**Liar's Poker** Michael Lewis, 2010-03-15 The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

**The Pursuit of Poker Success** Lance Bradley, 2018-06-07 Why do some poker players become immensely successful while others fall by the wayside? What is it that separates the successes from the failures? Is there a magic formula? Over the last 12 years, Lance Bradley has been one of poker's leading journalists and now finds himself at the helm of PocketFives.com as President and Editor-in-Chief. During his time covering the poker world, Bradley has interviewed hundreds, if not thousands, of the world's best players. This experience has revealed one fascinating trend; contrary to what

might be expected, there is no single guaranteed path to success. Each and every poker player featured in *The Pursuit of Poker Success* has taken their own route to becoming one of the world's best players. The players interviewed for this book include World Series of Poker bracelet winners, World Poker Tour champions, online poker wizards and some of the best cash game players on the planet. Bradley spoke to each player about the way in which they found success in a game that can be humbling for so many. What worked for them can work for you.

**One of a Kind** Nolan Dalla, Peter Alson, 2006-05-30 First biography of the greatest card player of all time. Stuey Ungar was a true original, a mass of contradictions and a god among gamblers. As a high school dropout, Ungar soon developed a reputation for talent and raw nerve in playing gin. A nonstop gambler he was soon conquering Las Vegas. *One of a Kind* chronicles Stuey's spectacular rise as the most feared tournament player in poker history to his tragic fall. Compelling and riveting, this is the first ever look at the man behind the legend.

*Earn \$30,000 Per Month Playing Online Poker* Ryan Wiseman, 2010-11-16 Much like a pilot need not know the pure physics behind his flight, a skilled poker player need not know the pure mathematics behind winning poker play. Too often have poker books taken a purely theoretical

approach to poker instruction. This book is the only poker book available that caters specifically to online sit'n'go (SNG) single-table low-limit Texas Hold'em tournaments. More importantly, it is the only poker book that guides the reader on a progressive path upward through the various limits, with only the information necessary to win with any bankroll or skill level to beat that specific low limit. Presented in a series of steps, the book provides guidelines that help tell the reader when to move up to a higher limit. SNG's have very predictable durations (40'60 minutes) so the reader could effectively set aside blocks of time to play. Unlike other games, the book contends that SNG's have very predictable win/loss rates, can be defeated systematically, and offer an innate system of progression. That is, the various buy'in amounts can be viewed as a climbable ladder that helps gauge success. As with any gambling, winning is not a sure thing. But this book gives you the tools you need to win.

**Poker: The Real Deal** Phil Gordon, Jonathan Grotenstein, 2008-12-26 The secret is out. Poker has become the hottest game in town. No longer viewed as the pastime of husbands seeking refuge from their wives, it is regularly played by an estimated 80 million people. Many play at home or online, but taking the game out of the kitchen and into the casino can be intimidating. That's where POKER: THE REAL DEAL comes in. World-class poker player and co-host of the hit show CELEBRITY POKER SHOWDOWN Phil Gordon has paired with writer Jonathan Grotenstein to write this comprehensive guide to the game. In addition to introducing the most popular forms of poker and explaining the intricacies of this game of skill, they describe the ins and outs of poker psychology and groom the reader, from home player to seasoned professional, in a single volume. They examine the different breeds of players from the Rock to the Manic, detail what to wear, drink and tip, and profile the legends of the game with tips from some of the biggest names in poker today. This definitive guide to

poker provides a rare inside look at the game in language accessible to players of every level.

*Poker's 1%* Ed Miller, 2014-03-15 Elite poker players aren't like the rest of us. Sure, they play in huge games where tens of thousands of dollars can move in the blink of an eye. But that's not the only difference. Elite players play and think about the game in a completely different way from everyone else. If you want to raise your game to their level, it's not just a matter of getting a little better at what you already do. The honest truth is that the way 99% of poker players approach the game is fundamentally flawed. You will never be able to crack the top 1% until you know what they know. There's one big secret to the game that nearly every elite player knows, yet almost no one else understands. It's an open secret-no one is hiding it. Elite players talk about it sometimes in videos and articles. Nevertheless, top players have known this secret for years, yet still almost no one else does. *Poker's 1%* seeks to change that. It bridges that gap between the elite players and everyone else. It promises that as long as you are willing to put in the work, you too have a shot to reach the top. *Poker's 1%* teaches a way of thinking about how you play, a way to unify every hand you've ever played and ever will play into one single, overarching strategy. The goal is that you will have one big aha moment, the moment where you finally get this game. After that, it's just fine tuning. The more you fine tune your strategy, the more you win, and the higher you can go. *Poker's 1%* gives you a unique window into the secrets of the world's best players. It shows you what you've been doing wrong and how to fix it. And, most importantly, it guides you in a straightforward way along the path from average player to elite.

