Billy B. Good's Fun Facts and Trivia Snacks Billy B. Good, 2021-06 A word

from Billy B. Good: I'm not a fan of trivia books that simply print hundreds (or thousands) of one-line facts, like: The deepest spot on the ocean floor is known as Challenger Deep, which is 36,307 feet below the ocean's surface. YAWN. But suppose I told you this: The first people to attempt to measure this giant hole in the ocean, back in 1875, used a weighted rope that stretched down more than 26,000 feet. What? Who has a rope that's FIVE MILES LONG? See, that's much more interesting. So you will not get bland, one-line pieces of data with my books. I'd pass out from boredom putting them together, and I can only imagine how mind-numbing they are to read. I like the quick stories that go with the stuff labeled 'trivia.' Gives them substance. Provides some depth and texture. And just makes them more interesting. This book won't be for everyone. You may prefer endless lines of stats. Power to you. Lots of people enjoy those, and there are thousands to choose from. But if you enjoy a bit more, then look at it this way: Those books are just French fries; this book is an order of fries with multiple dipping sauces. (Maybe even a chocolate shake.) In this volume you'll discover: The longest red light in the world An inmate who mailed himself to freedom The person who survived the longest elevator plunge And plenty more. Enjoy! And be sure to look for the other books in the series. Billy B. Good

Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year.

Simply Trivial Lite : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph.

Simply Trivial Lite : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting.

These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a

bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
