*Shopper's Paradise* Arthur Asa Berger, 2019-12-09 *Shopper's Paradise: Retail Stores and American Consumer Culture* deals with the cultural, social and economic impact of retail stores on American society. It has chapters on some of the most important retail genres, such as Internet stores (Amazon.com), department stores (Neiman Marcus), coffee shops (Starbucks), big-box stores (Walmart, Costco) and a number of other kinds of stores such as dollar stores, malls, and farmer's markets.

*A Shoppers' Paradise* Emily Remus, 2019-04-15 How women in turn-of-the-century Chicago used their consumer power to challenge male domination of public spaces and stake their own claim to downtown. Popular culture assumes that women are born to shop and that cities welcome their trade. But for a long time America's downtowns were hardly welcoming to women. Emily Remus turns to Chicago at the turn of the twentieth century to chronicle a largely unheralded revolution in women's rights that took place not at the ballot box but in the streets and stores of the business district. After the city's Great Fire, Chicago's downtown rose like a phoenix to become a center of urban capitalism. Moneyed women explored the newly built department stores, theaters, and restaurants that invited their patronage and encouraged them to indulge their fancies. Yet their presence and purchasing power were not universally appreciated. City officials, clergymen, and influential industrialists condemned these women's conspicuous new habits as they took their place on crowded streets in a business district once dominated by men. *A Shoppers' Paradise* reveals crucial points of conflict as consuming women accessed the city center: the nature of urban commerce, the place of women, the morality of consumer pleasure. The social,

economic, and legal clashes that ensued, and their outcome, reshaped the downtown environment for everyone and established women's new rights to consumption, mobility, and freedom.

**A Shoppers' Paradise** Emily Remus, 2019 How women in turn-of-the-century Chicago used their consumer power to challenge male domination of public spaces and stake their own claim to downtown. Popular culture assumes that women are born to shop and that cities welcome their trade. But for a long time America's downtowns were hardly welcoming to women. Emily Remus turns to Chicago at the turn of the twentieth century to chronicle a largely unheralded revolution in women's rights that took place not at the ballot box but in the streets and stores of the business district. After the city's Great Fire, Chicago's downtown rose like a phoenix to become a center of urban capitalism. Moneyed women explored the newly built department stores, theaters, and restaurants that invited their patronage and encouraged them to indulge their fancies. *A Shoppers' Paradise* Emily Remus, 2019 *A Shoppers' Paradise* examines the incorporation of women consumers into public space and public culture. The site is Chicago at the turn of the twentieth century--when the city, rising like a phoenix after the Great Fire, became a center of debate over capitalist urbanism. The book explores the new practices of public consumption that monied women pursued on the streets of the city's burgeoning retail district and in the restaurants, hotels, department stores, and theaters built by entrepreneurs who invited their patronage. It also brings to light the conflict evoked by ladies' public presence, as city officials, clergymen, and influential industrialists responded to their conspicuous new habits of consuming in an urban public sphere that had once been the preserve of men. At stake, the book demonstrates, were competing visions of urban commerce, the place of women, and the cultural legitimacy of new forms of consumption. These conflicts, over gender and space, shaped the creation of a built environment and cultural norms that upheld women's consumption and sustained the rise of American

consumer capitalism.--

**Shopping Paradise** Sendpoints Publishing Company Limited,2011-03-01

*Shopping and the Senses, 1800-1970* Serena Dyer,2022-03-12 This book demonstrates the primacy of touch, smell, taste, sight and sound within the retail landscape. It shows that histories of the senses, body, and emotions were inextricably intertwined with processes and practices of retail and consumption. Shops are sensory feasts. From the rustle of silk to the tempting aroma of coffee, the multi-sensory appeal of goods has long been at the heart of how we shop. This book delves into and beyond this seductive idyl of consumer sensuality. Shopping was a sensory activity for consumers and retailers alike, but this experience was not always positive. This book is inhabited by tired feet and weary workers, as well as eager shoppers. It considers embodied sensory experiences and practices, and it represents both a celebration and interrogation of the integration of sensory histories into the study of retail and consumption. Crucially, this book places breathing, feeling human bodies back into the retail space.

**The Serious Shopping Guide: Los Angeles** Rob Campbell,2001-11-10 The ultimate shopping guide for the stylish Angeleno life. INCLUDES Clothing for men and women Furniture and housewares Vintage/antique Many more things you never knew you just had to have With over 200 listings, The Serious Shopping Guide: Los Angeles is the ultimate hands-on manual to the L.A. retail grail. Rob Campbell has searched for the best and most interesting things to buy in a variety of categories, including housewares, clothing, vintage, antiques, baby wear, and gifts. The Serious Shopping Guide doesn't ignore L.A. standards like Barneys and Fred Segal, but you'll keep it in the glove compartment for its wealth of

hidden shopping adventures all over the Los Angeles area. Campbell also turns shopping up a notch by laying out forty shopping districts from Melrose and Beverly Hills to Glendale and Palm Springs. The Serious Shopping Guide divulges secret haunts and tips you won't find elsewhere--like when the best vintage shops put out new shipments, and which flea markets yield treasures and which ones trash--along with many places that will become your new go-to destinations.

FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts. TRY THIS Innovative exercises illustrate what you've learnt and how to use it.

"The Urban Department Store in America, 1850-1930 " Louisa Iarocci, 2017-07-05 In the late nineteenth century, the urban department store arose as a built artifact and as a social institution in the United States. While the physical building type is the foundation of this comprehensive architectural study, Louisa Iarocci reaches beyond the analysis of the bricks and mortar to reconsider how the spaces of selling were culturally-produced spaces, as well as the product of interrelated economic, social, technological and aesthetic forces. The agenda of the book is three-fold; to address the lack of a comprehensive architectural study of the nineteenth century department store in the United States; to expand the analysis of the commercial city as a built and represented entity; and to continue recent scholarly efforts that seek to understand commercial space as a historically specific and a conceptually perceived construct. *The Urban Department Store in America, 1850-1930* acts as a corrective to a current imbalance in the historiography of this retailing institution that tends to privilege its role as an autonomous modern building type. Instead, Iarocci documents the development of the department store as an urban institution that grew out of the built space of the city and the lived spaces of its occupants.

Mall Maker M. Jeffrey Hardwick, 2015-08-18 The shopping mall is both the most visible and the most contentious symbol of American prosperity. Despite their convenience, malls are routinely criticized for representing much that is wrong in America—sprawl, conspicuous consumption, the loss of regional character, and the decline of Mom and Pop stores. So ubiquitous are malls that most people would be surprised to learn that they are the brainchild of a single person, architect Victor Gruen. An immigrant from Austria who fled the Nazis in 1938, Gruen based his idea for the mall on an idealized America: the

dream of concentrated shops that would benefit the businessperson as well as the consumer and that would foster a sense of shared community. Modernist Philip Johnson applauded Gruen for creating a true civic art and architecture that enriched Americans' daily lives, and for decades he received praise from luminaries such as Lewis Mumford, Winthrop Rockefeller, and Lady Bird Johnson. Yet, in the end, Gruen returned to Europe, thoroughly disillusioned with his American dream. In *Mall Maker*, the first biography of this visionary spirit, M. Jeffrey Hardwick relates Gruen's successes and failures—his work at the 1939 World's Fair, his makeover of New York's Fifth Avenue boutiques, his rejected plans for reworking entire communities, such as Fort Worth, Texas, and his crowning achievement, the enclosed shopping mall. Throughout Hardwick illuminates the dramatic shifts in American culture during the mid-twentieth century, notably the rise of suburbia and automobiles, the death of downtown, and the effect these changes had on American life. Gruen championed the redesign of suburbs and cities through giant shopping malls, earnestly believing that he was promoting an American ideal, the ability to build a community. Yet, as malls began covering the landscape and downtowns became more depressed, Gruen became painfully aware that his dream of overcoming social problems through architecture and commerce was slipping away. By the tumultuous year of 1968, it had disappeared. Victor Gruen made America depend upon its shopping malls. While they did not provide an invigorated sense of community as he had hoped, they are enduring monuments to the lure of consumer culture.

**Centrality and Cities** James Bird, 2013-04-15 Professor Bird presents a synthesis of the many approaches to the study of a central feature of modern life - the city, including its

distant past and its future. He sees centrality as a mental projection on to space, and discusses the concept in relation to three types of its manifestation in spatial terms: the city as centre of a tributary region; the centres and central areas of cities themselves; and the city considered as a centre or gateway for other distant regions, often overseas. This book should do much to unravel the funamental similarities between cities of the world while recognizing the myriad variations upon a common theme. This book was first published in 1977.

**Current Issues in Hospitality and Tourism** A. Zainal,S.M. Radzi,R. Hashim,C.T. Chik,R. Abu,2012-08-22 Globally the hospitality and tourism industry is evolving and undergoing radical changes. The past practices are now advancing through the rapid development of knowledge and skills acquired to adapt and create innovations in various ways. Hence, it is imperative that we have an understanding of the present issues so that we are able to remedy problems on the horizon. Current Issues in Hospitality and Tourism: Research and Innovations is a complilation of research in the broad realm of hospitality and tourism. This book is divided into eight sections covering the following broad themes: - Training and education (hospitality students learning); - Organization and management (practical issues and current trends in the hotel, catering and tourism industry); - Product and food innovation; - Marketing; - Islamic hospitality and tourism issues; - Gastronomy; - Current trends; - Tourism The contributions, from different parts of the globe, present a new outlook for future research, including theoretical revelations and innovations, environmental and cultural exploration aspects, tourist destinations and other recreation and ecotourism aspects of the hospitality and tourism industry. Current Issues in Hospitality

and Tourism: Research and Innovations will be useful as a reference for academics, industry practitioners and policy makers, and for those with research interests in the fields of hotels, tourism, catering and gastronomy.
