Draw People Every Day Kagan McLeod, 2019-06-04 A lively, colorful figure drawing instruction book that encourages aspiring illustrators to work in ink and watercolor to create quick, confident renderings of diverse, contemporary people. While today's illustrators work primarily in ink and watercolor, figure drawing instruction still tends to emphasize work in pencil.

Commercial illustrator Kagan McLeod offers an approach to figure and portrait drawing more in keeping with today's preferred tools and techniques, one that focuses on cultivating spontaneity, energy, and confidence by providing exercises for brush work in ink and watercolor. By breaking figure and portrait drawing into the three major aspects of line, tone, and color and recommending time limits for each exercise, McLeod encourages working fast and fearless, rather than worrying about getting your figures just right. Filled with numerous illustrative examples of diverse, modern people, *Draw People Every Day* reflects practical, applicable techniques to get you drawing the people you see in the world around you with speed and proficiency.

Sketch! France Belleville-Van Stone, 2014-11-04 Drawing activities, art instruction, and advice for artists and non-artists alike. Urban sketching--the process of drawing on the go as a regular practice--is a hot trend in the drawing world. It's also a practical necessity for creatively minded people in a busy world. In this aspirational guide, self-taught French artist France Belleville-Van Stone emboldens readers to craft a ritual of their own and devote more time to art, even if it's just 10 minutes a day. She offers motivation to move beyond the comfort zone, as well as instruction on turning rough sketches into finished work. Belleville Van-Stone learned how to draw through her own daily practice and knows first-hand how hard it is to find time to incorporate creativity into a busy life. She encourages and teaches

us how to do it with advice and guidance such as: · An A-to-Z list of daily sketch prompts, from airports to bananas, faces to hands, meetings and workplaces · Tips on what drawing supplies you can and should have--and how to carry them around · Sections on accepting mistakes, drawing with limited resources, and redefining completion · Plusses and minuses of going digital, including apps, styluses, and brushes For those of us who dream of drawing in the minutes between school and work, bathtime and bedtime, and waking and walking out the door, the practical advice in Sketch! is a revelation. By sharing her own creative process, Belleville-Van Stone Sketch inspires artists both established and aspiring to rethink their daily practice, sketch for the pure joy of it, and document their lives and the world around them.
