Camels Are Easy, Comedy's Hard Roy Blount, 2013-12-10 DIVDIVAn eclectic collection from Roy Blount Jr., master of American humor writing/divDIV I'll tell you what kind of book I believe in: one that makes people say, at first sight, what the first person who ever saw a camel must have said: "What in the world is that?" And then, after a while, "Yet it seems to fit together some way."/divDIV In this laugh-a-minute assortment of essays, travel writing, poems, and even the occasional crossword puzzle, Roy Blount Jr. covers sixty-four different subjects, all unified by his trademark humor. "Tan" is a personal essay about Blount's lifelong battle with—sometimes for and sometimes against—that elusive summer glow. "Wild Fish Ripped My Flesh" chronicles his misadventures navigating the

Amazon River. And “Lit Demystified Quickly” is a tongue-in-cheek poem about larger-than-life literary figures such as James Joyce, William Faulkner, and Walt Whitman./divDIV Camels Are Easy, Comedy’s Hard is a classic compendium of the wisecracks and wisdom for which Blount is renowned./divDIV/div/div

Electromagnetic Compossibility, Second Edition, Heinz M. Schlicke, 1982-05-26 This book addresses one of the most pressing, controversial, and misunderstood areas of electrical engineering: the cost-effective prevention of electromagnetic interference and hazards in automated industrial systems. It focuses on civilian noncommunication environment.

Dispatches Volume One Roy Blount, 2018-10-09 Laugh-out-loud observations from “America’s foremost humorist” (Chicago Tribune). What Men Don’t Tell Women: Well, that’s just for starters. Roy Blount Jr. realized that nearly all of his writing involved things people don’t tell people: what Southerners don’t tell Northerners, what the sick don’t want to hear from the well, what no one would ever tell their mother, and what authors rarely admit to their readers. That all changes in this “honest .

. . funny” collection of confessional essays about sex, friendship, marriage, male bonding, female patience, and Elvis (The Boston Globe). One Fell Soup: A deliciously funny stew of reviews, diatribes, investigations, meditations, assorted grumblings, and verse about the absurdities of American life, death, fears, and ambition. Included in these fifty-nine easy pieces: the truth (as Blount sees it) about nudism, cricket-fighting, bowling, macaroni and cheese, black holes and black socks, nuclear holocausts, the CIA, domesticated fowl, pork bellies, God, and more. The whole shebang from “one of the most clever (see sly, witty, cunning, nimble) wordsmiths cavorting in the English language” (Carl Hiaasen). Camels Are Easy, Comedy’s Hard: Flesh-eating piranha! Synchronized swimming! Rubber chickens! Edith Wharton! Crossword puzzles! All and then some in this giddy compendium of essays, celebrity profiles, silly games, and side trips. Parts sports journalism, literary criticism, travel writing, and aborted novel, tossed with a few poems and a neo-Biblical one-act play, this is an uproarious—and sometimes heartening—anthology of adventures from “one writer who never fails to please” (The Village Voice).

Training For Military Drill Teams, Color Guards & Judges John Marshall, 2017-01-04 Written specifically for JROTC cadet drill teams, color guards, their instructors and competition judges. This book replaces the books *Filling in the Gaps*, Volumes I and II with the whole library of articles from the drillmaster.org website from its inception in 2011 to January 2017, organized into chapters that specifically address drill teams, ceremonies, color guards, general information, and judges.

In Defense of the Letter Double-U W. Whoolery White, 2014-12-17 W. Whoolery White never suspected that the letter Double-U - also known as W and dubya - would be the most interesting letter in the English language. But by virtue of his name, he always felt a connection to the letter, and his experiences as an English teacher, library administrator, and newspaper reporter instilled in him a deep appreciation for the misunderstood letter. He takes a humorous but informative approach in defending the letter, exploring questions such as: - Why do we have the same pronunciations for to, two, and too? - What words should include a W but don't? - Would using more W's save letter space in our writings? - What would an English alphabet for the twenty-first century look like? White blames

the French for the Polish language ending up with too many consonants, and he argues that there is an ancient, worldwide conspiracy against the letter, which really should be written as a Double-U instead of a Double-V. Take a hilarious journey that will teach you things about the English language you had no idea you didn't know, including why we should all stand up In Defence of the Letter Double-U.

The Mind Readers Margery Allingham,2023-04-28 A mysterious invention causes mayhem in a coastal English village—from “my very favourite of the four Queens of Crime” (J. K. Rowling). The ancient hamlet of Salter, once the haunt of smugglers, now hides a secret rich and mysterious enough to trap all who enter . . . and someone in town is willing to terrorize, murder, and raise the very devil to keep that secret to themselves. When a transistor thought to be the key to telepathic communication is found, Albert Campion is called to sort fact from fiction. But the device at the center of the mystery is in the possession of two schoolboys, and whether they stole it or invented it, there are others who will kill to get hold of it. “Allingham has a strong, well controlled sense of humour, a power of suggesting character with a few touches and an excellent English style. She has a sense of the fantastic, and is never dull” —Times Literary Supplement
