Shoot to Kill Ion Idriess, 2020-04-29 Idriess was a trooper with the Light Horse at Gallipoli, all the way to Beersheba, and his diary was published as *The Desert Column*. Drawing on his military experience, this is one of six manuals written for soldiers and civilians in 1942, when invasion by the Japanese seemed imminent. Written in his characteristic, colloquial, man-to-man style, Mr Idriess here reveals the secrets of the dead shot. What to do and what not to do are impressed upon the budding rifleman. He brings out clearly the importance of apparently

trifling points. No more opportune book could have been published. Australia for the first time in its history has been bombed. Invasion looms on our northern frontier. The imperative need now is for rifles, more rifles, yet more rifles - and riflemen.

Burmese Days George Orwell, 2022-09-28 *Burmese Days* is George Orwell's first novel, originally published in 1934. Set in British Burma during the waning days of the British empire, when Burma was ruled from Delhi as part of British India, the novel serves as a portrait of the dark side of the British Raj. At the center of the novel is John Flory, trapped within a bigger system that is undermining the better side of human nature. The novel deals with indigenous corruption and imperial bigotry in a society where natives peoples were viewed as interesting, but ultimately inferior. Includes a bibliography and brief bio of the author.

Write to Shoot Marilyn Beker, 2017-03-27 *Write to Shoot* teaches budding screenwriters and screenwriting filmmakers how to write a short script with production in mind. Beker instructs them how to showcase their strengths, tailor projects to shoestring budgets, resources, and practical production parameters without sacrificing the quality and punch of their screenplays, whether they're creating a sizzle short for an unproduced feature script, an independent creative work, or a soapbox to promote a cause. *Write to Shoot: Writing Short Films for Production* is a must-have guide for anyone who wants to be sure there will be no surprises on set that come from a script that's not ready for production.

The Shut Up and Shoot Documentary Guide Anthony Q. Artis, 2008 This book is a reference guide to basic documentary production, from the technical specifics of camerawork, lighting, and sound to the practical considerations of finding a crew, conducting interviews, and stealth shooting. While it is documentary-specific, most of the advice and techniques apply equally to event video or narrative projects. Includes a bonus DVD with video and audio tutorials, useful forms, and interviews

with Albert Maysles (Grey Gardens), Sam Pollard (4 Little Girls), and others. Also includes bonus pages with jump start charts, links to online resources, releases, storyboards, checklists, equipment guides, and shooting procedures.
