

Single Parenting

Stephen L. Atlas

The Joy of Single Parenting Elnader Hale,2009-04-18 This book is about the stigma imposed on Single Parents as the results of a few Single Parents who have fallen down and refused to get up. It is the author's intent to ignite discussion and ideas on how we as a people can reach back and help one single parent or the child of a single parent to become all he or she can be towards attaining the Ameican Dream. I hope you enjoy these food for thought and join me in my mission of changing the life of a child or a single parent.

Single Parenting's Guide Sarah Chapman,2021 You are also growing and changing throughout this process. You will realize it, your kids will know and see it, as will others. This is another change you and everyone around you have to deal with as well, on top of everything else. You might also feel anxious, lonely, and angry or evoke these emotions in your child/family.Again this is quite normal and natural behavior. 'Seeing things from the child's point of view This is not only all about you either. Try and see things thought the eyes of your child sometime and whole new worlds of understanding and possibilities will open for you. 'A new path and survival plan for single parents - rewards and challengesWe have spoken a lot in theory about what happens to you when faced with these situations.Now we get to the more practical WHAT DO I DO NOW, NEXT, IN MY CASE TYPE OF QUESTIONS?'SETTLING IN AS INDIVIDUALS AND A NEW FAMILY UNIT

Single Parenting For Dummies Marion Peterson,Diane Warner,2003-05-09 Welcome to the wild, wonderful world of single parenting—one of the toughest, most thankless jobs in Universe. The good news is that you’re not alone. Over the last decade the ranks of single parents has swelled to a whopping ten million in the United States alone, forcing business and government to accommodate more of your needs. Also, society’s perceptions of single parents have changed. It’s now perfectly acceptable, even admirable to be a single mom or dad. Still, unless you’re independently wealthy and have nothing to do but work at being a perfect parent, you can use all the help you can get in making single parenting work for you and your kids. Single Parenting For Dummies to the rescue! Whether you’re already a single parent or soon to become one, this warm, friendly guide will be a source of encouragement and ideas. Packed with proven solutions to most of the challenges single parents face, it show you how to: Balance work and family life Develop strong relationships with your kids Help kids adjust to the trauma of divorce Manage your time—and money Develop a successful co-parenting plan Deal with dating and remarriage Raise happy, healthy well-adjusted kids Know when to seek professional help and how to find it Drawing upon their own experiences and expertise and the experiences of single parents whose stories they share throughout the book, psychotherapist Marion Peterson and bestselling self-help author Diane Warner, cover all the bases, including: Adjusting to single parent status Managing your time and sharing resources with other single parents Avoiding the five biggest single parent money mistakes Keeping close to your kids and considering their point of view Developing a co-parenting plan and making sure all parties stick to it Dealing peacefully with stepparents and former in-laws Keeping your cool when resolving parenting problems Staying physically and psychologically fit Yes, you can raise happy, healthy well-adjusted kids while keeping your sanity and your health in tact, and now Single Parenting For Dummies shows you how.

Growing Up with a Single Parent Sara McLanahan,Gary D. Sandefur,2009-07-01 Nonwhite and white, rich and poor, born to an unwed mother or weathering divorce, over half of all children in the current generation will live in a single-parent family--and these children simply will not fare as well as their peers who live with both parents. This is the clear and urgent message of this powerful book. Based on four national surveys and drawing on more than a decade of research, Growing Up with a Single Parent sharply demonstrates the connection between family structure and a child's prospects for success. What are the chances that the child of a single parent will graduate from high school, go on to college, find and keep a job? Will she become a teenage mother? Will he be out of school and out of work? These are the questions the authors pursue across the spectrum of race, gender, and class. Children whose parents live apart, the authors find, are twice as likely to drop out of high school as those in two-parent families, one and a half times as likely to be idle in young adulthood, twice as likely to become single parents themselves. This study shows how divorce--particularly an attendant drop in income, parental involvement, and access to community resources--diminishes children's chances for well-being. The authors provide answers to other practical questions that many single parents may ask: Does the gender of the child or the custodial parent affect these outcomes? Does having a stepparent, a grandmother, or a nonmarital partner in the household help or hurt? Do children who stay in the same community after divorce fare better? Their data reveal that some of the advantages often associated with being white are really a function of family structure, and that some of the advantages associated with having educated parents evaporate when those parents separate. In a concluding chapter, McLanahan and Sandefur offer clear recommendations for rethinking our current policies. Single parents are here to stay, and their worsening situation is tearing at the fabric of our society. It is imperative, the authors show, that we shift more of the costs of raising children from mothers to fathers and from parents to society at large. Likewise, we must develop universal assistance programs that benefit low-income two-parent families as well as single mothers. Startling in its findings and trenchant in its analysis, Growing Up with a Single Parent will serve to inform both the personal decisions and governmental policies that affect our children's--and our nation's--future.

