATIONAL BOOK AWARD AND NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • From the Pulitzer Prize-winning author of *The Looming Tower* comes “an utterly necessary story” (The Wall Street Journal) that pulls back the curtain on the church of Scientology: one of the most secretive organizations at work today. • The Basis for the HBO Documentary. Scientology presents itself as a scientific approach to spiritual enlightenment, but its practices have long been shrouded in mystery. Now Lawrence Wright—armed with his investigative talents, years of archival research, and more than two hundred personal interviews with current and former Scientologists—uncovers the inner workings of the church. We meet founder L. Ron Hubbard, the highly imaginative but mentally troubled science-fiction writer, and his tough, driven successor, David Miscavige. We go inside their specialized cosmology and language. We learn about the church’s legal attacks on the IRS, its vindictive treatment of critics, and its phenomenal wealth. We see the church court celebrities such as Tom Cruise while consigning its clergy to hard labor under billion-year contracts. Through it all, Wright asks what fundamentally comprises a religion, and if Scientology in fact merits this Constitutionally-protected label.

What is Wrong with Scientology? Mark Rathbun,2012 The first critical treatment of Scientology that seeks to identify and correct what is wrong with it rather than to merely expose or advocate against the subject. A handbook for former, current and prospective members. The book can help to heal any damage done by misuse while rehabilitating any positives derived from Scientology. The book also serves to proof up an individual against being harmed by misapplication of Scientology in the future. As the first simple, accurate description of the philosophy from its introductory to its most advanced levels, the book will inform those interested in Scientology as no other available work has.

*Ruthless* Ron Miscavige,Dan Koon,2017-05-16 \*Now a #1 New York Times bestseller\* Compulsively readable... —LA Weekly “Excoriating memoir —Publisher's Weekly “A sad and painful but bravely told story.” —Kirkus Reviews The only book to examine the origins of Scientology's current leader, RUTHLESS tells the revealing story of David Miscavige's childhood and his path to the head seat of the Church of Scientology told through the eyes of his father. Ron Miscavige's personal, heartfelt story is a riveting insider's look at life within the world of Scientology. Not for sale outside the U.S.

**The Unbreakable Miss Lovely** Tony Ortega,2015 In 1971 Paulette Cooper wrote a scathing book about the Church of Scientology. Desperate to shut the book down, Scientology unleashed on her one of the most sinister personal campaigns the free world has ever known. The onslaught, which lasted years, ruined her life, and drove her to the brink of suicide.The story of Paulette's terrifying ordeal is told in full for the first time in *The Unbreakable Miss Lovely*, published by Silvertail Books. It reveals the shocking details of the darkest chapter in Scientology's checkered history, which ended with senior members in prison, and the organization's reputation permanently damaged.'A thrilling account of a reporter's duel with a controversial church' - Kirkus Reviews'A brilliant exposition of how a child who escaped the Nazis grew up to be hunted by the Church of Scientology' - John Sweeney'A page-turner packed with barely believable facts. The details are worthy of John le Carre' - Jon Atackwww.theunbreakablemisslovely.com

**Troublemaker** Leah Remini,Rebecca Paley,2015-11-03 #1 NEW YORK TIMES BESTSELLER • An eye-opening, no-holds-barred memoir about life in the Church of Scientology, now with a new afterword by the author—the outspoken actress and star of the A&E docuseries *Leah Remini: Scientology and the Aftermath* Leah Remini has never been the type to hold her tongue. That willingness to speak her mind, stand her ground, and rattle the occasional cage has enabled this tough-talking girl from Brooklyn to forge an enduring and successful career in Hollywood. But being a troublemaker has come at a cost. That was never more evident than in 2013, when Remini loudly and publicly broke with the Church of Scientology. Now, in this frank, funny, poignant memoir, the former King of Queens star opens up about that experience for the first time, revealing the in-depth details of her painful split with the church and its controversial practices. Indoctrinated into the church as a child while living with her mother and sister in New York, Remini eventually moved to Los Angeles, where her dreams of becoming an actress and advancing Scientology’s causes grew increasingly intertwined. As an adult, she found the success she’d worked so hard for, and with it a prominent place in the hierarchy of celebrity Scientologists alongside people such as Tom Cruise, Scientology’s most high-profile adherent. Remini spent time directly with Cruise and was included among the guests at his 2006 wedding to Katie Holmes. But when she began to raise questions about some of the church’s actions, she found herself a target. In the end, she was declared by the church to be a threat to their organization and therefore a “Suppressive Person,” and as a result, all of her fellow parishioners—including members of her own family—were told to disconnect from her. Forever. Bold, brash, and bravely confessional, *Troublemaker* chronicles Leah Remini’s remarkable journey toward emotional and spiritual freedom, both for herself and for her family. This is a memoir designed to reveal the hard-won truths of a life lived honestly—from an author unafraid of the consequences. Praise for *Troublemaker* “An aggressively honest memoir . . . *Troublemaker* is the most raw and revealing Scientology memoir to date.”—Entertainment Weekly “Leah’s story is a juicy, inside-Hollywood read, but it’s more than that. It’s a moving story about the value of questioning authority and how one woman survived a profound crisis of faith.”—People

