Cruel Stakes Nina Walker,2021-07-08 Cross your heart and hope to live. I should leave them alone and be done with vampires. But I have an opportunity to help the hunters and hopefully learn something that could save more humans. Not to mention, I need answers about the venom burning through my veins. So I go back to The Alabaster Heart to strike another deal with the vampire prince. The game of cat and mouse that follows is expected, and maybe even a little fun, but nothing prepares me for the day that our games end—and the consequences begin. From USA Today Bestselling author Nina Walker comes the second installment of the Vampires & Vices series. Be warned, once you start you won't be able to stop.

No matter how complex a video game may be there is no substitute for face-to-face interaction with friends around a table full of fun and playful game elements. And there is nothing more iconic to tabletop games than dice: plain dice, colorful dice, tiny dice with dots, polyhedral dice,

lawn dice, and many other shapes and types of dice are an important part of the generation of chance elements that make games surprising and exciting. In this book, you will find 36 brand new games that use all kinds of dice in a variety of standard and unique ways. So, grab some friends, pull out a great big bag of colorful dice, play some games, and make some actual memories.

*The Game* P J Truter, 2012-02-01 Exciting, visceral and thoroughly entertaining, *The Game: Adventure Begins* follows two groups of rival role-players as they are magically transported into a fantasy world after using a mysterious pair of dice. Discovering that they are nothing like their powerful role-playing characters, the groups are forced to adapt, or die, as they seek out the dice which will return them to their own world. Adopting two divergent routes, the groups are soon bitter rivals in the fantasy world, much as they had been in the real world, but with much higher stakes. As they head for a collision course which transcends both worlds, and culminates in an epic showdown where there can only be one victor, *The Game: Adventure Begins* takes the reader on an unforgettable and surprising ride.

*They Left Magic in Their Wake* Marilyn Peake, 2024-03-14 At the end of the world, there will be magic. Earth has been decimated by climate change. Humanity has fractured into isolated tribes. A child born in the southwestern desert of the United States appears to have magical powers, a strict taboo in his part of the world. In four other locations, people discover magical

items. No one knows how they work or where they're from. Although these strange objects capture the imagination, using them is risky and dangerous. The five tribes at the heart of this novel: Southwestern Desert Tribe: Zadie and Nora have fled their tribe where human reproduction is so rare, pregnant women are burned at the stake as witches. Zadie gives birth to triplets, only one born alive. The surviving infant shows signs of having magical powers, another punishable taboo. Northeastern Mountain Tribe: Finley is a young boy too curious for his own good. Meddling with strange technology he finds in a cave, he eventually boards a flying ship that takes him far away from the only world he's ever known. Tribe in Akihabara, Japan: Exploring post-apocalyptic Tokyo, Emiko, Katsuki, Rin and Ko discover ancient manga and D&D items, as well as glowing cubes they mistake for dice. When the long-dead neon lights of Tokyo begin to flicker, the teenagers get caught up in the most intense adventure of their lives. McMurdo Station Tribe—Located in the Land of Magical Ice, Formerly Antarctica: Settlers at the abandoned McMurdo Station practice a form of mysticism, their ancestors having fled religious persecution as well as the droughts and fires of Australia. Arthur Campbell and Harrison Clark are researchers studying the strange technology that runs the place. Vostok Station Tribe—Located in the Land of Magical Ice, Formerly Antarctica: The original settlers of the abandoned Vostok Station fled the extreme heat, fires and droughts of Brazil. Years later, giant squid and a spaceship emerge from Lake Vostok as the ice begins to melt. Salvador Siqueira and his crew leave their station to investigate.

*Time for Bedlam* Saltboy Bookmakers,2005-11 Each story in Time for Bedlam features something new and something familiar, from tales based on the myths of your childhood to brand new morality plays. These are stories designed to recall the emotions you felt when your parents warned you about the Scissorman, who would chop off your thumb if you kept sucking on it, or the monster under the bed, who would pull you down with it if you wet the mattress one more time. From a post-apocalyptic journey through the land of the Wolves, to a hard-learned lesson for a princess of the deep seas, to a bit of strong therapy for a disobedient child, Time for Bedlam will delight you with its twisted reflections of the stories you know, and enchant you with original tales from some of the most thoughtful fantasists now writing.

