Samurai Confidential Ryuto Kanzaki, 2008-04-29
Acclaimed storyteller and manga artist Ryuto Kanzaki makes her English-language debut with *Samurai Confidential*, a sweeping pictorial that showcases the private, often complex lives of Japan's most famous samurai warriors. More than just a lavish picture book, though, *Samurai Confidential* is rich with nuggets of information not normally found in mainstream history books. The book delves into the backgrounds of Japan's most renowned warriors, many of whom served as scholars, musicians, painters and poets when they were not busy on the battlefield. From the Tokugawa shogunate to the final days of Edo, from Kenshin to Ieyasu to Musashi, *Samurai Confidential* has all of its bushi bases covered.

Poetics of Alterity Soyoung Lee, 2022-11-04
POETICS OF ALTERITY Education today is commonly oriented towards citizenship and skills for life, with aims of happiness and wellbeing. But this

benign image harbours surreptitious forms of control, which ultimately undermine the goods it professes to safeguard and stifle education's very purpose. What release can there be from these constrictions? Release is to be found, as Soyoung Lee eloquently shows, by attending to elements of experience that seem to escape our grip, from challenging aspects of our moral lives to struggles over practicalities of curriculum content. The more robust, more outward-turning orientation she demonstrates emphasises engagement with subject-matter, with problems and forms of narrative, that defy pre-determined formulations and categories. This requires turning towards objects worthy of attention and towards people and their claims on us. The arts and the humanities have special importance as spaces where alterity presents and expresses itself. Lee's dialogue with Heidegger, Levinas, Derrida, and Celan shows how acknowledgement of the other must condition not only practices of teaching and learning but practicalities of our social and political lives. Attending to anxieties inherent in teaching and learning, in school and the wider world, the book's powerful rationale for the curriculum provides nothing less than a new grounding for the humanities.

Book Girl and the Scribe Who Faced God, Part 2 (light novel) Mizuki Nomura, 2014-01-21 I am Tohko Amano. As you can see, I am a book girl. You don't have to write. I'll stay with you. All that remains in her empty house is a shredded school uniform. Can Konoha follow her? What answer will he find as the truth gradually comes to light? Tohko's prayer, Kanako's hatred, Ryuto's anguish - the story hidden at the root of them all is about to be revealed! The bold final episode of Book

Girl!

Edo Cats Ryuto Kanzaki, 2015-12-18 When Tokugawa Ieyasu was appointed shogun of Japan in 1603, the fortunes of a sleepy fishing village called Edo were forever changed. Ieyasu transformed Edo – today known as Tokyo – into the bustling capital of his feudal government. By the end of the century, the town's population had swollen to nearly 1 million – a number that didn't even include the cats. And by all accounts, Edo was positively crawling with cats. Edo Cats introduces to that era through a series of enchanting ukiyo-e (woodblock print) illustrations – all drawn from a feline perspective. Travel back in time and discover the fascinating faces, places, tales and tails of Old Tokyo.

Book Girl and the Famished Spirit (light novel) Mizuki Nomura, 2012-12-18 Life in the literary club has settled into a predictable – if unusual – routine. Junior member Konoha Inoue dutifully writes short stories for his club president, Tohko Amano, who subsequently shreds them and devours each morsel like the book-eating goblin she is. When the club begins receiving cryptic messages, though, routine goes out the window as Tohko sets out to find the culprit with Konoha in tow! When their investigation suggests that a tormented spirit might be stalking the school halls, matters quickly take an ominous turn. Is it possible that ghosts really exist, or is there something even more disturbing at play? But if there is room in the world for a literature-consuming goblin, then, really, how unlikely is a famished spirit?

Reborn as a Space Mercenary: I Woke Up Piloting the Strongest Starship! (Light Novel) Vol. 7 Ryuto, Tetsuhiro Nabeshima, 2023-09-07 After their showstopping defeat of the crystal life-forms, Hiro and the gang head to the imperial capital for Hiro's award ceremony. No shortage of trouble awaits them in the heart of the empire, from

With the Light... Vol. 5 Keiko Tobe, 2017-02-21

Another school year might be over for Hikaru Azuma, but his mom has no time to rest. With both a new teacher and new classmates of different ages and varying disabilities ahead in fifth grade, Sachiko starts preparing for the difficulties that come with sudden changes to her autistic son's routine. Despite her best efforts, Sachiko meets with much opposition from the new teacher, and the Azumas have to cope with Hikaru acting out as a result of the stressful changes at school. Moreover, when the time comes for the family to decide on Hikaru's junior high, the local education administrators seem to think that a school for the disabled is the best fit for Hikaru, partly because of his recent behavior. But Sachiko, who has done her research, knows this to be false. Will she and Masato be able to convince the authorities and specialists that they know what is best for their son?

Echoes of the Silk Road: Stories of the Orient by a Master Storyteller Daniel Fiddler, 2016-10-17
My mother was born and raised in China by her American missionary parents. Throughout my childhood growing up in Michigan, my mother and my grandfather told my brother and me stories about their life in the Orient. My grandfather was a superb storyteller and I was always fascinated by his descriptions of the Chinese people and their culture. Later I would live in both Korea and Japan, adding to my interest in the Far East. Each of these fictional short stories is anchored in Chinese and Japanese history and, in some part, on my firsthand experiences and those of my mother

and grandparents.

But the shadow of a tragedy from eighty years past threatens to destroy their otherwise peaceful summer! What is the secret that stirs the Book Girl's imagination?

Research in Global Learning Douglas Bourn, 2023-11-06 Young people around the world are calling ever more urgently on policymakers to address today's global challenges of sustainability, structural inequality and social justice. So it is little surprise that learning in a global society, understanding sustainable development and being active global citizens are increasingly popular themes for education at all levels. Educational research makes a crucial contribution to knowledge that can address the great questions of our time, with evidence from diverse studies vital if we are to build a clear picture. Research in Global Learning showcases methods and findings from early career researchers who conducted illuminating studies around the globe, specifically in Brazil, China, Ghana, Greece, Israel, Jamaica, Japan, Kazakhstan, Pakistan, Poland, South Korea, Trinidad and Tobago, Turkey, the United States and the United Kingdom. The studies in this volume investigate four important themes: the relationship between policy and practice; opportunities and constraints in the education system and for the role of teachers; challenges for higher education; and the perspectives of young people and students. Flexibility of approach is crucial for successful educational research in varied environments, and

is on show throughout this book. Depending on context, authors used case study, quantitative and qualitative research, participatory action research, longitudinal studies and analysis of textbooks through critical discourse analysis to demonstrate how learning about global learning and sustainability can inspire learners and contribute to quality education.