**The Untold Story Behind the US Government's Takeover of Scientology** Andreas M B Gross,2019-12-07 Compiled and published for the first time, the full evidence behind Scientology unlike anything you've ever seen. Forget the tabloid scandals and notorious news releases. This book documents the untold story behind the Church of Scientology and its intimate connection with the US government. Since its founding days, Scientology the church has been infiltrated by government agents intent on using the new technology for clandestine Cold War operations. The technology threatened national security. And had to be kept out of enemy hands at any cost. And the deep state sees you - the people - as their worst enemy. This work is the first published book containing hundreds of pages of declassified documentation and testimony supporting these events. You'll see how the government's operation was executed. And how, step-by-step, the once powerful technology was replaced with a benign 'feel good' substitute for its parishioners, robbing them of the church's ultimate promise of spiritual freedom.It's an authoritative 600 pages of information for any Scientologist wishing to recover the original legacy of L. Ron Hubbard. As well as a foundation for anyone intent on doing their own research into a cover-up obfuscated by a tangled web of half-truths and lies. This book contains all the information you need to file a Class Action Lawsuit against the US government for the suppression of religious freedom. Putting into your hands the full potential to destroy the Deep State for good. That's because, if the evidence cited here was ever brought to court, it would compel the Deep State to: - Release information about its agents within Scientology. - Release the original writings of L Ron Hubbard. - Return the original 'confidential' spiritual technology, the culmination of Hubbard's Scientology research.

*Scientology in Popular Culture* Stephen A. Kent,Susan Raine,2017-07-14 This multidisciplinary study of Scientology examines the organization and the controversies around it through the lens of popular culture, referencing movies, television, print, and the Internet—an unusual perspective that will engage a wide range of readers and researchers. For more than 60 years, Scientology has claimed alternative religious status with a significant number of followers, despite its portrayals in popular culture domains as being bizarre. What are the reasons for the vital connections between Scientology and popular culture that help to maintain or challenge it as an influential belief system? This book is the first academic treatment of Scientology that examines the movement in a popular-culture context from the perspective of several Western countries. It documents how the attention paid to Scientology by high-profile celebrities and its mention in movies, television, and print as well as on the Internet results in millions of people being aware of the organization—to the religious organization's benefit and detriment. The book leads with a background on Scientology and a discussion of science fiction concepts, pulps, and movies. The next section examines Scientology's ongoing

relationship with the Hollywood elite, including the group's use of celebrities in its drug rehabilitation program, and explores movies and television shows that contain Scientology themes or comedic references. Readers will learn about how the Internet and the mainstream media of the United States as well as of Australia, Germany, and the UK have regarded Scientology. The final section investigates the music and art of Scientology.

**Escaping Scientology** Karen Schless Pressley,2017-09-19 Artists Peter and Karen Schless were seduced by Scientology's celebrity spirituality, and detoured from Hollywood careers to join its extremist group, the Sea Org. In leader David Miscavige's inner sanctum, they built their mental prison as they melded into its radicalized lifestyle where danger, captivity and abuse were normalized. After three escapes, Karen chose between two unbearable options.

Memoirs of a Scientology Warrior Mark "Marty." Rathbun,2013-05-27 An insider look at Scientology's infamous war apparatus. An autobiographical history of Scientology.

