**Gregory J. Snyder**

Stalefish Sean Mortimer,2008-04-30 How is being a professional skateboarder different from being, say, a professional golfer? More scabs, for one. Veteran skate journalist Sean Mortimer has interviewed the top skaters of all time to answer that question in meaningful and often humorous ways. Tony Hawk, Stacy Peralta, Lance Mountain, and Rodney Mullen are a handful of the skaters who opine on sacking yourself, skate-induced ulcers, and the various ways in which skating ruins your love life. Including compelling photographs, *Stalefish* documents the gritty oral history of professional skating like no other book.

Skateboarding LA Gregory J. Snyder,2017-12-05 Inside the complex and misunderstood world of professional street skateboarding On a sunny Sunday in Los Angeles, a crew of skaters and videographers watch as one of them attempts to land a “heel flip” over a fire hydrant on a sidewalk in front of the Biltmore Hotel. A staff member of the hotel demands they leave and picks up his phone to call the police. Not only does the skater land the trick, but he does so quickly, and spares everyone the unwanted stress of having to deal with the cops. This is not an uncommon occurrence in skateboarding, which is illegal in most American cities and this interaction is just part of the process of being a professional street skater. This is just one of Gregory Snyder’s experiences from eight years inside the world of professional street skateboarding: a highly refined, athletic and aesthetic pursuit, from which a large number of people profit. *Skateboarding LA* details the history of skateboarding, describes basic and complex tricks, tours some of LA's most famous spots, and provides an enthusiastic appreciation of this dangerous and creative practice. Particularly concerned with public spaces, Snyder shows that skateboarding offers cities much more than petty vandalism and exaggerated claims of destruction. Rather, skateboarding draws highly talented young people from around the globe to skateboarding cities, building a diverse and wide-reaching community of skateboarders, filmmakers, photographers, writers, and entrepreneurs. Snyder also argues that as stewards of public plazas and parks, skateboarders deter homeless encampments and drug dealers. In one stunning case, skateboarders transformed the West LA Courthouse, with Nike’s assistance, into a skateable public space. Through interviews with current and former professional skateboarders, Snyder vividly expresses their passion, dedication and creativity. Especially in relation to the city's architectural features—ledges, banks, gaps, stairs and handrails—they are constantly re-imagining and repurposing these urban spaces in order to perform their ever-increasingly difficult tricks. For anyone interested in this dynamic and daunting activity, *Skateboarding LA* is an amazing ride.

Hawk Tony Hawk,Sean Mortimer,2010-09-21 For Tony Hawk, it wasn't enough to skate for two decades, to invent more than eighty tricks, and to win more than twice as many professional contests as any other skater. It wasn't enough to knock himself unconscious more than ten times, fracture several ribs, break his elbow, knock out his teeth twice, compress the vertebrae in his back, pop his bursa sack, get more than fifty stitches laced into his shins, rip apart the cartilage in his knee, bruise his tailbone, sprain his ankles, and tear his ligaments too many times to count. No. He had to land the 900. And after thirteen years of failed attempts, he nailed it. It had never been done before. Growing up in Sierra Mesa, California, Tony was a hyperactive demon child with an I44 IQ. He threw tantrums, terrorized the nanny until she quit, exploded with rage whenever he lost a game; this was a kid who was expelled from preschool. When his brother, Steve, gave him a blue plastic hand-me-down skateboard and his father built a skate ramp in the driveway, Tony finally found his outlet—while skating, he could be as hard on himself as he was on everyone around him. But it wasn't an easy ride to the top of the skating game. Fellow skaters mocked his skating style and dubbed him a circus skater. He was so skinny he had to wear elbow pads on his knees, and so light he had to ollie just to catch air off a ramp. He was so desperate to be accepted by young skating legends like Steve Caballero, Mike McGill, and Christian Hosoi that he ate gum from between Steve's toes. But a few years of determination and hard work paid off in multiple professional wins, and the skaters who once had mocked him were now trying to learn his tricks. Tony had created a new style of skating. In *Hawk* Tony goes behind the scenes of competitions,

demos, and movies and shares the less glamorous demands of being a skateboarder--from skating on Italian TV wearing see-through plastic shorts to doing a demo in Brazil after throwing up for five days straight from food poisoning. He's dealt with teammates who lit themselves and other subjects on fire, driving down a freeway as the dashboard of their van burned. He's gone through the unpredictable ride of the skateboard industry during which, in the span of a few years, his annual income shrank to what he had made in a single month and then rebounded into seven figures. But Tony's greatest difficulty was dealing with the loss of his number one fan and supporter--his dad, Frank Hawk. With brutal honesty, Tony recalls the stories of love, loss, bad hairdos, embarrassing '80s clothes, and his determination that had shaped his life. As he takes a look back at his experiences with the skateboarding legends of the '70s, '80s, and '90s, including Stacy Peralta, Eddie Elguera, Lance Mountain, Mark Gonzalez, Bob Burnquist, and Colin McKay, he tells the real history of skateboarding--and also what the future has in store for the sport and for him.

**The Mutt** Rodney Mullen, Sean Mortimer, 2004-07-20 At age six, Rodney Mullen was the family misfit who had to wear braces to straighten out his pigeon-toed feet. But by age fourteen, he was a world-champion skateboarder -- and for the next decade lost only one contest. Now, for the first time, Rodney tells the incredible story of his ascent to fame as the number one nerd in a sport where anarchy is often encouraged. Rodney learned to skate by himself on the family farm, his only company the wandering cows. As a teenager he traveled the world for demonstrations, invented the flatground ollie -- a trick that laid the foundation for modern street skating -- and in ten years garnered thirty-five world skating titles. While acing skateboard contests Rodney also earned straight A's in school, but his father forced him to abandon his fame and the fortune he could make from the sport he loved. Rodney was unable to stop for very long though, even after freestyle skating went out of fashion and the skateboarding world abandoned him. He adapted to street skating and eventually became one of the most innovative and influential skaters of all time. It's all here: everything from his eating and sleeping disorders to his comical experiences with loan sharks, occult-obsessed relatives, and the FBI. *The Mutt* is a look at Rodney's strange journey from penniless skateboarder to millionaire.

