International Bibliography of Sikh Studies Rajwant Singh Chilana,2006-01-16 The International Bibliography of Sikh Studies brings together all books, composite works, journal articles, conference proceedings, theses, dissertations, project reports, and electronic resources produced in the field of Sikh Studies until June 2004, making it the most complete and up-to-date reference work in the field today. One of the youngest religions of the world, Sikhism has progressively attracted attention on a global scale in recent decades. An increasing number of scholars is exploring the culture, history, politics, and religion of the Sikhs. The growing interest in Sikh Studies has resulted in an avalanche of literature, which is now for the first time brought together in the International Bibliography of Sikh Studies. This monumental work lists over 10,000 English-language publications under almost 30 subheadings, each representing a subfield in Sikh Studies. The Bibliography contains sections on a wide variety of subjects, such as Sikh gurus, Sikh philosophy, Sikh politics and Sikh religion. Furthermore, the encyclopedia presents an annotated survey of all major scholarly work on Sikhism, and a selective listing of electronic and web-based resources in the field. Author and subject indices are appended for the reader's convenience.

The Wheel Eternal Gursaran Singh Saran,2013 The Wheel Eternal was originally published in Punjabi (the Author's mother tongue) as sme dee bairr in 2000. It contains poems written during 1980-2000 while the Poet was living in USA. Dealing with wide-ranging subjects, themes, and issues, the poems embody concern for the human condition that encompasses emotional, biological, sociological, psychological, metaphysical, material, and spiritual aspects of Life. The Author's crusading belligerence springs from his deep faith in Gurbani (Guru's Revealed Word), and his own mind is the battlefield where he is constantly engaged in combat with the forces of evil, immorality, and ugliness, which have now overwhelmed the modern world. The poet feels that the inner consciousness, reason, mind, and understanding of the modern man are not trained spiritually. He has depicted today's religion and its (mal-)practices as a mongrel collection of outdated rituals and rules. In his experience, spirituality deepens the bond among humans, vis-

à-vis the Fatherhood of God and brotherhood of man. This work can be placed among the Metaphysical Poets, by virtue of the profundity of its content such as the readers would find irresistibly fascinating.

Guru Gobind Singh Sher Singh, 2015-06-02 Excerpt from *Guru Gobind Singh: His Life Sketch* Guru Gobind Singh was born at Patna. Poh Sudi 7th 1723, Vikrami, 1666 A.D. to Mother Gujri, when his father, Guru Teg Bahadur, was absent in Assam where he had gone in connection with a peaceful mission to a prince of that province. The first few years of the babe's life were spent at Patna which is, therefore, an important Throne in the annals of Sikh history. The early life of Guru Gobind Singh recalled the innocent revelries of Krishna for he had won the hearts of the people, both young and old, including Raja Fateh Chand Maini, at that tender age. There was some hidden charm in his radiating face which made him at once the idol of Patna where he lived and moved like an angel wooing, bewitching and comforting every one with whom he came in contact. Guru Gobind Singh Jogindar Singh Ramdev, 1967

Guru Arjan Dev Dharam Singh, 2007 On the life and works of Guru Arjan Dev, 1563-1606, fifth guru of the Sikhs.

India and Civilizational Futures Vinay Lal, 2019-07-10 This second volume based on the deliberations of the Backwaters Collective puts into serious question the most familiar categories that have informed humanistic inquiry and social science research until now. The contributors probe how the intellectual and cultural resources of Indic civilization might be deployed to introduce greater plurality into the world of modern knowledge systems and reinitiate metaphysics into the discourses of politics, with the hope that similar inquiries will in future be extended across the Global South. The chapters offer newer perspectives on India's past and intellectual traditions and suggest how we might liberate ourselves from the straightjackets of history, development, normal politics, the nation-state, and what globally passes for 'common sense' in various spheres of life and thought. While some contributors engage with a few figures who have been critical in shaping India's intellectual life, such as Kabir, Narayana Guru, Ambedkar, Tagore, and Gandhi, others bring into the limelight equally compelling if somewhat neglected figures such as Rahul Sankrityayan, Ranade, and T.R.V. Murti. Conceptual papers on intercommunalism, South Asian ideas of hospitality, and mnemocultural modes of learning complete the volume.

The Works of Late Pandit Gurudatta Vidyarthi Gurudatta Vidyarthi, 1912

Narayana Guru Nancy Yeilding, 2019-01-21 Here is a biography of Narayana Guru, which introduces him, faithful to his true form, as an embodiment of Wisdom. Indeed, it has been written by someone who has dedicated her life to the learning and teaching of this very Wisdom, especially as we humans may actualize it in our lives of the here and now. Although most extant biographies of the Guru were written by persons belonging to his own geographical and cultural background, this one stands an exception in this respect. The author of this work, Nancy Yeilding, belongs to and lives in a region and culture at the opposite side of the globe. Yet this can be no obstacle, because the Wisdom taught by the Guru is one in essence, which is life's highest aim, guide, and joy, irrespective of all geographical and cultural differences. – Guru Muni Narayana Prasad

Historical Dictionary of Sikhism Louis E. Fenech, W. H. McLeod, 2014-06-11 Sikhism traces its beginnings to Guru Nanak, who was born in 1469 and died in 1538 or 1539. With the life of Guru Nanak the account of the Sikh faith begins, all Sikhs acknowledging him as their founder. Sikhism has long been a little-understood religion and until recently they resided almost exclusively in northwest India. Today the total number of Sikhs is approximately twenty million worldwide. About a million live outside India, constituting a significant minority in the United Kingdom, Canada, and the United States. Many of them are highly visible, particularly the men, who wear beards and turbans, and they naturally attract attention in their new countries of domicile. This third edition of Historical Dictionary of Sikhism covers its history through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on key persons, organizations, the principles, precepts and practices of the religion as well as the history, culture and social arrangements. This book is an excellent access point for students, researchers, and anyone wanting to know more about Sikhism.