Among the Scientologists Donald A. Westbrook,2018-11-01 The Church of Scientology is one of the most recognizable American-born new religions, but perhaps the least understood. With academic and popular interest on the rise, many books have been written about Scientology and surely more will follow. Although academics have begun to pay more attention to Scientology, the subject has received remarkably little qualitative attention. Indeed, no work has systematically addressed such questions as: what do Scientologists themselves have to say about their religion's history, theology, and practices? How does Scientology act as a religion for them? What does lived religion look like for a Scientologist? This is not so much a book about the Church of Scientology, its leaders, or its controversies, as it is a compilation of narratives and histories based on the largely unheard or ignored perspectives of Scientologists themselves. Drawing on six years of interviews, fieldwork, and research conducted among members of the Church of Scientology, this groundbreaking work examines features of the new religion's history, theology, and praxis in ways that move discussion beyond apostate-driven and exposé accounts.

*The Way To Happiness* L. Ron Hubbard,1984 SYNOPSIS The choice of actions and decisions requires skill and wisdom, not just self-interest or just group interest. Containing 21 precepts, The Way to Happiness helps guide one in those choices encountered in life. This might be the first nonreligious moral code based wholly on common sense. FULL DESCRIPTION True joy and happiness are valuable. If one does not survive, no joy and no happiness are obtainable. Trying to survive in a chaotic, dishonest and generally immoral society is difficult. Any individual or group seeks to obtain from life what pleasure and freedom from pain that they can. Your own survival can be threatened by the bad actions of others around you. Your own happiness can be turned to tragedy and sorrow by the dishonesty and misconduct of others. I am sure you can think of instances of this actually happening. Such wrongs reduce one's survival and impair one's happiness. You are important to other people. You are listened to. You can influence others. The happiness or unhappiness of others you could name is important to you. Without too much trouble, using this book, you can help them survive and lead happier lives. While no one can guarantee that anyone else can be happy, their chances of survival and happiness can be improved. And with theirs, yours will be. It is in your power to point the way to a less dangerous and happier life.

**Perfectly Clear** Michelle LeClair,Robin Gaby Fisher,2018-09-11 The revelatory memoir by former poster girl for Scientology Michelle LeClair about her defection from the Church, her newly accepted sexual identity, and the lengths to which Scientology went to silence it. For years, Michelle LeClair, former President of Scientology's international humanitarian organization, tried to reconcile her sexual orientation with the anti-gay ideology of the church. Michelle finally ends her horrific marriage, finds the love of her life, a woman, and ultimately leaves the Church. But the split comes at a terrible price. Her once pristine reputation is publicly dragged through the mud, the police raid her home, her ex-husband tries to gain full custody of their children, and the multi-million dollar business she built from scratch is utterly destroyed. In this tell-all memoir, Michelle offers an insider's perspective on Scientology's pervasive influence, secret rituals, and ruthless practices for keeping members in line. It's a story of self-acceptance, of finding the strength and courage to stand up for your emotional freedom, and of love prevailing.

*This is Life* Reg Sharpe,2020-03-17 Forget the tabloid scandals and notorious news releases about Scientology. Read this small booklet and find out what Scientology really is all about. You'll be able to decide for yourself, whether you want to use it to improve your life or not. The author Reg Sharpe - a wealthy businessman - explains the Scale of Emotions, which was developed by L. Ron Hubbard (Photo). This book will give you new insights into life, your life! Do not let this chance pass by!

The Church of Scientology Hugh B. Urban,2013-02-24 Scientology's long and complex journey to recognition as a religion Scientology is one of the wealthiest and most powerful new religions to emerge in the past century. To its detractors, L. Ron Hubbard's space-age mysticism is a moneymaking scam and sinister brainwashing cult. But to its adherents, it is humanity's brightest hope. Few religious movements have been subject to public scrutiny like Scientology, yet much of what is written about the church is sensationalist and inaccurate. Here for the first time is the story of Scientology's protracted and turbulent journey to recognition as a religion in the postwar American landscape. Hugh Urban tells the real story of Scientology from its cold war-era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite. Urban paints a vivid portrait of Hubbard, the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U.S. government. One FBI agent described him as a mental case, but to his followers he is the man who solved the riddle of the human mind. Urban details Scientology's decades-long war with the IRS, which ended with the church winning tax-exempt status as a religion; the rancorous cult wars of the 1970s and 1980s; as well as the latest challenges confronting Scientology, from attacks by the Internet group Anonymous to the church's efforts to suppress the online dissemination of its esoteric teachings. The Church of Scientology demonstrates how Scientology has reflected the broader anxieties and obsessions of postwar America, and raises profound questions about how religion is defined and who gets to define it.

