Click Date Repeat K. J. Farnham, 2014-08-21 These days, finding love online is as commonplace as ordering that coveted sweater. But back in 2003, the whole concept of internet dating was still quite new, with a stigma attached to it that meant those who were willing to test the waters faced a fair amount of skepticism from friends and family. Such is the case for Chloe Thompson, a restless 20-something tired of the typical dating scene and curious about what she might find inside her parents' computer. With two serious but failed relationships behind her, Chloe isn't even entirely sure what she's looking for. She just knows that whatever it is, she wants to find it. Chloe's foray into online dating involves a head-first dive into a world of matches, ice breakers and the occasional offer of dick pics, all while Chloe strives to shake herself of the ex who just refuses to disappear. Will she simultaneously find herself and "the one" online, or will the ever-growing pile of humorous and downright disastrous dates only prove her friends and family right? There's only one way to find out... Click. Date. Repeat.

Word Freak Stefan Fatsis, 2001-07-07 This “marvelously absorbing” book is “a walk on the wild side of words and ventures into the zone where language and mathematics intersect” (San Jose Mercury News). A former Wall Street Journal reporter and NPR regular, Stefan Fatsis recounts his remarkable rise through the ranks of elite Scrabble players while exploring the game’s strange, potent hold over them—and him. At least thirty million American homes have a Scrabble set—but the game’s most talented competitors inhabit a sphere far removed from the masses of “living room players.” Theirs is a surprisingly diverse subculture whose stars include a vitamin-popping standup comic; a former bank teller whose intestinal troubles earned him the nickname “G.I. Joel”; a burly, unemployed African American from Baltimore’s inner city; the three-time national champion who plays according to Zen principles; and the author himself, who over the course of the book is transformed from a curious reporter to a confirmed Scrabble nut. Fatsis begins by haunting the gritty corner of a Greenwich Village park where pickup Scrabble games can be found whenever weather permits. His curiosity soon morphs into compulsion, as he sets about memorizing thousands of obscure words and fills his evenings with solo Scrabble played on his living room floor. Before long he finds himself at tournaments, socializing—and competing—with Scrabble’s elite. But this book is about more than hardcore Scrabblers, for the game yields insights into realms as disparate as linguistics, psychology, and mathematics. Word Freak extends its reach even farther, pondering the light Scrabble throws on such notions as brilliance, memory, competition, failure, and hope. It is a

geography of obsession that celebrates the uncanny powers locked in all of us, “a can’t-put-it-down narrative that dances between memoir and reportage” (Los Angeles Times). “Funny, thoughtful, character-rich, unchallengeably winning writing.” —The Atlantic Monthly This edition includes a new afterword by the author.

Why They Run the Way They Do Susan Perabo, 2017-02-21 In *Why They Run the Way They Do*, critically acclaimed author Susan Perabo illustrates the triumphs and tragedies of daily life. Perfectly distilled into moments of sharp humor and poignancy, this collection features ordinary people in sometimes extraordinary circumstances. Two young students try their hand at blackmail upon learning an illicit secret; a woman grapples with feelings of betrayal after discovering her spinster sister’s pregnancy test; the ghost of a couple’s past comes back to haunt them in the form of their toddler’s stuffed toy.--Publisher description.

Teaching in Troubled Times Kathy Paterson, 2010 This topical book begins with an appeal to teachers to remain positive in spite of what's happening outside the classroom and provides ideas to build confidence in addressing students' troubles. It offers valuable insights into dealing with any number of challenges, from children's worries about the world to the parental tendency to overprotect to teachers' need to recharge in the midst of a stressful day. Practical and accessible, the book suggests simple ways of guiding honest and responsive discussion, as well as liberating activities that encourage students to disengage from their fears. It addresses children's heavy exposure to violence and stereotypes, especially through the media. It shows teachers how to explore major issues in the lives of their students in a healthy, positive way, and how to encourage stronger, more

aware, independent, and successful learners.--Publisher.

The Lucky Dog Matchmaking Service Beth Kendrick,2012-05-01 From Beth Kendrick comes a hilarious and heartwarming story about bad dogs and the women who love them... Lara Madigan has a gift. She can help you find your soulmate--your canine soul mate, that is. As a dog trainer with a soft spot for strays, she's found the perfect home for sulky Shih Tzus, broken-down Border Collies, and diabolical Dalmatians. But while she'll always make room for one more rescue mutt, she's not sure she's ready to commit to another human being--especially after her long-term boyfriend drops the bomb: He's not a dog person. Horrified and temporarily homeless, Lara and her furry pack move in with her mother, a wealthy fashionista who forbids even a single drop of drool. As word gets around the exclusive gated community, Lara is overwhelmed with demands for her services. A model wants personal training for her overweight "flabrador"; an aging socialite preps her pedigreed puppy for dog show domination.... If Lara can survive the breakup, the outrageous requests of her high-maintenance clientele, and her dogs' systematic destruction of her mother's McMansion, she might finally find the rescue dog who rescues her in return--by leading her straight to the guy who could be her perfect match.

Ageing in urban neighbourhoods Smith, Allison E., 2009-09-02 Many western nations have experienced a rise in the number of marginalised and deprived inner-city neighbourhoods. Despite a plethora of research focused on these areas, there remain few studies that have sought to capture the 'optimality' of ageing in place in such places. In particular, little is known about why some older people desire to age in place despite multiple risks in their neighbourhood and why others reject ageing in place. Given the growth in both the ageing of the population and policy interest in the cohesion and sustainability of neighbourhoods there is an urgent need to better understand the experience of ageing in marginalised locations. This book aims to address the shortfall in knowledge regarding older people's attachment to deprived neighbourhoods and in so doing progress what critics have referred to as the languishing state of environmental gerontology. The author examines new cross-national research with older people in deprived urban neighbourhoods and suggests a rethinking and refocusing of the older person's relationship with place. Impact on policy and future research are also discussed. This book will be relevant to academics, students, architects, city planners and policy makers with an interest in environmental gerontology, social exclusion, urban sustainability and design of the built environment.

