For nine months, Todd Aldridge was missing. Stories swirled about him throughout his hometown of Metier, Wisconsin. Was he kidnapped? Abducted by aliens? The kids at his junior high school were keen on the alien story. Metier is a UFO hotspot, after all. Until one day, Todd is found alive beside the town reservoir. Everyone wants to know where the thirteen-year-old has been. Only Todd doesn't remember anything, except for the light that filled the sky moments before he disappeared . . . Now Todd is beginning to wonder what happened. Especially when some of his classmates claim that he is an alien now—like them. Todd isn't ready to believe them. Until he feels the power surging in his body and his shape beginning to shift. He morphs into a creature that he can only call otherworldly, a creature who will have to fight to survive the danger surrounding him . . .

Consuming Fire Areal Seas, 2012-07-05 Consuming Fire A Shape Shifters Journey The art of shape shifting happens with each breath we take. Throughout our lives each time we move our intent and make a choice, we are plucking the threads of change. The deeper we go within ourselves, the more profound these changes and places of transformation become. In Consuming Fire A Shape Shifters Journey, I offer you a glimpse of possibilities and how the moments we are in reflect off the greater tapestry called our lives. We shape shift from infant to child, to teenager to adult, and then into old age; so it is with different forms we take. The purity of our heart and intent define what forms and elements we are drawn to. Our animal connections have much to teach us about their ways, as well as who we are. When we reach into the depths of the balances within us knowing what we are capable of, so might we open to the profound place of our energy being with respect, humbleness, and sacredness. Grandfather, Ya Tae, Grandmother, Cooper, Jed, Ray, and many others show us that sometimes our hearts must break, our worlds must turn upside down, and our beliefs must shatter before we can emerge from our cocoons. As we learn how to fly we also learn how to heal ourselves and embrace the reasons we are here in both individual and collective realities. Life is not what is done to us, but what we choose to become in the forms we take.

Shapeshift Sherwin Bitsui, 2022-05-03 Fourteen ninety-something, / something happened / and no one can pick it out of the lineup . . . In words drawn from urban and Navajo perspectives, Sherwin Bitsui articulates the challenge a Native American person faces in reconciling his or her inherited history of lore and spirit with the coldness of postmodern civilization. *Shapeshift* is a collection of startling new poetry that explores the tensions between the worlds of nature and man. Through brief, imagistic poems interspersed with evocative longer narratives, it offers powerful perceptions of American culture and politics and their lack of spiritual grounding. Linking story, history, and voice, *Shapeshift* is laced with interweaving images—the gravitational pull of a fishbowl, the scent of burning hair, the trickle of motor oil from a harpooned log—that speak to the rich diversity of contemporary Diné writing. Tonight, I draw a raven's wing inside a circle measured a half second before it expands into a hand. I wrap its worn grip over our feet As we thrash against pine needles inside the earthen pot. With complexities of tone that shift between disconnectedness and wholeness, irony and sincerity, Bitsui demonstrates a balance of excitement and intellect rarely found in a debut volume. As deft as it is daring, *Shapeshift* teases the mind and stirs the imagination.

The Dark Reflections Series: Books 1-3 Dean Murray, 2015-03-03 As the heir to the largest shape shifter pack in North America, Alec Graves has inherited a savage, dangerous life. If he can successfully take over his father's pack, Alec will finally have a chance to make changes for the better, but he wouldn't be the first person to be corrupted by that kind of power. Human teenager Adri Paige is only days away from manifesting a supernatural ability that is as powerful as it is terrifying. Her only hope of survival lies in mastering her gift before it lures dark forces into her life. Separately, Alec and Adri have no chance of seeing another year. Together they just might be able to save the world. This omnibus edition includes the first three novels in the popular Dark Reflections Series (which has received more than 300 4- & 5-star reviews), and is nearly 800 pages of action, danger and romance set in one of the richest, most complex worlds in the genre. This Bundle includes: *Bound*: The only thing worse than having no family at all, is having a family that is out to hurt you. That would all be bad enough for a normal 17-year-old, but it's even worse for Alec Graves. A shape shifter's pack, his family, is the only thing stopping the other preternatural creatures out there from killing them. Alec's pack isn't just neglectful, he's pretty sure that his father wants him dead. Alec is about to be sent to the front lines of a war between his people and everything else that goes bump in the night. His only chance of survival is to convince everyone around him that he's the perfect soldier, but there are lines that Alec won't cross, not for any price. *Hunted: The Perfect Weapon*: Adri Paige can visit people inside of their dreams, where they are defenseless. The Ultimate Spy: Adri's power lets her ferret out anyone's secrets and even influence their waking actions. The World's Biggest Prize: Adri's power comes with a price. Dark forces hunt her, hoping to bend her gifts to their purposes. The Real Problem? Adri needs to make it through high school without letting anyone around her figure out her true capabilities—all while crushing on a guy she knows is probably trouble. *Ambushed*: Adriana Paige has survived not one but two vampire attacks in less than twenty-four hours, and unless she's able to master her ability to share other people's dreams, the attacks are only going to get worse. Taggart has promised to train Adri, but he's got even more enemies than she does and there's no guarantee that he'll be able to keep her from being caught in the crossfire. More than anything else, Adri wants to talk to shape shifter Alec Graves, but he's gone strangely silent. There's no way for Adri to know if that's because he's no longer interested in her, or if it's simply because he's still on the run from his ruthless father, Kaleb. As enemies both new and old start closing in on Adri, she's starting to worry that she might be forced into choosing between Taggart, the man who saved her life, and Alec, the guy to whom she feels inexplicably connected. Publisher's Note: Dean Murray's ongoing Reflection Series has been a stunning success with more than half a million copies in circulation, and a rich, complex world where choices—right or wrong—have real, profound consequences. Unsatisfied with the restrictions imposed on him by writing inside of the conventional series structure, Dean has returned to Sanctuary and the characters so many fans have fallen in love with. The Dark Reflections Series is an alternate timeline set in the same world and featuring many of the same characters as the Reflections Series, but with a profoundly different backstory. Keywords: Teen, Young Adult, Urban Fantasy, YA, Vampires, Werewolves, Series, Paranormal, Romance, Shape Shifters, Shapeshifters

The next day, however, not a trace remains of any kidnapping or anything else that he saw. Trying to put the puzzle pieces together leads the detective on a convoluted chase that brings into question everything that he's ever known about himself. With the help of his Native American mentor, Edgard Moon Bear, Jeremiah discovers that the key to the mystery may be found in another world a world where

therianthropes (human/animal hybrids) are the sentient beings, and where hundreds of years of slow change has allowed some of these beings to wield magical powers. As Jeremiah learns the secrets of his own past, he comes to learn who and what he is and why his existence is central to the continued survival of two worlds.