Scientology L. Ron Hubbard,2007-11-01

Inside Scientology Janet Reitman,2011-06-13 Based on five years of research, access to confidential documents, and extensive interviews with current and former Scientologists, Janet Reitman sheds some long-awaited light on the ever-elusive religion of the Church of Scientology. Scientology, created in 1954 by pulp science fiction writer L. Ron Hubbard, claims to be the world's fastest growing religion, with millions of members and huge financial holdings. Celebrity believers keep its profile high. Teams of volunteer ministers offer aid at disaster sites like Haiti and the World Trade Center. But Scientology is also a very closed faith, harassing journalists and others through litigation and intimidation, even infiltrating high levels of the government to further its goals. Its attacks on psychiatry and its requirement that believers pay as much as tens or even hundreds of thousands of dollars for salvation have drawn scrutiny and skepticism. Ex-members use the internet to share stories of harassment and abuse. Reitman offers the first full journalistic history of the Church of Scientology in an even-handed account that establishes the truth about the controversial religion. She traces Scientology's development from the birth of Dianetics to today, following its metamorphosis from a pseudoscientific self-help group to a global spiritual corporation with profound control over its followers and ex-followers. This is a defining book about a little-known world.

**Going Clear (Enhanced Edition)** Lawrence Wright,2013-01-17 National Book Award Finalist The enhanced eBook edition of Lawrence Wright's revelatory study of Scientology includes additional photographs and documents, plus more than thirty minutes of original video—taped interviews with former members of the church speaking about what drew them to Scientology and about discovering past lives, the church's position on abortion and homosexuality, and how the Guardian's Office functions; and in interviews with the author, Lawrence Wright speaks about his aims in writing this book, his respect for his sources, and methods of research. A clear-sighted revelation, a deep penetration into the world of Scientology by Pulitzer Prize-winning author of The Looming Tower, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron

Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology’s complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church’s goals. And we meet the young idealists who have joined the Sea Org, the church’s clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

Handbook of Scientology James R. Lewis,2017-01-05 The Handbook of Scientology brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions.

**Scientology** Linus Hauser,2010-08-18 Die Ideologie, die Scientology zugrunde liegt - hier wird sie entlarvt! Jeder meint zu wissen, worum es bei Scientology geht. Doch es gibt kaum etwas Geheimnisvolleres als dieses weltumspannende Imperium. Handelt es sich um eine Kirche, eine Sekte oder doch um ein bedrohliches Netzwerk, dessen Intentionen nichts weniger als verbrecherisch sind? Das Spektrum im Urteil über Scientology ist groß: In manchen Ländern wie der Schweiz genießt sie den Status einer Kirche mit allen sich daraus ergebenden Vorteilen, während sie in anderen - etwa in Deutschland - sogar unter Beobachtung durch den Verfassungsschutz steht. Mittlerweile verfügt die Scientology-Organisation über ein weltumspannendes Netzwerk. Zahlreiche Stars und Sternchen, vor allem aus der Glitzerwelt Hollywoods, sind bekennende Anhänger und stehen in der Hierarchie der Organisation an exponierter, geradezu werbender Stelle. Filme über Scientology finden ein Millionenpublikum. Wer sich selbst ein Urteil bilden möchte, was die ideologische Basis von Scientology ausmacht, muss zur Geburt des Imperiums zurück und sich mit der Entwicklung des Gedankengebäudes ihres Gründers Ronald Hubbard beschäftigen, der die Organisation über Jahrzehnte diktatorisch regiert und geformt hat. Linus Hauser ist diesen Spuren detektivisch nachgegangen und legt die weltanschauliche Basis offen, auf der das Imperium fußt.
