Louis Walsh

Shayne Ward Shayne Ward, 2006-01-01 Shayne Ward was planning to work in his local clothes shop as usual last Christmas. Instead he was selling CDs - millions of them. In fact, the artist who secured the 2005 Christmas Number One spot within a matter of hours sold more CDs and downloads than the rest of the UK Top 40 singles chart put together. Be it the combination of talent and good looks, Shayne has turned heads and stolen hearts across the country. His victory on X Factor launched his career, but there is much more to Shayne than talent show potential. Growing up in Manchester, life wasn't easy. Being the youngest son of a very large family - three brothers and three sisters - life in the Ward household was tough. But the challenges the family faced made him even more determined to succeed, especially for his mother who sacrificed everything to support her beloved kids. SHAYNE WARD: MY STORY will provide a revealing insight into the world of one of the UK's hottest music stars. With honesty he discusses his meteoric rise to fame and how life has changed for this shop assistant from the Arndale Centre. It is a celebration of a new singing talent - Shayne is only 21 years old - a national heartthrob and a pop superstar in the making.

I Want to Change My Life Barrie Gunter, 2014-07-24 Competition talent shows have been among the most popular on television in the 21st century. The producers of these shows claim to give ordinary people extraordinary opportunities to change their lives by showcasing a specific skill leading to a new career trajectory. Most participants will claim that they entered to get a big break and to develop a career they have always dreamed of. To what extent do these shows deliver on such promises? Following through what happens to leading contestants in singing, entertainment, modelling, cooking and business entrepreneur competitions, this book shows that few go on to achieve lasting success in their chosen career. Many return to obscurity or to their previous lives. Some enjoy a low level career in the new direction delivered by the competition they entered. Just a few become truly successful. The pop and entertainment themed contests have discovered just a handful of major pop stars and entertainers out of many hundreds who have taken part after the initial auditions. Turning to the cookery or business franchises, there are few who go on to achieve lasting success in their chosen career. In these it is equally likely that the winners go on to enjoy success with media careers rather than as chefs or entrepreneurs. The most successful franchise of all is the fashion model competition (Next Top Model), which has yielded a high hit rate in terms of career success. What the analysis here also reveals is that it isn't only the winners who ultimately benefit the most from their appearances in these shows. Moreover, television picks its own stars by recruiting contestants because they are telegenic or have a good backstory as much as for their relevant talents. In this way, a talent hungry medium has co-opted these franchises to replenish its own needs.

"The Turn of the Hand" Mary Moriarty, 2009-05-27 Recent decades have seen an enormous resurgence in the arts of memoir and life writing. Nowhere is this more true than in the case of Ireland and other postcolonial countries, where memoir has functioned to regenerate and re-present meaningful incidents and events in the pasts of particular individuals or cultural groups. This memoir, written by an "insider," recalls the lives of various members of the Irish Traveller community during an era of enormous social and cultural change. The Irish Traveller community are a group whose history has often been forgotten, elided or relegated to the cultural margins. We currently live in an age of testimony, however, an era where first-hand accounts and personal experiences challenge us with respect to our suppositions regarding the past. It is only by engaging with memory and the stories which have gone before that we may become true custodians of our individual and communal

identities. Books such as the *The Turn of the Hand* allow us to begin the process that is the “re-imagining” of our cultural histories and identities. In this manner we can preserve our cultural identity for future generations and come to a better understanding of what it means to be truly human.

How To Win The X Factor Keeley Bolger, 2009-12-17 Since it was first screened in 2004, the X Factor has become essential weekend viewing, with regular TV audiences of over 12 million – but the question remains, how do you win? How do you impress the judges, the cruel Simon Cowell, the twinkly Louis Walsh, the beautiful Cheryl Cole. Is it the singer or the song? Is it the presentation? The support from your friends? Your background? Your attitude? Or is it the hairstyle? Or the well timed

tears? TV writer Keeley Bolger takes a light-hearted look at the show, the controversies over vote rigging, and the supposed rivalry between the judges and contestants and offers her tips – not all of them obvious – on how to win the coveted title. She also delves into the history of TV talent shows and profiles the judges and previous winners of the X Factor.