*What No One Else Is Saying about Online-Poker* Carl Varrone, 2007-02 With the renewed interest in the WSOP and Texas Hold-Em poker, online poker rooms have become the easiest way for the average player to get in the game. Online poker generates billions of dollars a year. Millions are

playing and millions are lost every day. When playing poker live, an experienced player coupled with a little luck is a winning hand. But when playing online, rampant cheating and endless numbers of bad players make the luck factor the deciding factor. This book will let you understand the two different games being played, comparing live play to online play. What No One Else Is Saying About Online Poker highlights how the internet has changed the game into a free for all that could bring even the most experienced professional poker player to his knees, begging for mercy. What No One Else Is Saying About Online Poker is the tell all book about online poker. Topics: . Research the ins and outs of the industry and how the internet has changed the game forever. . Understand why online poker rooms are spending millions to detect cheating. . Learn the different types of cheating taking place in today's online poker rooms and how to recognize it. . Uncover the truths and rumored myths of online poker. . Learn exactly where online poker rooms and the players stand concerning the new bill passed into law on October 13, 2006: The Unlawful Internet Gambling Enforcement Act of 2006. . Arm yourself with the knowledge to compete and discover if you can even afford trying. Author Carl Varrone, a successful business owner and poker enthusiast began his research for What No One Else Is Saying About Online Poker in 1998. His curriculum included reading numerous books and firsthand experiences in casino poker rooms learning to master the game. When poker rooms started popping up on the internet, Varrone found himself playing online every chance he could. Through his years of playing and research he was compelled to write this book. Every person playing online poker or considering it should learn from his experiences before getting in on the action.

*Frugal Video Poker* Jean Scott, 2006-08 *Frugal Video Poker* is the most comprehensive book ever written on practicing, playing, and winning at this popular casino game. Video poker is beatable when you know what pay schedules to look for and how to play when you find them. Whether you want to

play for profit or merely make your money last longer in a casino, Frugal Video Poker will take you where you want to go. Beginners are walked through the basics, first learning to distinguish between good and bad paytables, then playing the strategies that maximize the machine's potential. Players who already have some experience will discover crucial bridge concepts that lead to improved results. For experts, Frugal Video Poker covers special opportunities, such as tournaments, promotions, progressives, and the cutting-edge new games--an extensive resource section paves the way to advanced study. And everyone can benefit from the detailed lessons on how to use readily available video poker computer software to take the game to its highest level.

Get the Edge at Low-Limit Texas Hold'em Bill Burton, 2004-03 Low-Limit Texas Hold'em is the fastest-growing casino poker game. But new players often come to the poker rooms completely unprepared to play a winning game. Even so-called veteran players are often long-term losers at the game because they have never taken the time to study how to play or analyze their own individual games. As author Bill Burton clearly shows in Get the Edge at Low-Limit Texas Hold'em, a savvy low-limit player can turn a profit at this game by exploiting the weaknesses of his or her opponents, and developing his or her own strengths. In Get the Edge at Low-Limit Texas Hold'em, you will learn: -- The basics of proper play; the rules; the protocols -- What starting hands to play -- and what starting hands to throw away -- The concept of table position, and how that affects what hands to play -- The proper times to check, raise, fold, and check-raise. -- When to bluff and to semi-bluff -- How to win in Low-Limit Hold'em tournaments -- The proper bankroll requirements for the type of games you play in -- How to size up your opponents and their playing styles -- The most common mistakes made by novice or unskilled players. -- How to read your opponents' tells to gain the advantage. -- Money-management techniques to handle your bankroll. In addition, Bill Burton explains his own fascinating

journey from the kitchen to the cardroom and how, in just a few short months of intensive study and practice, he became a winning player.

