*Sea Storm* Andrew Mayne,2022-03-29 A Wall Street Journal bestselling series. An explosive conspiracy sets the ocean roiling for a deep-diving investigator in a riveting thriller by the author of the Amazon Charts bestseller *The Girl Beneath the Sea*. A distress call draws rescuers Sloan McPherson and the Underwater Investigation Unit to a cruise ship off the coast of Fort Lauderdale that's sinking from a mysterious explosion. When it appears to be the work of an ecoterrorist and other ships are threatened, it becomes a race against time. More clues are discovered, and evidence is in danger of being washed away by a coming tropical storm. Sloan grows concerned that key details are being ignored, and a strange lack of urgency by authorities sets off alarms. As the troubling questions compound, Sloan is determined to chase down every lead she has. Her persistence is getting her closer to the truth: that there's something far more troubling at play than the official explanation. It's also putting Sloan on a collision course with an enemy more powerful than she realizes, in a case so complex and deadly it may be impossible to prove. Now cracking the case is a matter of staying one step ahead of someone with every resource imaginable to bury Sloan and everything she knows.

**Greyland** Dave Van Arnem,2014-09-11 It was an alien world of infinite peace...or was it? He awoke as from some misty, prolonged, vaguely disturbing dream, yet somehow he knew that what had happened and what was happening had a strange reality. It was not the kind of reality his disciplined mind would have accepted in the past, though his consciousness rejected the concept of present and past. This reality seemed to exist outside thought and apart from emotion. There was the lingering physical sensation of having traveled infinite distances through unimaginable dimensions. There was, too, the sense of unthreatening mystery, of soft, overpowering greyness. This total greyness meant limitless peace, he seemed to know. He knew his name. He spoke it aloud. The beautiful girl bending over him repeated it. Her skin was grey...

**Sea Storm** Laverne Thompson,2014-02-27 For so long Des' life was a lie. She had to hide who she really was from the world. Her survival and that of her family depended on her continuing those lies. But it was never harder than when she had to lie to the man she loved. She was lying to him. *Professional Support Beyond Initial Teacher Education* Anna Elizabeth Du Plessis, 2019-08-26 This book investigates the professional learning needs of teachers beyond initial teacher education, focusing on teachers in complex teaching positions, such as out-of-field teaching practices. The information presented here will help to improve professional learning strategies, while also offering an in-depth understanding of teachers' needs, leaders' perceptions, and what complex teaching situations mean for teachers' professional learning and development. Further, Du Plessis shares the perceptions and lived experiences of teachers, parents, leaders and students as key stakeholders in quality teaching and learning environments. In light of new evidence-informed findings on the out-of-field phenomenon and continuing professional learning, Du Plessis puts forward strategies that will enhance the effectiveness of professional learning and development programs, while also fostering improved decision-making and policy development. In brief, Du Plessis focuses on the impact that complex teaching situations have on teachers' unique needs, the support that is provided, and the influence of the out-of-field phenomenon on teachers' responses to continuing professional learning and development programs.

*Shared Stories, Rival Tellings* Robert C. Gregg,2015-08-05 Judaism, Christianity, and Islam are considered kindred religions-holding ancestral heritages and monotheistic belief in common-but there are definitive distinctions between these Abrahamic peoples. Shared Stories, Rival Tellings explores the early exchanges of Jews, Christians, and Muslims, and argues that their interactions were dominated by debates over the meanings of certain stories sacred to all three communities. Robert C. Gregg shows how Jewish, Christian, and Muslim interpreters--artists as well as authors--developed their unique and particular understandings of narratives present in the two Bibles and the Qur'an. Gregg focuses on five stories: Cain and Abel, Sarah and Hagar, Joseph and Potiphar's Wife, Jonah and the Whale, and Mary the Mother of Jesus. As he guides us through the often intentional variations introduced into these shared stories, Gregg exposes major issues under contention and the social-intellectual forces that contributed to spirited, and sometimes combative, exchanges among Jews, Christians, and Muslims. Offering deeper insight into these historical moments and their implications for contemporary relations among the three religions, Shared Stories, Rival Tellings will inspire readers to consider--and reconsider--the dynamics of traditional and current social-religious competition.