**The Tabletop Revolution** Marco Arnaudo,2023-12-15 This book is an overview of the ongoing revolution in tabletop gaming design and culture, which exploded to unprecedented levels of vitality in the 21st century, leading to new ways of creating, marketing, and experiencing a game. Designers have become superstars, publishers have improved quality control, and the community of players is expanding. Most importantly, new and old players have started engaging with the games in a more meaningful way. The book explores the reasons for these changes. It describes how games have begun to keep players engaged until the end. It analyzes the ways in which traditional mechanics have been reimagined to give them more variety and complexity, and reviews the unprecedented mechanics found and perfected. Very interesting is the exploration of how games have performed novel tasks such as reducing conflict, fostering cooperation, creating aesthetic experiences, and telling stories. The book is aimed at scholars, dedicated and aspiring fans, and game designers who want to expand their toolbox with the most up-to-date innovations

in the profession.

*Profit Motive* Warren Murphy,Richard Sapir,2023-09-01 It seems like a good idea at first – a bacterium developed to consume oil spills at sea. This is where Remo and Chiun come in. That is, until Chiun, the Master of Sinanju, cuts out – to join the opposition on the promise of gold for a certain Korean village. Remo's left in a real bind. *That's another mess you got me into mate* Rhys Ryan Evans, 2023-04-19 It was so quiet, so dark, and so cold yet I sensed myself sweating, A loud bang went off from close by, someone called out in pain! Things fell onto me so I brushed them off, tried my best to focus but my vision was very blurred, things didn't make sense, where was I, I couldn't think for some reason, felt a little dizzy for some reason like I was drunk, My legs and arms felt heavy when I tried to move them, I wiped my eyes and they stung hard, stuff ran down my face that didn't feel like rain and didn't taste like rain, Foreign voices I could hear, more loud bangs went off from close by, Another call from someone in pain was heard, I tried to pull myself up but slipped and slipped again, The dark sky lit up and I wiped my eyes the best I could, 2 The rain I thought was falling on me wasn't rain, it was black and thick, it smelled of oil, It went into my mouth so I spat it out, How was it raining oil, dreaming I thought I was, just in a bad dream and would wake up I was waiting for, I wasn't dreaming, I was awake, lying in a ditch soaked in oil in the night somewhere but where somewhere was I didn't know, "Shift over mate" I heard someone announce and felt someone push up against me with force, I swung round with the rifle I was holding, "Easy with that thing pal, it's only me, we got big problems out there, Charlie team took a battering, minor casualties, the gun team are getting low on ammo, hey, where's Sid bro" the same person asked after nudging me hard in the side, Without thinking I brought the end of the rifle up and hit whoever was talking too me across the jaw and scrambled out of the hole I was in, Losing my grip I slipped into another hole and bumped into another person, The rifle I had was not with me anymore, I looked about anxiously for something to defend myself, The person next to me didn't move, 3 Someone called out from somewhere! The noise of shooting carried on followed by heavier shooting like from a machine gun, the black rain still fell down on me obscuring my

vision, Bullets hit the sides of the hole I was in, the person who was next to me took a load of bullets or something else that pushed him hard against me, We both slipped further into the slipper mud and oil filled hole we were in, He was heavy and pushed me further into the bottom of the hole, The dark sky lit up followed by a very loud explosive sound, The ground around us shook, the person who was half on top of me took the impact from whatever was flying around, I went into the oily muddy water at the bottom of the hole, The weight of whoever was on top of me pushed me further down, Oil, water and mud went into my mouth and everywhere else, I couldn't move this person off me and gasped for air, Strange thoughts went through my mind, was this the end I thought to myself? 4 With all my strength I pushed hard on the body that was on top and drowning me, I managed to get my head up out of the oily mud and gasped for air, More bullets bounced around the walls of the hole, someone called out in pain, another explosion went off close by that shook the ground hard, I went back under the mud again and fought hard to push the weight off me, With one last effort of strength I pushed my arm out of the mud in an attempt to grab hold of anything, Someone grabbed my hand and pulled hard, "Got you brother, we got you know mate" I heard someone called out! I woke and opened my eyes to see a pretty lady leaning over me, "It's ok darling, you safe with me, another bad dream my darling, just a bad dream, I am here with you" I heard her say softly as she held my hand and pulled me from the floor back into bed, I looked hard at her and realized this lady was my wife and it was just another bad dream, She comforted me as I led shaking and covered in sweat, The dreams continue, they never go away.