**Big Deal** Anthony Holden, 2010-06-15 In 1988, best-selling biographer Anthony Holden spent one year living the life of a professional poker player. His mesmerizing account of that year went on to become a classic of the genre, an inspiration to innumerable poker players and poker memoirists who followed. Big Deal is his story of days and nights in Las Vegas, Malta, and Morocco, mingling with the greats, sharpening his game, perfecting his repartee, and learning a great deal about himself in the process. Poker, Holden would insist, is a paradigm of life at its most intense, a gladiatorial contest that brings out the best as well as the worst in people. The heroes and eccentrics of the poker world stalk the pages of this remarkable book, along with all the hairraising, nail-biting excitement of the game itself.

**3-Card Casino Poker: Tactics and Strategies for Success** John F. Bevilaqua, 2019-02-20 Three Card Poker brings together the strategy of poker with the excitement of jackpot style bonuses. In this game each player plays only against the Dealer (just like in Black Jack) and not against the other Players which adds a special allure to the game for those who do not choose to go head to head against other players on regular poker tables. The game is also played with a single deck which can be used to your advantage as described later in this document. In Three Card Poker, a multi-hand variation of poker, you can play up to either 2 or 3 different hands simultaneously against the dealer's hand. The number of hands you can bet on during a single session varies by casino. For instance, at the time of publication Foxwoods and Mohegan Sun in Connecticut allowed 3 simultaneous hands per player but Twin River only allows 2 simultaneous hands per player. If you beat the dealer's hand straight-up you will win both the Ante Bet and the Play Bet. You will also receive an extra payoff on

the Play Pair Plus amount where you must get a Pair of any kind or a better premium hand like a Straight, Flush, 3-of-a-Kind or Straight Flush to win an additional amount. If you have a premium 6 Card hand (combining your 3 cards with the Dealer's 3 cards into a 5 card Bonus hand) you will win an additional amount if the casino offers that option based on the 6 Card Hand payout amounts which also vary by casino. Our advanced strategy recommends that you play 2 different hands per shuffle with 3 bets each, in order to be able to offset one poor hand with a possibly higher hand. This might appear to produce a net detrimental or negative effect but when combined with increasing your wagers by 50%, only once, after a total loss in the previous hand, at your sole option and risk, it appears to produce a desirable diversification effect over the long term based on our personal experiences. You potentially Win At 3 Card Poker on as many of 4 of the betting spots if and only if the following conditions are true. There are 3 or 4 ways to win in Three Card Poker. By the same token there are also 3 or 4 ways to lose at Three Card Poker: 1) Beat the dealer's qualifying hand or observe a non-Qualifying hand in the Dealer's Hand and win an even money payout on your Ante wager 2) Beat the dealer's qualifying hand and win an even money payout on your Play wager without any commissions charged like in Baccarat. 3) Receive a bonus when your hand qualifies for one of the Ante bonuses (Red Diamond) or the Pair Plus Bonuses (Yellow Circle) 4) Receive a bonus when 5 of the best cards in your hand plus the dealer's hand qualifies for one of the 6-card bonus (White Circle) hand rankings. 5) Of course you will lose all 4 of your bets if you do not have a Pair or better or a another Bonus hand and your hand is lower than the Dealer's Hand. (Bummer!) Hand Description of Payouts on your hands Example Straight Flush Payout of 40 to 1 on the Pair Plus Amount with Three cards of the same suit in sequence [8d-9d-10d] Three of a Kind Payout of 30 to 1 on the Pair Plus Amount with Three cards of equal rank [Ah-Ac-As] Straight Payout of 6 to 1 on the Pair Plus Amount with Three cards

in sequence of mixed suits[7d-8s-9h]FlushPayout of 3 to 1 on the Pair Plus Amount with Three cards of the same suit[2s-6s-10s]PairPayout of 1 to 1 on the Pair Plus Amount with Two cards of identical rank value[3d-3h-5c]High CardPayout of Nothing on the Pair Plus Amount when you do not even have a Pair [Qh-8d-6c]

**Texas Hold Em Poker Game Guide for Tournaments** Nicolae Sfetcu,2023-10-17 Texas Hold

'em (also known as hold 'em or holdem) is a variation of the standard card game of poker. The game consists of two cards being dealt face down to each player and then five community cards being placed face-up by the dealer—a series of three (the flop) then two additional single cards (the turn and the river or fourth and fifth street respectively), with players having the option to check, bet, raise or fold after each deal; i.e., betting may occur prior to the flop, on the flop, on the turn, and on the river. Texas Hold 'em is the H game featured in H.O.R.S.E and in H.O.S.E.
