Bengali Harlem and the Lost Histories of South Asian America Vivek Bald,2013-01-07 Winner of the Theodore Saloutos Memorial Book Award Winner of the Association for Asian American Studies Book Award for History A Times Literary Supplement Book of the Year A Saveur “Essential Food Books That Define New York City” Selection In the final years of the nineteenth century, small groups of Muslim peddlers arrived at Ellis Island every summer, bags heavy with embroidered silks from their home villages in Bengal. The American demand for “Oriental goods” took these migrants on a curious path, from New Jersey’s beach boardwalks into the heart of the segregated South. Two decades later, hundreds of Indian Muslim seamen began jumping ship in New York and Baltimore, escaping the engine rooms of British steamers to find less brutal work onshore. As factory owners sought their labor and anti-Asian immigration laws closed in around them, these men built clandestine networks that stretched from the northeastern waterfront across the industrial Midwest. The stories of these early working-class migrants vividly contrast with our typical understanding of immigration. Vivek Bald’s meticulous reconstruction reveals a lost history of South Asian sojourning and life-making in the United States. At a time when Asian immigrants were vilified and criminalized, Bengali Muslims quietly became part of some of America’s most iconic neighborhoods of color, from Tremé in New Orleans to Detroit’s Black Bottom, from West Baltimore to Harlem. Many started families with Creole, Puerto Rican, and African American women. As steel and auto workers in the Midwest, as traders in the South, and as halal hot dog vendors on 125th Street, these immigrants created lives as remarkable as they are unknown. Their stories of ingenuity and intermixture challenge assumptions about assimilation and reveal cross-racial affinities beneath the surface of early twentieth-century America.

Force of Fire (The Fire Queen #1) Sayantani DasGupta,2021-06-01 From New York Times bestselling author Sayantani DasGupta comes the story of a demon who must embrace her bad to serve the greater good. Pinki hails from a long line of rakkhosh resistors, demons who have spent years building interspecies relationships, working together to achieve their goal of overthrowing the snakey oppressors and taking back their rights. But she has more important things to worry about, like maintaining her status as fiercest rakkhosh in her class and looking after her little cousins. There is also the teeny tiny detail of not yet being able to control her fire breathing and accidentally burning up school property.Then Sesha, the charming son of the Serpentine Governor, calls on Pinki for help in defeating the resistance, promising to give her what she most desires in return -- the ability to control her fire. First she'll have to protect the Moon Maiden, pretend to be a human (ick), and survive a family reunion. But it's all worth it for the control of her powers . . . right?

Asian Americans in Dixie Khyati Y. Joshi, Jigna Desai, 2013-10-01 Extending the understanding of race and ethnicity in the South beyond the prism of black-white relations, this interdisciplinary collection explores the growth, impact, and significance of rapidly growing Asian American populations in the American South. Avoiding the usual focus on the East and West Coasts, several essays attend to the nuanced ways in which Asian Americans negotiate the dominant black and white racial binary, while others provoke readers to reconsider the supposed cultural isolation of the region, reintroducing the South within a historical web of global networks across the Caribbean, Pacific, and Atlantic. Contributors are Vivek Bald, Leslie Bow, Amy Brandzel, Daniel Bronstein, Jigna Desai, Jennifer Ho, Khyati Y. Joshi, ChangHwan Kim, Marguerite Nguyen, Purvi Shah, Arthur Sakamoto, Jasmine Tang, Isao Takei, and Roy Vu.

Folklore, Religion and the Songs of a Bengali Madman Carola Lorea, 2016-08-01 In this book, Lorea explores the relationship between Bengali folklore, heterodox religious movements and politics of cultural representation through the contextual study of the eccentric guru Bhaba Pagla (1902-1984), his ecstatic songs and their performers.

Travel Culture, Travel Writing and Bengali Women, 1870–1940 Jayati Gupta, 2020-07-23 This book chronicles travel writings of Bengali women in colonial India and explores the intersections of power, indigeneity, and the representations of the 'self' and the 'other' in these writings. It documents the transgressive histories of these women who stepped out to create emancipatory identities for themselves. The book brings together a selection of travelogues from various Bengali women and their journeys to the West, the Aryavarta, and Japan. These writings challenge stereotypes of the 'circumscribed native woman' and explore the complex personal and socio-political histories of women in colonial India. Reading these from a feminist, postcolonial perspective, the volume

highlights how these women from different castes, class and ages confront the changing realities of their lives in colonial India in the backdrop of the independence movement and the second world war. The author draws attention to the personal histories of these women, which informed their views on education, womanhood, marriage, female autonomy, family, and politics in the late 19th and early 20th centuries. Engaging and insightful, this volume will be of interest to students and researchers of literature and history, gender and culture studies, and for general readers interested in women and travel writing.

Dependence and Autonomy Hilary Standing,2022-08-24 What are the effects of employment on women's well-being and social position in a Third World city? Until recently before publication, Calcutta (now Kolkata) had been notable for having one of the lowest rates of female employment in India. This had been largely determined by strong cultural beliefs that a woman's place is in the home. However, in recent years, the growth of 'female' jobs in the small-scale industry and service sectors, combined with an increase in male unemployment had resulted in a sudden increase in the numbers of women entering the labour force. Originally published in 1991 and based on Hilary Standing's extensive fieldwork within Bengali households, Dependence and Autonomy considers the effects of women's employment on the labour market, the household, and the women themselves. Particular attention is paid to the role of the life cycle and of class position in determining the impact of employment, and the work is set within a historical perspective on gender and employment in Bengali society. This book is a re-issue originally published in 1991. The language used is a reflection of its era and no offence is meant by the Publishers to any reader by this re-publication.

Being Bengali Mridula Nath Chakraborty,2014-03-26 Bengal has long been one of the key centres of civilisation and culture in the Indian subcontinent. However, Bengali identity – Bengaliness – is complicated by its long history of evolution, the fact that Bengal is now divided between India and Bangladesh, and by virtue of a very large international diaspora from both parts of Bengal. This book explores a wide range of issues connected with Bengali identity. Amongst other subjects, it considers the special problems arising as a result of the division of Bengal, and concludes by demonstrating that there are many factors which make for the idea of a Bengali identity.

Print and Publishing in Colonial Bengal Tapti Roy,2018-11-13 This book reconstructs the history of print and publishing in colonial Bengal by tracing the unexpected journey of Bharat Chandra's Bidyasundar, the first book published by a Bengali entrepreneur. The introduction of printing technology by the British in Bengal expanded the scope of publication and consumption of books significantly. This book looks at the developments and the parallel publishing initiatives of that time. It examines local enterprises in colonial Bengal engaged in producing and selling books and explores the ways in which they charted out a cultural space in the 19th century. The work sheds fresh light on book production and the culture of print, and narrates the processes behind the printing of books to understand the multi-layered literary practices they sustained. A valuable addition to the history of publishing in India, this book will be useful to scholars and researchers of South Asian and Indian history,

Bengali literature, media and cultural studies, and print and publishing studies. It will also appeal to those interested in the history of Bengal and the Bengali diaspora.