**Tony Hawk** Tony Hawk, Sean Mortimer, 2010-10-05 In this young adult autobiography, Tony Hawk shares the stories from his life that have helped him become a skateboarding hero. Hawk speaks of being a super-competitive 'demon' child who found peace while on a skateboard. Classmates teased him because of his interest in an 'uncool' sport. Instead of retaliating with violence, he practiced even more. With his story, he will inspire a younger generation of fans to stand up for what they believe in and follow their dreams.

**Disposable** Sean Cliver, 2007 Longtime skateboard artist Sean Cliver has authored a 228-page, full-colour book showcasing over 1000 skateboard graphics from the last 30 years.

**The Big Brother Book** Sean Cliver, Dave Carnie, 2016-03 No other magazine pushed the boundaries of skateboarding and pop culture like *Big Brother*, the raunchiest, rowdiest magazine to come out of the 1990s. Constantly at the center of much-deserved controversy, the rag has been decried as pornography, bought and unexpectedly dropped by Larry Flynt of the *Hustler* empire, and credited as the genesis of the Jackass universe; it was also the champion of unknown skaters and featured some of today's biggest names in skate culture when they were just children. Now author Sean Cliver puts a bow on the publication with *The Big Brother Book*, a collection of covers and spreads from every issue of the notorious publication. Featuring high-quality scans of the magazine itself no production or layout files remain in existence with just enough text to explain what's going on and choice quotes from each issue, this book makes it easy as well as fun to stoop to *Big Brother's* level.

**The Disposable Skateboard Bible** Sean Cliver, 2019-10-02 Celebrate the 10th anniversary of

the greatest skateboard deck compilation with this special print edition of *The Disposable Skateboard Bible*. With the release of *Disposable: A History of Skateboard Art* in 2004, author Sean Cliver made a brilliant attempt at artfully cataloging every important skateboard deck ever released. In the process, he created a classic, but was left feeling less than satisfied. Ever the completist, the gaping omissions in the first book gnawed at him and drove him to envision compiling the ultimate encyclopedia of Skateboard decks. While *Disposable* was beautiful, capturing the essence of the aesthetic, *The Disposable Skateboard Bible* sets out to be the ultimate guide. The author's industry insider status (in 1989 he landed his first job as a designer at Powell-Peralta) allows him to guide readers through the culture and experience, the art and the mania of the skate world with authority and expertise. While the boards take center stage, fascinating vignettes and recollections by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta and more.

**The Disposable Skateboard Bible** Sean Cliver, 2024-06-11 The skateboard decks documented in this special collection are immaculately photographed and laid-out for maximum graphic glory. In *The Bible*, the visuals take center stage, but the fascinating vignettes and recollections provided by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta bring context to the aesthetic mayhem. The board graphics within *The Disposable Skateboard Bible* are broken down by decade: (beginning in 1960) documenting some of the earliest deck designs; through the 70s and the game-changing advent of urethane wheels; the 80s with its ups and downs, big decks and mass-market popularity; finally, the graphic chaos of the 90s through the turn of the millennium. This book is a blue chip, must-have reference for any graphics library.

The Temporary Gentleman Sebastian Barry,2015-04-28 A stunning new novel from the two-time Man Booker shortlisted author of *The Secret Scripture*. Sebastian Barry's latest novel, *A Thousand Moons*, is now available. Irishman Jack McNulty is a “temporary gentleman”—an Irishman whose commission in the British army in World War II was never permanent. Sitting in his lodgings in Accra, Ghana, in 1957, he’s writing the story of his life with desperate urgency. He cannot take one step further without examining all the extraordinary events that he has seen. A lifetime of war and world travel—as a soldier in World War II, an engineer, a UN observer—has brought him to this point. But the memory that weighs heaviest on his heart is that of the beautiful Mai Kirwan, and their tempestuous, heartbreaking marriage. Mai was once the great beauty of Sligo, a magnetic yet unstable woman who, after sharing a life with Jack, gradually slipped from his grasp. Award-winning author Sebastian Barry’s *The Temporary Gentleman* is the sixth book in his cycle of separate yet interconnected novels that brilliantly reimagine characters from Barry’s own family.

**Asian American Sporting Cultures** Stanley I. Thangaraj,2016-04-05 Delves into the long history of Asian American sporting cultures, considering how identities and communities are negotiated on sporting fields Through a close examination of Asian American sporting cultures ranging from boxing and basketball to spelling bees and wrestling, the contributors reveal the intimate connection between sport and identity formation. Sport plays a special role in the processes of citizen-making and of the policing of national and diasporic bodies. It is thus one key area in which Asian American stereotypes may be challenged, negotiated, and destroyed as athletic performances create multiple opportunities for claiming American identities. This volume incorporates work on Pacific Islander, South Asian, and Southeast Asian Americans as well as East Asian Americans, and explores how sports are gendered, including examinations of Asian American men’s attempts to claim masculinity through sporting cultures as well as the “Orientalism” evident in discussions of mixed martial arts as practiced by Asian American female fighters. This American story illuminates how marginalized communities perform their American-ness through co-ethnic and co-racial sporting spaces.
