**The Final Trial** Kelley Armstrong, 2022-06-07

Rowan embarks on an expedition to prove once and for all that she is the rightful royal monster hunter, in the fourth and final book in this fantastical series by New York Times–bestselling author, Kelley Armstrong. The time has come! After discovering the true reason for the monster migration, Rowan is on an expedition to ultimately prove that she is worthy of the ebony monster-slaying sword on her back. She and her twin brother, Rhydd, their friends Dain and Alianor, as well as some other trusted advisors – and the ever-growing group of monstrous companions – are on a mission to help protect the dragon living in their homeland and are travelling to kingdoms beyond to make their case. But not everyone agrees that people can live peacefully alongside monsters, especially when new terrifying creatures appear. It will take everything Rowan has to fight off threats of all kinds, from both monsters and people. It won't be easy, but if she succeeds, she will become Royal Monster Hunter at long last.

*The Case of the Vanished Sea Dragon* Gareth P. Jones, 2012-09-13 When Detective Dirk Dilly gets a surprise visit from a Sea Dragon in need of his sleuthing skills, at first he dismisses the case. After all, dragons are extremely high risk and they rarely pay well. But soon Dirk is stuck - from his horny head to the tip of his scaly tail - right in the thick of a dramatic new mystery full of unexpected danger. His trusty friend Holly has made some startling discoveries too, and it's not long before Holly and Dirk are together involved in perhaps their slipperiest mystery yet, involving the strange disappearance of a sister, a dodgy billionaire and some very powerful dragons. Not to mention they will make some unlikely friends along the way in this compelling and plot-driven story full of exciting and unusual twists

and turns.

The Sea Dragon Ruth Wolff,2021-09-14 Richard Halliburton was the world famous adventurer who, in the 1920's and 1930's, thrilled his millions of adoring fans with tales of his daring exploits on his worldwide travels. He was one of the most popular and romantic figures of his time. THE SEA DRAGON is a novel about his last adventure – his attempt to cross the wild Pacific in a Chinese junk. Known for his daring adventures, Richard Halliburton had to hide the fact that he was gay. What drove Halliburton to his adventurous extremes is something which drives us all: the need to experience life to the fullest, to escape the bounds of the ordinary. Looking out over Hong Kong Harbor from Victoria Peak at sunset, Halliburton describes the force which drives him this way: There's a feeling – do you know it? – when your pulse races and you can hardly catch your breath. All the slights and frustrations of your life are forgotten – and the world seems so full you could burst with pleasure and excitement. ... That's the feeling that I'm after. That's what keeps me going, time after time. He paused, looking out over the harbor, then continued: Life closes in – so swiftly – and so often. We want to breathe free – but most of the time we can't.