The Prodigals Frank Burton, 2011-02-14

Equal Time, Equal Value Ed Collom, Judith N. Lasker, 2016-05-23 Equal Time, Equal Value is the first systematic investigation of Time Banking in the United States. Drawing upon detailed case studies and making use of a mix of qualitative and quantitative data this book explores the most popular type of what has been called 'community currencies', in which localized systems based

on time or dollar equivalents act as the medium of exchange. As such, it offers rich insights into the challenge presented by Time Banking to both the traditional social service and economic models, through the creation of an environment of reciprocity in which everyone's work has equal value. Locating Time Banking within the context of community currencies more generally and investigating the particular characteristics that are central to the production of positive outcomes, Equal Time, Equal Value examines the organizational characteristics of Time Banks, as well as the motivations of members, types and patterns of exchanges, and the effects on members of Time Bank participation in the USA. A timely and detailed exploration of exchange systems at a time of rising unemployment and declining confidence in global economic structures, this book will appeal to sociologists, cultural geographers and anthropologists with interests in social movements, the sociology of work, health promotion and policy, inequality and questions of the creation of community and sustainability.

Children, Adolescents, and Death Robert G. Stevenson, Gerry R.

Cox, 2017-02-02 The topic of death and related issues (such as grief) often begin with questions. When the questions come from, or are about, children or adolescents, they bring an additional component...the fear some adults have of giving a "wrong" answer. In this context a wrong answer is one that can cause more harm than good for the child or adolescent who asked the question. This book provides information that can be used to address the death-related questions from children and adolescents. It also looks at questions from caring adults about the way children or adolescents view death and the grief that follows a death or any major loss. Children, Adolescents, and Death covers topics that start with early studies of childhood grief and progress

to expression of grief in cyberspace. There is no one answer to most of the questions in this book. There are contributors from a number of continents, countries, cultures, and academic disciplines, each of whom brings a unique view of the topic issues they discuss. There are presentations of practical interventions that others may copy, upon which they can build. There are a number of chapters that look at death education in both family and school settings. This work contains ideas and techniques that can be of value to parents, educators, counselors, therapists, spiritual advisors, caring adults and, of course, will be of the most benefit to those who ask the most questions...the children and adolescents themselves.

Desperate Hours Richard Goldstein, 2007-07-27 A stupendous feat of reportage. -Ron Powers, cowriter of *Flags of Our Fathers* Praise for *Desperate Hours* Goldstein's book is packed with detail. . . . This description of the *Doria*'s sinking is especially moving. -The New York Times A stupendous feat of reportage. Goldstein has virtually put us into lifeboats and sent us hurtling into the North Atlantic on the night of July 25, 1956. -Ron Powers, cowriter, *Flags of Our Fathers*, and author of *Dangerous Water* and *Tom and Huck Don't Live Here Anymore* On an extraordinary summer's night in 1956, in a fog off Nantucket, the world-renowned ocean liner *Andrea Doria* collided with the Swedish liner *Stockholm* and, eleven hours later, tragically sank. But in that brief time the *Doria* became, after the *Titanic*, the most storied vessel of the century, as nearly 1,700 people were saved in an unforgettable rescue punctuated by countless acts of heroism amid confusion, terror, and even cowardice. In the tradition of Walter Lord's *A Night To Remember*, *Desperate Hours* re-creates the ill-fated voyage, from the passengers' parting waves at Genoa, to their last evening highball in the *Doria*'s lavish lounge, to the

unbelievable realization that catastrophe was imminent. Richard Goldstein draws from dozens of interviews, court documents, memoirs, and reports that relate never-before-told stories. He also presents technical findings that shed light on the blame for the disaster. The result is a definitive history of a fateful day, a legendary liner, and a deadly shipwreck now considered by scuba divers to be the Mount Everest of the deep.

My City, My New York Jeryl Brunner, 2011-10-04 What do famous people love to do during their free time in the Big Apple? Like all New Yorkers, even the well-known among them have cherished rituals that connect them to their city in a unique way—favorite restaurants, delis, museums, parks, galleries, landmarks, haunts, and hideaways. For one resident, it may be watching tango dancers on Saturday nights in Central Park; for another, it's riding a bike over the Brooklyn Bridge to get a slice of Grimaldi's pepperoni pizza and a view of the Manhattan skyline from across the East River. Perhaps it entails choosing from the many varieties of bread at Rock Hill Bake House in the Union Square Greenmarket or simply walking across 46th Street and ending up at the great Broadway hangout, Angus McIndoe. In a refreshing step beyond the usual travel guides and tourist listings, *My City, My New York* quotes VIPs and gives readers something truly unique: a chance to experience Manhattan the way its most notable luminary residents do. The activities and establishments included are diverse, often eclectic, and, most-importantly, nonexclusive—you don't need to be a celebrity to enjoy them. While offering new and creative possibilities for exploration, *My City, New York* is also a love letter to the Big Apple and will touch even the most jaded New Yorkers. Celebrities include: - Matthew Broderick - Woody Allen - Bette Midler - Joan Rivers - Donald Trump - Chris Noth - Mayor Michael Bloomberg - Alex Rodriguez
