Recycling Christmas Cards Anneke Lipsanen,2014-09-10 If you are a crafter, teacher or parent interested in recycling Christmas cards, then you will love these pretty eco crafts, ideas and special templates to repurpose your used Holiday cards into charming new crafted items. The full color book with instructions and photographs for the 50 projects, plus the template collection with easy craft templates, are all you need to give used greeting cards a second life. The templates are designed and adapted for greeting card sizes and can be used again and again. Don't throw away those beautiful cards after the very short holiday period! Create nifty new items for fabulous scrapbooking, pretty packaging, little personal gifts, fun favors, small tokens of appreciation, creative containers, decor, decorations and ornaments! There are bonus projects, printable pattern paper and a second set of blank craft templates too. Make them for yourself, or to sell at craft markets and fundraising events. And use them for school arts and crafts projects too, as many projects are suitable for children. No fancy coordinated craft shop designs or expensive embellishments are needed. Just use what you have on hand. The happy patchwork medley is exactly what makes the projects in Recycling Christmas Cards so charming. Those lavish graphics on greeting cards were created by professional designers and make fabulous crafting material for pennies on the dollar - and in sturdy cardstock to boot. They are just waiting for the new life you can give them. Folks love to browse craft fairs and the likes for those inexpensive little something gifts. Many projects are geared towards such little gifts and stocking stuffers. Crafters will love the 45 craft templates in the book, as they have the perfect size for the projects. (Suggestions for recycling Christmas cards are easy to find, but finding templates that are ready to use and scaled to size are not). For convenience the templates are also available as printable downloads. If you have some odd cards left in a box somewhere, you can start your crafting straight away. Then ask friends, family and neighbors for theirs, as you will soon need (and want) a lot of cards. You can even arrange collection boxes at super markets, clubs and such. It is not just about recycling Christmas cards, but about recycling Christmas fun - all year long! So keep every one of your cards and get started for the next Holiday

season, because 40 million recycled cards save 13 600 trees! Reuse, remake, repurpose, reduce, recycle and rethink!

The Scrapbook in American Life Susan Tucker,Katherine Ott,Patricia Buckler,2006 This book explores the history of scrapbook-making, its origins, uses, changing forms and purposes as well as the human agents behind the books themselves. Scrapbooks bring pleasure in both the making and consuming - and are one of the most enduring yet simultaneously changing cultural forms of the last two centuries. Despite the popularity of scrapbooks, no one has placed them within historical traditions until now. This volume considers the makers, their artefacts, And The viewers within the context of American culture. The volume's contributors do not show the reader how to make scrapbooks or improve techniques but instead explore the curious history of what others have done in the past and why these splendid examples of material and visual culture have such a significant place in many households.

Paraphernalia! Victorian Objects Helen Kingstone,Kate Lister,2018-01-17 The Victorian era is famous for the collecting, hording, and displaying of things; for the mass production and consumption of things; for the invention, distribution and sale of things; for those who had things, and those who did not. For many people, the Victorian period is intrinsically associated with paraphernalia. This collection of essays explores the Victorians through their materiality, and asks how objects were part of being Victorian; which objects defined them, represented them, were uniquely theirs; and how reading the Victorians, through their possessions, can deepen our understanding of Victorian culture. Miscellaneous and often auxiliary, paraphernalia becomes the 'disjecta' of everyday life, deemed neither valuable enough for museums nor symbolic enough for purely literary study. This interdisciplinary collection looks at the historical, cultural and literary debris that makes up the background of Victorian life: Valentine's cards, fish tanks, sugar plums, china ornaments, hair ribbons, dresses and more. Contributors also, however, consider how we use Victorian objects to construct the Victorian today; museum spaces,

the relation of Victorian text to object, and our reading – or gazing at – Victorian advertisements out of context on searchable online databases. Responding to thing theory and modern scholarship on Victorian material culture, this book addresses five key concerns of Victorian materiality: collecting; defining class in the home; objects becoming things; objects to texts; objects in circulation through print culture.
