The Scout Harry Combs, 1996-05-04 Epic in scope and grand beyond our imaginings. The Scout continues the magnificent story that began the highly acclaimed novel Brules. In his stunning new novel, Harry Combs recreates a time when the West was the white man's greatest challenge and the red man's last battleground... a towering tale of dreams unfettered, of mustangs running free, and of young men riding hell-bent-for-leather into Indian country for no other reason than they were young, brave and wild. By 1900 the Old West was vanishing, but the man many called its fastest gun was

still alive. By then Cat Brules had shut himself and his secrets away in a cabin on Colorado's Lone Cone Peak. Only one person knew his real story, a boy of eleven who became his friend and heard his extraordinary tales in 1909. The Scout is that unforgettable story, just as young Steven Cartwright heard it, just as Brules told it: hard and gritty, wry with a cowboy's humor, and true to the spirits of all those who loved the west--and died for it--from Custer to Crazy Horse. Many hard, hurting things had driven Cat Brules to become the man he was. The death of his beloved Shoshone bride, Wild Rose, was one of them. Months after Brules lost her--brutally and far too soon--Wild Rose still came to him in his dreams. With a void in his heart and a reckless spirit, Brules signed on as a Scout for General George Crook, whose cavalry was headed into the Badlands. Then, the U.S. Army still didn't know that there were fifteen thousand Sioux and Cheyenne in those Wyoming foothills, and under chiefs Sitting Bull and Crazy Horse, every one of them was willing to fight to the death to live free. Brules's account of the violence that ensued, told with eyewitness immediacy and chilling authenticity, is one of courage and shame as he rides the trail toward the Little Big Horn and the battles that followed. Seeing for himself the dying of a way of life, Brules tells a searing truth about America's history: the betrayal of Custer to the Sioux, the hunting of Geronimo, and the U.S. Army's cruel pursuit of Chief Joseph and his Nez Perce. And here too are the women who loved Brules: White Antelope, the gentle Indian maiden who wanted what Brules felt he could never give again--and Melisande, the saucy Mormon girl who might be too much for even Cat Brules to handle. Debunking the myths of the Old West and the romanticism of movies, renowned Western writer Harry Combs creates a vision at once more complex, magnificent and genuine--from the make of the rifle to the caliber of the bullet that cut Custer down. A novel unmatched in excitement and adventure, The Scout lets you smell the cordite, feel a man's hard need for a woman, and discover that the real flesh and blood inhabitants of those legendary days were tougher, bolder and more fascinating than we ever dared to imagine.

The Scout Mindset Julia Galef, 2021-04-13 ...an engaging and enlightening account from which we all can benefit.—The Wall Street Journal A better way to combat knee-jerk biases and make smarter decisions, from Julia Galef, the acclaimed expert on rational decision-making. When it comes to what we believe, humans see what they want to see. In other words, we have what Julia Galef calls a soldier mindset. From tribalism and wishful thinking, to rationalizing in our personal lives and everything in between, we are driven to defend the ideas we most want to believe—and shoot down those we don't. But if we want to get things right more often, argues Galef, we should train ourselves to have a scout mindset. Unlike the soldier, a scout's goal

isn't to defend one side over the other. It's to go out, survey the territory, and come back with as accurate a map as possible. Regardless of what they hope to be the case, above all, the scout wants to know what's actually true. In *The Scout Mindset*, Galef shows that what makes scouts better at getting things right isn't that they're smarter or more knowledgeable than everyone else. It's a handful of emotional skills, habits, and ways of looking at the world—which anyone can learn. With fascinating examples ranging from how to survive being stranded in the middle of the ocean, to how Jeff Bezos avoids overconfidence, to how superforecasters outperform CIA operatives, to Reddit threads and modern partisan politics, Galef explores why our brains deceive us and what we can do to change the way we think.

Get Off My Honor Hans Zeiger, 2005 A Boy Scout defends the honor of the stalwart organization from the cultural onslaught threatening it.

Life of Tom Horn Tom Horn, 1904 Tom Horn was a government scout, Mexican interpreter, lawman and detective. He left home at 14 and headed west where he worked on the railroad and as a stage coach driver. He learned to speak Mexican and at age 16 he was hired by the U.S. Cavalry as an interpreter. On the day before his 43rd birthday he was hanged for murder. This autobiography is a personal account of his exciting life during the Indian wars in pursuit of the Apache chief, Geronimo.
