The Kind Mama Alicia Silverstone,2014-04-15 The bestselling author of The Kind Diet offers practical solutions for a healthier, more vibrant approach to new motherhood When did making babies get to be so hard? Infertility is on the rise globally, affecting as many as one in six couples. But instead of looking at diet and lifestyle as key factors, doctors are racing to pump their patients full of expensive and invasive fertility treatments. Once pregnant, women just accept that carrying a baby will be the gassy, swollen, irritable, sleepless nightmare that has become the new normal. Once their babies are born, they assume it will be just as challenging—from breastfeeding woes to screaming fits and constant trips to the doctor. It doesn't have to be that way. In The Kind

Mama, Alicia Silverstone shows that if we kick nasty foods that fight our bodies and replace them with nutrient-rocking “clean” foods that heal and nourish, we can create a more positive baby-making experience, from conception through the third trimester (and beyond). By encouraging basic diet and lifestyle modifications and drawing on wisdom from medical experts, friends, and her own experience, Silverstone has created a one-stop guide that empowers women to take charge of their fertility and pregnancy, and helps them to embark on a healthier, more vibrant path to parenthood.

What Will I Do with My Love Today? Kristin Chenoweth, 2022-03-08 Broadway and screen star Kristin Chenoweth's whimsical adventure about adoption reminds kids they have an abundance of love and kindness to share, whether adopting a pet or expanding their family. What Will I Do with My Love Today? is a sweet adventure picture book by celebrity Kristin Chenoweth, known for her role in Broadway's Wicked and her Emmy Award-winning performance in the ABC hit series Pushing Daisies. Join young Kristi Dawn as she joyfully walks around New York City, sharing her love through acts of generosity—from singing in the church choir to helping a neighbor weed her garden. When she meets a lonely dog looking for a home, Kristi shows that adoption is one of the most loving and life-changing gifts of all. Through delightful rhyme and examples of child-friendly (and pup-friendly!) acts of generosity and kindness, Chenoweth shares the powerful message that the more love you give, the more love you get back! This

read-aloud picture book is perfect for kids ages 4 to 8, tells a meaningful story alongside playful illustrations from Maine Diaz, is a great gift for baby showers, adoption parties, soon-to-be older siblings, and dog-loving kids, is a meaningful way to celebrate Random Acts of Kindness Day, National Dog Day, and National Adopt a Shelter Pet Day, and is a fun gift for fans of Kristin Chenoweth. Inspired by Chenoweth's inspiring, love-filled message, your kids will jump out of bed every morning and say, What will I do with my love today?

What to Expect the First Year Heidi Murkoff, 2008-10-08 Some things about babies, happily, will never change. They still arrive warm, cuddly, soft, and smelling impossibly sweet. But how moms and dads care for their brand-new bundles of baby joy has changed—and now, so has the new-baby bible. Announcing the completely revised third edition of *What to Expect the First Year*. With over 10.5 million copies in print, *First Year* is the world's best-selling, best-loved guide to the instructions that babies don't come with, but should. And now, it's better than ever. Every parent's must-have/go-to is completely updated. Keeping the trademark month-by-month format that allows parents to take the potentially overwhelming first year one step at a time, *First Year* is easier-to-read, faster-to-flip-through, and new-family-friendlier than ever—packed with even more practical tips, realistic advice, and relatable, accessible information than before. Illustrations are new, too. Among the changes: Baby care fundamentals—crib and sleep safety, feeding, vitamin supplements—are revised to reflect the most recent guidelines. Breastfeeding gets more coverage, too, from getting started to keeping it going. Hot-button topics and trends are tackled: attachment parenting, sleep training, early potty learning (elimination communication), baby-led weaning, and green parenting (from cloth diapers to non-toxic furniture). An all-new chapter on buying for baby helps parents navigate through today's dizzying gamut of baby products, nursery items, and gear. Also new: tips on preparing homemade baby food, the latest recommendations on starting solids, research on the impact of screen time (TVs, tablets, apps, computers), and "For Parents" boxes that focus on mom's and dad's needs. Throughout, topics are organized more intuitively than ever, for the best user experience possible.

Disease Control Priorities, Third Edition (Volume 2) Robert Black, Ramanan Laxminarayan, Marleen Temmerman, Neff Walker, 2016-04-11 The evaluation of reproductive, maternal, newborn, and child health (RMNCH) by the Disease Control Priorities, Third Edition (DCP3) focuses on maternal conditions, childhood illness, and malnutrition. Specifically, the chapters address acute illness and undernutrition in children, principally under age 5. It also covers maternal mortality, morbidity, stillbirth, and influences to pregnancy and pre-pregnancy. Volume 3 focuses on developments since the publication of DCP2 and will also include the transition to older childhood, in particular, the overlap and commonality with the child development volume. The DCP3 evaluation of these conditions produced three key findings: 1. There is significant difficulty in measuring the burden of key conditions such as unintended pregnancy, unsafe abortion, nonsexually transmitted infections, infertility, and violence against women. 2. Investments in the continuum of care can have significant returns for improved and equitable access, health, poverty, and health systems. 3. There is a large difference in how RMNCH conditions affect different income groups; investments in RMNCH can lessen the disparity in terms of both health and financial risk.
