*Shadow* Michael Morpurgo,2014-12-23 Author of War Horse, and bestselling storyteller Michael Morpurgo touched our hearts with this beautiful story of a boy, his lost dog, and the lengths he would go to be reunited. This timely story of battle-scarred Afghanistan delivers a masterful portrait of war, love, and friendship. With the horrors of war bearing down on them, Aman and his mother are barely surviving in an Afghan cave, and staying there any longer will end horribly. The only comfort Aman has is Shadow, the loyal spaniel that shows up from places unknown, it seems, just when Aman needs him most. Aman, his mother, and Shadow finally leave the destroyed cave in hopes of escaping to England, but are held at a checkpoint, and Shadow runs away after being shot at by the police. Aman and his mother escape--without Shadow. Aman is heart-broken. Just as they are getting settled as free citizens in England, they are imprisoned in a camp with locked doors and a barbed wire fence. Their only hope is Aman's classmate Matt, his grandpa, and the dream of finding his lost dog. After all, you never lose your shadow.

**Heaven's Shadow** David S. Goyer,Michael Cassutt,2011-07-05 The science fiction epic of our time has arrived. Three years ago, an object one hundred miles across was spotted on a trajectory for Earth's sun. Now, its journey is almost over. As it approaches, two competing manned vehicles race through almost half a million kilometers of space to reach it first. But when they both arrive on the entity, they learn that it has been sent toward Earth for a reason. An intelligent race is desperately attempting to communicate with our primitive species. And the message is: Help us.

*Meeting the Shadow* Connie Zweig,Jeremiah Abrams,1991-04-01 The author offers exploration of self and practical guidance dealing with the dark side of personality based on Jung's concept of shadow, or the forbidden and unacceptable feelings and behaviors each of us experience.

*Shadow* Jenny Moss,2010-06-01 Adventure, romance, and magic fill this tale of a girl who longs for love and freedom, and above all, to know herself. In a time of kings, queens, and conspiracy, it's impossible to know whom one can trust. . . . In a kingdom far away and long ago, it was prophesied at her birth that the queen would die before her sixteenth birthday. So Shadow, an orphan girl the same age as the young queen, was given the duty to watch her every move. And as prophesies do tend to come true, the queen is poisoned days before her birthday. When the castle is thrown into chaos, Shadow escapes with a young knight, whom she believes was betrothed to the queen. Unsure of why she is following Sir Kenway, but determined to run as far from her longtime prison as possible, Shadow sets off on an adventure with the handsome knight. But the kingdom is dying around them, and Shadow senses there are unknown forces at work. As mystery and romantic tension build, will Shadow uncover her own destiny?

*Shadow* Lucy Christopher,2020-06-01 A modern fairy tale about overcoming our fears and reconnecting with those we love most. In our old house, Ma told me there was nothing to be scared of. No monsters hiding behind doors, or in wardrobes, or under beds. She said there were no dark places at all. But in the new house, under my new bed, that's where I found Shadow. "Beautiful. A really powerful exploration of a child's experience of a parent's depression. Big and brave" —Nicola Davies, award-winning author "This soft-spoken story can be anything from a simple, lovely, modern fairy tale to a stunning allegory about overcoming fear & how a parent's depression can affect a child"—ALA Booklist "Helpful to any family going through a challenging situation yet hoping for a brighter future"—Youth Services Book Reviews, 5 STARS

When Suee transfers to the dull and ordinary Outskirts Elementary, she doesn't expect to hear a strange voice speaking to her from the darkness of the school's exhibit room, and she certainly doesn't expect to see her shadow come to life. Then things start to get really weird: One by one, her classmates at school turn into zombie-like, hollow-eyed Zeroes. While Suee investigates why this is happening, her shadow gains power. Soon, Suee must confront a stunning secret that her shadow has been hiding under her own two feet—something very dark and sinister that could put Suee and her newfound friends at risk!

**Owning Your Own Shadow** Robert A. Johnson,2013-02-26 Understand the dark side of your psyche—a Jungian approach to transformative self-acceptance. We all have shadows—the unlit part of our ego that is hidden and never goes away, but merely—and often painfully—turns up in unexpected places. This powerful work from the acclaimed Jungian analyst and bestselling author of Inner Work and We explores our need to “own” our own shadow: learn what it is, how it originates, and how it impacts our daily lives. It is only when we accept and honor the shadow within us that we can channel its energy in a positive way and find balance.

**Half in Shadow** Shanna Greene Benjamin,2021-04-01 Nellie Y. McKay (1930–2006) was a pivotal figure in contemporary American letters. The author of several books, McKay is best known for coediting the canon-making with Henry Louis Gates Jr., which helped secure a place for the scholarly study of Black writing that had been ignored by white academia. However, there is more to McKay's life and legacy than her literary scholarship. After her passing, new details about McKay's life emerged, surprising everyone who knew her. Why did McKay choose to hide so many details of her past? Shanna Greene Benjamin examines McKay's path through the professoriate to learn about the strategies, sacrifices, and successes of contemporary Black women in the American academy. Benjamin shows that McKay's secrecy was a necessary tactic that a Black, working-class woman had to employ to succeed in the white-dominated space of the American English department. Using extensive archives and personal correspondence, Benjamin brings together McKay's private life and public work to expand how we think about Black literary history and the place of Black women in American culture.

Only two people know that 1930s society man Lamont Cranston has a secret identity as the Shadow, a crusader for justice. One is his greatest love, Margo Lane, and the other is fiercest enemy, Shiwan Khan. When Khan ambushes the couple, they must risk everything for the slimmest chance of survival . . . in the future. A century and a half later, Lamont awakens in a world both unknown and disturbingly familiar. The first person he meets is Maddy Gomes, a teenager with her own mysterious secrets, including a knowledge of the legend of the Shadow.