Single Parenting Anthony Ekanem,2016-07-27 It is fair to say that most people don't ever expect to become single parents. And it is also safe to say that you are never really prepared for the role. However, according to U.S. census records, there are more than 13.6 million single parents in the United States and the number continues to grow. It is not just women who are now responsible for the task of raising children by themselves; the number of single fathers is also increasing.As a single parent, you will be faced with a number of challenges. Some may surprise you. Others will be expected. The more information you have, the easier it will be to navigate these challenges and successfully transition into the role of a single parent.This book is designed to help you navigate the transition successfully. We will talk about the emotions you will probably feel, how to find support, and how to establish priorities and plan for success. We will wrap it all up with a look at why being a single parent can be tremendously rewarding and how to maintain a positive outlook

The Smart & Easy Guide To Single Parenting Jasmine Williams,2013-10-22 Anyone who has a child knows that parenting is one of the hardest jobs there is. Today's parent faces more struggles and pressures than ever before and more and more households are single parent households, which make this already tough job even more of a challenge. The Smart & Easy Guide to Single Parenting provides an honest assessment of the societal changes in family structure, the unique challenges that face single parents, as well as how to better manage those challenges and reduce the stresses of raising a child on one's own. At the outset, the guide discusses the changing definition that the term single parent has seen over time. What follows is the evolution of the increasing inclusiveness of the term. At one point in time, a single parent was one who's partner had left them or died, consequently leaving them to manage the child rearing and provision of financial security on their own. This definition has expanded and now includes the following populations: Divorced parents Widows or widowers Parents who's spouses are overseas or otherwise not in the home for military service or work Young or unwed mothers Surrogates or single foster or adoptive parents The guide also describes how the concept of the family has evolved over time. For many. many years, it was more common than not for extended families to live together. This meant multiple generations under one roof. Parents, children, grandparents, aunts, uncles and cousins living together was not at all out of the ordinary. Over time, this

began to change and the nuclear family became the norm. The nuclear family is what is often viewed as the traditional family, with father, mother and children all living under the same roof. While to many, this is still the ideal situation, more and more parents are finding themselves having to manage child rearing on their own, as single parents. The Smart & Easy Guide to Single Parenting discusses the risk factors that are often inherent for single parents and their children. Both single parents AND their children are at greater risk for certain issues as a result of the added stress that managing this burden alone have on people's lives. For the child, risk factors of being raised by a single parent include: Risk of neglect or abuse Risk of poverty Risk of poor diet and health Lack of role models or consistent authority figures Reduced academic abilities For the single parent, risk factors include: Excessive stress Financial strain Poor health and diet Increased change of chemical dependency Lack of interpersonal relationships Effective Strategies of Single Parents While the guide does touch on the many risk factors and difficulties that single parents and their children face, it does not, by any means, provide a grim outlook for all single parents and their children. The guide provides a wealth of realistic, relatable advice that can help the single parent. Since financial security is one of the biggest problems facing single parents, the guide places a good deal of emphasis on getting one's finances under control and creating a realistic budget. For some, there are many aspects of their finances that can be downsized for easier management. Time is the other key problem facing most single parents. The guide provides a number of key tips for better time management, so as to allow the single parent to reduce their stress without faltering on their obligations as a parent and breadwinner. While parenting is never easy, being a single parent can be an incredibly daunting challenge. In The Smart & Easy Guide to Single Parenting, we are shown how the concept of the family has evolved and how a single parent is defined. The guide also touches on the unique challenges facing both the single parent and their child. The guide also gives down-to-earth advice on how single parents can reduce their stress and make their situation as manageable as possible.

