Shopper Marketing Daniel J. Flint, Chris Hoyt, Nancy Swift, 2014-05-06 The shopper marketing methodology is a powerful, complete approach for satisfying target consumer demand at the point of maximum influence, and thereby driving consumers to purchase. It gives companies a far deeper understanding how consumers behave as shoppers, and leverages this intelligence across the entire supply chain to benefit all stakeholders: companies, brands, consumers, retailers, and shoppers. Shopper marketing requires supply chain partners to smoothly integrate complex sets of marketing and sales tools, in order to engage shoppers, build brand equity, and persuade shoppers when they move into shopping mode. Internally, it also demands deeper coordination of R and D, marketing innovation, operations, logistics, and distribution. It isn't easy, but it offers remarkable, proven results that are virtually unachievable any other way. In Shopper Marketing, three of the field's pioneering innovators and consultants bring together state-of-the-art insights, strategic approaches, and supply chain execution methods for successfully employing shopper marketing initiatives throughout your organization. Dan Flint, Chris Hoyt and Nancy Swift clearly explain what shopper marketing is, and why it is critical for marketers to master. They review each of its six objectives and eight foundational principles, demonstrating how to adapt and apply it in your environment, overcome obstacles, and systematically create value along your entire path to purchase. Drawing on their unsurpassed consulting experience, they also assess emerging trends and their implications, helping you deepen customer loyalty, extend competitive advantage, and improve profitability for years to come.

Being the Shopper Phil Lempert, 2002-10-15 Take a Tour Through the Mind of a Shopper What's my test of a book I've been asked to review? Pure selfishness. How intense are the underlinings? How many quotes can I add to my presentations? How often are the things I believe 'for sure' effectively challenged? Phil Lempert's *Being the Shopper* is off the charts on all three counts. And not-so-incidentally, though Phil is a 'supermarket guru,' this book will inform anyone who markets anything. --Tom Peters, coauthor, *In Search of Excellence* *Being the Shopper* is gourmet reading . . . a delicious and healthy resource for the smart shopper and forward-thinking marketer. Set your taste buds for Lempert's cutting-edge insights and

pragmatic advice on the one experience we all share! --Chip Bell, author, *Customer Love* and *Customers as Partners* Phil Lempert convinces me I'm something called a consumer. It seems I'm obtuse, savvy, sensual, and picky-- and that my dynamics and demographics are constantly changing. So if you want me to buy something, you ought to try and understand me. reading *Being the Shopper* seems (to me) a real good place to start. --Barry Gibbons, former Chairman/CEO of Burger King author and entrepreneur *Rarely do you come across a book that's as meaningful to students and 25-year marketers alike. Being the Shopper delivers to both audiences by enlightening the reader on how to approach critical issues if you want to succeed in today's incredibly demanding environment. It's easy to talk about listening to the voice of your customer, but Mr. Lempert provides a refreshing guide as to how you really can do it.* --Brian Perkins, Worldwide Chairman, Consumer Pharmaceuticals and Nutritionals Group, Johnson & Johnson *Is there anything more American than choice? We expect it, we demand it, we revel in it. Phil Lempert understands what your customers really want, and how you can help them find it.* --Steve Rivkin, President, Rivkin & Associates coauthor, *IdeaWise* and *Differentiate or Die*
