From the Ground Up Daniel Stoffman, Tony Van Leersum, 2007-01-01

Lost Libraries J. Raven, 2004-01-31 This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

The Google Story (2018 Updated Edition) David A. Vise, Mark Malseed, 2005-11-15 The definitive, bestselling account of the company that changed the way we work and live, updated for the twentieth anniversary of Google's founding with analysis of its most recent bold moves to redefine the world—and its even more ambitious plans for the future. Moscow-born Sergey Brin and Midwest-born Larry Page dropped out of graduate school at Stanford University to, as they said, “change the world” through a powerful search engine that would organize every bit of information on the Web for free. The Google Story takes you deep inside the company's wild ride from an idea that struggled for funding in 1998 to a firm that today rakes in billions in profits. Based on scrupulous research and extraordinary access to Google, this fast-moving narrative reveals how an unorthodox management style and a culture of innovation enabled a search-engine giant to shake up Madison Avenue, clash with governments that accuse it of being a monopoly, deploy self-driving cars to forever change how we travel, and launch high-flying Internet balloons. Unafraid of controversy, Google is surging ahead with artificial intelligence that could cure diseases but also displace millions

of people from their jobs, testing the founders' guiding mantra: DON'T BE EVIL. Praise for The Google Story "[The authors] do a fine job of recounting Google's rapid rise and explaining its search business."—The New York Times "An intriguing insider view of the Google culture."—Harvard Business Review "An interesting read on a powerhouse company . . . If you haven't read anything about one of today's most influential companies, you should. If you don't read The Google Story, you're missing a few extra treats."—USA Today "Fascinating . . . meticulous . . . never bogs down."—Houston Chronicle

Dark Continent Mark Mazower, 2009-05-20 An unflinching and intelligent alternative history of the twentieth century that provides a provocative vision of Europe's past, present, and future. [A] splendid book. —The New York Times Book Review Dark Continent provides an alternative history of the twentieth century, one in which the triumph of democracy was anything but a forgone conclusion and fascism and communism provided rival political solutions that battled and sometimes triumphed in an effort to determine the course the continent would take. Mark Mazower strips away myths that have comforted us since World War II, revealing Europe as an entity constantly engaged in a bloody project of self-invention. Here is a history not of inevitable victories and forward marches, but of narrow squeaks and unexpected twists, where townships boast a bronze of Mussolini on horseback one moment, only to melt it down and recast it as a pair of noble partisans the next.

Perfect Illusion Claudia Tan, 2021-09-21 From showmance to romance? Will Alex open her heart (and mind) and let notorious playboy Daniel Kerrington in? Part of the Perfect universe that includes Perfect Addiction, the fan favorite novel that inspired the film! Now a motion picture on Amazon

Prime starring Kiana Madeira, Ross Butler, and Matthew Noszka! When her parents' company fails, Alex Woods finds herself at the mercy of billionaire Harry Kerrington, who will bail them out but only at a cost. That price? Alex must agree to be engaged to Harry's playboy son for a period of three years. Three years to put her life on hold. Three years where she has to pretend. Three years she won't get back . . . Daniel isn't happy about the arrangement, either. But he's willing to make it work, to prove to his father that he's ready to run the company. And when the sparks do more than fly, Daniel will do anything to prove to Alex that he's worthy of her, that he's changed his ways. Except she doesn't know if she can ever trust him, or her heart—both of which have betrayed her before . . . Perfect Illusion is the first book in the Perfect Series from Claudia Tan, and this steamy new adult romance from the Wattpad superstar will take your heart for a ride and never let go!

Lights Out in Wonderland: A Novel DBC Pierre, 2011-08-08 Lights Out in Wonderland has all the verbal wit and energy of Vernon God Little.—Financial Times Gabriel Brockwell—aesthete, philosopher, disaffected twenty-something decadent—is thinking terminal. He's decided to kill himself—but not immediately. His destination is Wonderland. The style of the journey is all that's to be decided. Traveling between London, Tokyo, and Berlin, Gabriel is in search of the bacchanal to obliterate all previous parties. His adventure takes in a spell in rehab, a near-death experience eating a poisonous Japanese delicacy, and finally an orgiastic feast in the bowels of Berlin's majestic Tempelhof Airport. Along the way, Gabriel falls apart, only to reemerge with a new outlook on the world and a mission to right his past wrongs. Lights Out in Wonderland is an allegorical banquet, a sly commentary on these End Times and the march toward banality, and a joyful expression of the human spirit.
