American Nations Colin Woodard, 2012-09-25 • A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction Particularly relevant in understanding who voted for who during presidential elections, this is an endlessly fascinating look at American regionalism and the eleven “nations” that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical roots. In *American Nations* he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of *American Character: A*

History of the Epic Struggle Between Individual Liberty and the Common Good) reveals how each region continues to uphold its distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

The Map Thief Michael Blanding, 2015-06-02 The story of an infamous crime, a revered map dealer with an unsavory secret, and the ruthless subculture that consumed him Maps have long exerted a special fascination on viewers—both as beautiful works of art and as practical tools to navigate the world. But to those who collect them, the map trade can be a cutthroat business, inhabited by quirky and sometimes disreputable characters in search of a finite number of extremely rare objects. Once considered a respectable antiquarian map dealer, E. Forbes Smiley spent years doubling as a map thief —until he was finally arrested slipping maps out of books in the Yale University library. The Map Thief delves into the untold history of this fascinating high-stakes criminal and the inside story of the industry that consumed him. Acclaimed reporter Michael Blanding has interviewed all the key players in this stranger-than-fiction story, and shares the fascinating histories of maps that charted the New World, and how they went from being practical instruments to quirky heirlooms to highly coveted objects. Though pieces of the map theft story have been written before, Blanding is the first reporter to explore the story in full—and had the rare privilege of having access to

Smiley himself after he'd gone silent in the wake of his crimes. Moreover, although Smiley swears he has admitted to all of the maps he stole, libraries claim he stole hundreds more—and offer intriguing clues to prove it. Now, through a series of exclusive interviews with Smiley and other key individuals, Blanding teases out an astonishing tale of destruction and redemption. The Map Thief interweaves Smiley's escapades with the stories of the explorers and mapmakers he knew better than anyone. Tracking a series of thefts as brazen as the art heists in Provenance and a subculture as obsessive as the oenophiles in The Billionaire's Vinegar, Blanding has pieced together an unforgettable story of high-stakes crime.

The Map from Here to There Emery Lord, 2020-01-09 The Map from Here to There is an unforgettable story of identity and the companion novel to the stellar The Start of Me and You, which was a Zoella Book Club pick for WHSmith. It's senior year, and Paige Hancock is finally living her best life. She has a fun summer job, great friends, and a super charming boyfriend who totally gets her. But senior year also means big decisions. Feeling the weight of 'the rest of her life' Paige starts to panic. Everything is exactly how she always wanted it to be – how can she leave it all behind next year? In her head, she knows there is so much more to life after high school. But in her heart, is it so terrible to want everything to stay the same forever? Emery Lord's signature storytelling shines with lovable characters and heartfelt exploration of life's most important questions. There will be break-ups,

make-ups, a road trip, and even a wedding. Through it all, can Paige figure out what happens in the after part of happily ever after? Fans of Rainbow Rowell, Jennifer Niven and Nicola Yoon should look no further than this unforgettable story of friendship and connection.

In the Memory of the Map Christopher Norment, 2012-03-15 Throughout his life, maps have been a source of imagination and wonder for Christopher Norment. Mesmerized by them since the age of eight or nine, he found himself courted and seduced by maps, which served functional and allegorical roles in showing him worlds that he might come to know and helping him understand worlds that he had already explored. Maps may have been the stuff of his dreams, but they sometimes drew him away from places where he should have remained firmly rooted. In the Memory of the Map explores the complex relationship among maps, memory, and experience—what might be called a “cartographical psychology” or “cartographical history.” Interweaving a personal narrative structured around a variety of maps, with stories about maps as told by scholars, poets, and fiction writers, this book provides a dazzlingly rich personal and intellectual account of what many of us take for granted. A dialog between desire and the maps of his life, an exploration of the pleasures, utilitarian purposes, benefits, and character of maps, this rich and powerful personal narrative is the matrix in which Norment embeds an exploration of how maps function in all our lives. Page by page, readers will confront the aesthetics, mystery, function, power, and shortcomings of maps,

causing them to reconsider the role that maps play in their lives.

It's no surprise that when they try and talk to each other, chaos breaks out. In The Culture Map, INSEAD professor Erin Meyer is your guide through this subtle, sometimes treacherous terrain in which people from starkly different backgrounds are expected to work harmoniously together. Ted Baker in Terrorist Gold Daniel Perkins, 2017-12-12 I was shocked at how many people wanted another book. I heard comments like, "These are my friends," and "I want to know what happens to their relationships." But the most overriding comment was, "We want more." I have tried in Terrorist Gold to bring closure to some subjects while opening the doors for the next book in the series "Russian Escape," which will have to wait its turn until I finish my first historical fiction, "Abraham Lincoln and the Second Assassin,
