The Romance of King Anlin Darma in Javanese Literature Gerardus Willebrordus Joannes Drewes, 2013-12-14

Current Trends in Plant Disease Diagnostics and Management Practices Pradeep Kumar, Vijai Kumar Gupta, Ajay Kumar Tiwari, Madhu Kamle, 2016-04-28 Plant diseases play an important role on our daily lives. Most of plant diseases are visible and are caused by biotic and/or abiotic factors. Symptoms are usually the results of a morphological change, alteration or damage to plant tissue and/or cells due to an interference of the plant's metabolism. All basic structures of vascular plants are subject to attack by pathogens. The failure in accurate disease diagnosis and management may lead to huge losses in plant production and related commodities, which causes nutritional food scarcity. Typically, the appearance of a biotic symptom will indicate the relatively late stage of an infection and/or colonization of a pathogen. Expert detection, accurate diagnosis, and timely management play a significant role in keeping plants free from pathogens. In this book expert scholars share their research knowledge and key literature which are vital toward the diagnosis of plant diseases across the globe, addressing traditional plant pathology techniques, as well as advanced molecular diagnostic approach.

Modern Chinese Stories and Novellas, 1919-1949 Joseph S. M. Lau, Chih-tsing Hsia, Leo Ou-fan Lee, 1981 Brings together some of the best and most historically significant works of short fiction written in China in this century -including such important figures in the development of Chinese modernism as Lu Hsün, Mao Tun, Ting Ling, and Shen Ts' ung-wen. The companion volume to the highly acclaimed (Columbia, 1978), this new volume presents modernist short fiction from the thirty-year period leading up to the Communist revolution of 1949, after which Chinese literature entered a new phase of development. The stories range in setting from the late Ch'ing dynasty through the Sino-Japanese War and the early Communist years, and range in length from brief tales to substantial short novels. Though a large number of the writers represented are leftists, works of all political viewpoints have been included to provide the full literary panorama of one of the most fertile periods of Chinese creative activity.

Voices from the Whirlwind Jicai Feng, 1990 A collection of 14 first-person accounts selected and translated from:

Yi bai ge ren de shi nian.

China's Second Revolution Harry Harding,2010-12-01 China has, since 1976, been enmeshed in an extraordinary program of renewal and reform. The obvious changes—the T-shirts, blue jeans, makeup and jewelry worn by Chinese youth; the disco music blaring from radios and loudspeakers on Chinese streets; the television antennas mushrooming from both urban apartment complexes and suburban peasant housing; the bustling free markets selling meat, vegetables and clothing in China's major cities—reflect a fundamental shift in the government's policy toward the economy and political life. Although doubts about the long-term commitment to reform arose after the student protests in December 1986 and the dismissal of Party General Secretary Hu Yaobang in January 1987, the scope of reform has been so broad and the pace of change so rapid, that the post-Mao era fully warrants Deng Xiaoping's description of it as the second revolution undertaken by the Chinese Communist Party.

China Since 1945 Stewart Ross,1989 Discusses the history of China from Mao's Communist takeover in 1945, through the Great Leap Forward and the Cultural Revolution, to the changes that have taken place since the death of Mao.

The Post-impressionists Richard Shone,1979 One of the aims of this book is to show the pervasive influence Post-Impressionists exercised on a host of other painters in the last twenty years of the nineteenth century. The author also discusses the Post-Impressionists' debt to the pioneering achievements of their elders such as Monet and Renoir. By establishing their links with the immediate past and the value of their work for the future, Post-Impressionism appears not as an isolated phenomenon but as a movement of great variety, firmly situated in the tradition of European painting.

A Daughter of Han; the Autobiography of a Chinese Working Woman Ning Lao T'ai-t'ai, Lao T'ai-t'ai Ning, Ida Pruitt, 1967 Within the common destiny is the individual destiny. So it is that through the telling of one Chinese peasant woman's life, a vivid vision of Chinese history and culture is illuminated. Over the course of two years, Ida Pruitt--a bicultural social worker, writer, and contributor to Sino-American understanding--visited with Ning Lao T'ai-t'ai, three times a week for breakfast. These meetings, originally intended to elucidate for Pruitt traditional Chinese family customs of which Lao T'ai-t'ai possessed some insight, became the foundation for an enduring friendship. As Lao T'ai-t'ai described the cultural customs of her family, and of the broader community of which they were a part, she invoked episodes from her own personal history to illustrate these customs, until eventually the whole of her life lay open before her new confidante. Pruitt documented this story, casting light not only onto Lao T'ai-t'ai's own biography, but onto the character of life for the common man of China, writ large. The final product is a portrayal of China that is vividly and humanly revealed.
