*Processing for Android* Andrés Colubri, 2017-11-02 Learn how to use the Processing programming language and environment to create Android applications with ease. This book covers the basics of the Processing language, allowing users to effectively program interactive graphics in 2D and 3D. It also details the application of these techniques to different types of Android devices (smartphones, tablets, wearables and smartwatches). Processing for Android walks you through the steps of taking an initial idea to a final app. With this book, you will be able to write engaging apps with interactive visuals driven by motion and location information obtained from the device's sensors; including health data from the wearer, like step count and heart rate. An advantage of Processing for Android over more complex programming environments is the ability for users to focus on the interactions and visual output of their code rather than in the implementation details of the Android platform. This book goes through a comprehensive series of hand-on projects, ranging from simple sketches to more complex projects involving sensors and integration with larger apps. It also covers important aspects such as

**How It All Vegan! 10th Anniversary Edition** Tanya Barnard,Sarah Kramer,2009-09-01 Since it was first published in 1999, How It All Vegan! has become a bible for vegan cooks, both diehard and newly converted; its basic introduction to the tenets of vegan living and eating, combined with Sarah Kramer's and Tanya Barnard's winning charm, made it an essential cookbook for anyone considering eschewing animal products from their diet. It won VegNews' Veggie Award for Best Cookbook twice, has been reprinted fourteen times, and spawned several successful sequels (including The Garden of Vegan, La Dolce Vegan!, and last year's Vegan à Go-Go!). In the ten years since How It All Vegan! was first published, however, veganism has come out of the closet, and is now considered a legitimate diet and lifestyle not only for those wishing to improve their health, but also for those who care deeply about the welfare of animals. This tenth-anniversary edition includes a new color photo section and new recipes; it also includes a new introduction by co-author Sarah Kramer, who speaks personally and passionately about the impact of veganism on her life over the past decade.

**The Yellow Wallpaper** Charlotte Perkins Gilman,2013-03-06 Charlotte Perkins Gilman (1860–1935) was an American novelist, short story writer, poet, humanist, and lecturer. Her unorthodox concepts and lifestyle led her to become a model for subsequent generations of feminists, and she has been immortalised in the National Women's Hall of Fame. First published in 1892, her semi-autobiographical short story The Yellow Wallpaper was written following a bout of postpartum psychosis and is the work she is best remembered for today. Written in the form of a diary, we follow the life of an unnamed woman whose physician husband has prescribed her countryside and bed rest for the treatment of her temporary nervous depression – a slight hysterical tendency, a diagnosis common to women during the period. Highly recommended for those interested in feminist history and literature. Contents include Charlotte Perkins Gilman, The Yellow Wallpaper, and Why I Wrote the Yellow Wallpaper. Read & Co. Classics is proudly republishing this classic work now in a new edition, complete with the article 'Why I Wrote the Yellow Wallpaper'.

**The Yellow Wallpaper (Legend Classics)** Charlotte Perkins Gilman,2019-04-30 Part of the Legend Classics seriesThe color is hideous enough, and unreliable enough, and infuriating enough, but the pattern is torturing.Written with barely controlled fury after she

was confined to her room for 'nerves' and forbidden to write, Gilman's pioneering feminist horror story scandalized nineteenth-century readers with its portrayal of a woman who loses her mind because she has literally nothing to do. Analyzing the Different Voice Ellen S. Silber, 1998 The essays collected in *Analyzing the Different Voice: Feminist Psychological Theory and Literary Texts* apply influential, pathbreaking psychological studies about women's lives to literature. In their analyses of fictional portraits, contributors both challenge and confirm psychological theories about female identity, about 'connection/separation' as developmental catalysts, and about the impact of gender on 'voice,' moral decision-making, and epistemology in relation to classical and contemporary literary texts, written by both women and men.

**The Yellow Wallpaper Illustrated** Charlotte Perkins Gilman, 2021-05-29 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.

The Yellow Wallpaper by Charlotte Perkins Gilman Charlotte Perkins Gilman, 2017-05-15 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in New England Magazine. It is regarded as an important early work of American feminist literature, illustrating attitudes in the 19th century toward women's physical and mental health. The story is written in the first person as a series of journal entries. The narrator is a woman whose husband - a physician - has confined her to the upstairs bedroom of a house he has rented for the summer. She is forbidden from working and has to hide her journal entries from him so that she can recuperate from what he has diagnosed as a temporary nervous depression - a slight hysterical tendency; a diagnosis

common to women in that period. The windows of the room are barred, and there is a gate across the top of the stairs, allowing her husband to control her access to the rest of the house. The story illustrates the effect of confinement on the narrator's mental health, and her descent into psychosis. With nothing to stimulate her, she becomes obsessed by the pattern and color of the room's wallpaper.

*The Charlotte Perkins Gilman Reader* Charlotte Perkins Gilman,1999 THE CHARLOTTE PERKINS GILMAN READER is an anthology of fiction by one of America's most important feminist writers. Probably best known as the author of *The Yellow Wallpaper*, in which a woman is driven mad by chauvinist psychiatry, Gilman wrote numerous other short stories and novels reflecting her radical socialist and feminist view of turn-of-the-century America. Collected here by noted Gilman scholar Ann J. Lane are eighteen stories and fragments, including a selection from *Herland*, Gilman's feminist Utopia. The resulting anthology provides a provocative blueprint to Gilman's intellectual and creative production.

I Love You More Stacy Finz,2024-02-06 In this thoughtful, intimate novel centered around a San Francisco family restaurant, two estranged sisters get a chance to rediscover their bond in the face of personal upheaval—if they can let go of the past and embrace new beginnings . . . To an outsider, television morning anchor Tess Stone's life looks like glossy perfection. Ambitious, beautiful, and married to a major league baseball player, Tess seems invincible—until an on-air catastrophe puts both her marriage and career in jeopardy. Retreating home to San Francisco from New York to take stock seems like the best move. But that involves a challenge of its own: confronting her sister, Avery. Unlike Tess, Avery has pushed her own dreams aside in favor of running the family restaurant, Stones, dutifully adhering to her father's unchanging menu of stick-to-your-ribs traditional fare. She has mixed feelings about her sister's return. After all, Avery's fiancé, Bennett, loved Tess first, and it's impossible to shake her jealousy and dread—especially as Tess begins stealing attention left and right once more. But while both sisters have been immersed in their own lives, their parents have been keeping secrets of their own. And the curveballs keep coming—throwing into question all their relationships, the restaurant's future, and their long-held assumptions about love, family, and especially, each other . . .