Surviving Single Parenting Dawn Isenhardt,2000-11 With the growing number of single parents each year, Dawn Isenhardt provides insight into the world of raising a child on your own. Whether your are a single mother or single father, the basic principles of this book will offer inspiration, wisdom, and courage which applies to all single parents. Surviving Single Parenthood Paul Lane,Senior Lecturer in Archaeology Paul Lane,2016-12-08 Are you struggling to raise a child by yourself? Get the Information You Need to Survive Single Parenting and Raise Healthy, Happy Children! By checking out breakthrough strategies Are you raising one or more children on your own due to divorce or death of a partner? Whatever the case may be raising children is difficult enough for a two-parent household. When it's a single parent household the situation is even more critical. Most of us think nothing of hopping in the car to run to the market and leaving the kids with your husband or wife. Just stop and think how difficult that could be as a single parent. If you have an infant or a toddler, even a quick trip to the grocery store is an event. Add another pre-schooler or grammar school sibling and before you know it your quick trip turns into something close to a safari! There are some pretty frightening statistics surrounding single parents drawn from the 2007 census. The number of single parents has grown significantly worldwide. From 2001 to 2008 the numbers have increased by a whopping 11%! Here in the United States, there are around 13.6 million single parents raising 21.2 million kids, representing 26% of all kids under 21. 84% of custodial parents are mothers and 16% are fathers. These figures indicate what most of us already know. The people bearing the majority of the burden of raising children alone are the same people who make less money. Women who work outside the home are no strangers to the concept of doing more and earning less. That doesn't mean that single fathers have it so easy either. Our hats should go off to any single parents who struggle to make ends meet especially in this horrible economy. 3 Things Single Parents Need to Know 1.Psychological Effects on Children of Single Parents. There are some children who suffer the emotional and mental th leading to incapacities and incompetence when they get older. 2.Crime Rate Stats for Children of Single Parents. It is not fair to say that children of single parents grow up to become criminals. You have to understand the risks and provide support to prevent the growth. 3.Financial Aid for Single Parents. Being a single parent means all things are under your control. However, that does not necessarily include finances. This can be less painful if you know that resources are available to help you and where to go to find them. If anything you've read strikes a cord with you, it's important to know that all these problems, if not eliminated, can be helped. And, you can get that help right now, today. We have just the information you need in our guide entitled *Surviving Single Parenthood And The Great Thing Is . . .* You don't need any special education or technique to read it. It's written in plain English. It doesn't require much time to get to know your subject - You can start applying what you learn as soon as you've read the guide. Cost is minimal - Since the whole purpose is to help single parents in all areas of their lives, we've kept the cost very low. Take a peek inside and you will find out everything you need to know about: Child Support and Single Parents Financial Challenges of Single Parents Educational Assistance Stress Dating Single Parenting Tips for Mothers Single Parenting Tips for Fathers Home Buying Programs for Single Parents And much more... Tag: single parent adoption, single parent baby memory book, single parent book, single parent kindle book, single parent survival, single parenting, single parenting books, single parenting that works

Single Parents Karen L. Kinnear,1999 *Single Parents* offers an overview of this growing phenomenon, the problems faced by single-parent families, and their impact on society. Topics include men and women as single parents, single-mother families and poverty, the legal system and single parents, gay and lesbian parents, moral issues, and the effects of growing up in a single-parent family. The experiences of single parents in other countries are also discussed. This volume lists numerous resources, among them federal government programs; state statutes concerning child custody and adoption; private and public organizations; a guide to literature, films and videos; and information on the Internet.

