George Henry Preble

C U 2mrow @ 9 Deepal Saxena,2012-02 Mannu is a young boy from Lucknow whose online chats on ORKUT with Pia from Mumbai have brought them very close together. As close as lovers! After a failed secret rendezvous planned just to see each other for the first time in their lives, hope for another meeting is still alive. Is it love or is it destiny? Whatever it is, Mannu is sure to follow his dream as he knows that true love exists even today. Despite the unavoidable engineering exams, little savings in his pocket, and lying to the whole world and even his parents, this average guy is on his way to become a hero. Will they really ever meet? Would they recognize each other if they did? Will he ever reach the horizon of his real and virtual worlds?

Systems Training for Emotional Predictability and Problem Solving for Borderline Personality Disorder Donald W. Black,Nancee S. Blum,2017
Borderline personality disorder (BPD) is a potentially severely debilitating psychiatric diagnosis that may affect up to 2% of the general population. Hallmarks of BPD include impulsivity, emotional instability, and poor self-image, and those with BPD have increased risk for self-harm and suicide.

Systems Training for Emotional Predictability and Problem Solving (STEPPS) brings together research findings and information on implementation and best practices for a group treatment program for outpatients with BPD. A five-month long program easily learned and delivered by therapists from a wide range of theoretical orientations, STEPPS combines cognitive behavioral therapy, emotion management and behavioral skills training, and psychoeducation with a systems component that involves professional care providers, family, friends, and significant others of persons with BPD. The book provides a detailed description of the program, reviews the body of evidence supporting its use and implementation, and describes its dissemination worldwide and in different settings. Empirical data show that STEPPS is effective and produces clinically important improvement in mood and behavior, while reducing health care utilization. Unique among programs for BPD, STEPPS has been exhaustively studied in correctional systems (both prisons and community corrections), where it is shown to be as effective as in community settings. This volume will be a valuable guide to those in psychiatry, psychology, social work, nursing, and the counseling professions who treat people with BPD.

Joel & Cat Set the Story Straight Nick Earls, Rebecca Sparrow, 2007-07-30 Joel and Cat Set the Story Straight is two weeks in the life of Joel Hedges and Cat Davis. Joel would prefer to get through his final year of high school without Cat Davis or his mother's faux Spanish boyfriend and just hang-out with his best-friend Luke. Cat Davis has an annoying best-friend, an even more annoying little brother, and a deep abiding hatred of Joel Hedges. Due to an unfortunate incident involving a leaking pen and suspected outbreak of Bird Flu, Joel and Cat are forced to sit next to each other in Extension English. To make matters worse, and to their mutual horror, they are paired together for a tandem story writing assignment. What ensues reveals a lot about how smug teenage boys are and what teenage girls really think. No, wait -- it's about a sane female and an insane male. It's about revenge and mistaken identity.