Single Parenting Robert G. Barnes, Jr.,1992-08 Now available in mass market, this book compassionately addresses topics such as communication, self-esteem, finances, remarriage, and more. Barnes offers practical, in-depth, Biblically-based answers to many questions that single parents have in raising their children in the days ahead. Invaluable reading for singles who take parenting seriously!

The Single Parent Linda Ranson Jacobs,2019-07-02 Whether you became a single parent through divorce, death, adoption, or some other situation, you've probably wondered what the future holds for you and your children. Will you be able to provide the emotional, financial, and spiritual support your family needs? The *Single Parent* will encourage you in your journey and help avert problems before they arise. It is filled with wise counsel, biblical truth, and real-life stories--the author's own as well as those of the many single moms and dads who have come across her path through the years. It will help you bolster your abilities in such areas as · improving your child's behavior · negotiating boundaries · graciously seeking and accepting help from others · trusting God in the process God cares for the single parent and will provide for you and your children. Let this book give you the tools you need as you

walk with him in this journey.

Practical Single Parenting Elizabeth Matthews,2010-07 Although this book is written to women, men who are single parents will also find the information to be powerful in improving their ability to parent their children with strength, love and hope--P. [4] of cover.

The Single Parent Resource Brook Noel,Arthur C. Klein,1998 This book provides the answers to the top concerns, problems, and challenges of single-parent life.

Coping With Divorce, Single Parenting, and Remarriage E. Mavis Hetherington,2014-04-08 In this volume leading researchers offer an interesting and accessible overview of what we now know about risk and protective factors for family functioning and child adjustment in different kinds of families. They explore interactions among individual, familial, and extrafamilial risk and protective factors in an attempt to explain the great diversity in parents' and children's responses to different kinds of experiences associated with marriage, divorce, life in a single parent household, and remarriage.

Single Parenting That Works Kevin Leman,2006 A guide with a Christian perspective shows single parents how to build healthy, mature relationships with their former spouses, how to develop their children's self-esteem, and how to relate to their kids and discipline them in accordance with their unique, God-given personalities.

The Ministry of Single Parenting Norma Jordan,2003-09 To you the single parent, it is God's goodness and mercy that has caused this book to come into your hands. He has heard your sighs of exhaustion, and seen your tears of frustration. He has lightened your burden by allowing a friend who understands to carry it with you. I have no doubt that you and your children will be blessed! Bishop Charles E. Blake West Angeles Church of God in Christ THE MINISTRY OF SINGLE-PARENTING In this New Millennium the single parent family is the norm rather than the exception. We fail to recognize the threat of this perpetual cycle from one generation to another. The Word of God assures us that no weapon formed against us will prosper. God's Word can counteract this cycle of destruction and build wholeness into the lives of your children. God has called you to a higher purpose than you've ever imagined. He has given you a ministry to shepherd His flock, and to break generational curses in future generations. You have been called to the Ministry of Single Parenting--a high calling! Experience a Divine sense of purpose and fulfillment in your life. Accept Your Call to the Ministry!

The Complete Idiot's Guide to Single Parenting Sara Dulaney,1998 The Complete Idiot's Guide to Single Parenting shows you how to raise a happy, thriving family and run a successful household-solo.

The Top Books of the Year Single Parenting The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have enthralled audiences this year. Single Parenting : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Single Parenting : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Single Parenting : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Single Parenting Introduction

In todays digital age, the availability of Single Parenting books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Single Parenting books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Single Parenting books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Single Parenting versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Single Parenting books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and

manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Single Parenting books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Single Parenting books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Single Parenting books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Single Parenting books and manuals for download and embark on your journey of knowledge?

FAQs About Single Parenting Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device

compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
