Ski Jumping in the Northeast: Small Towns and Big Dreams Ariel Picton Kobayashi,2021-11-08 Dozens of towering ski jumps once dotted the landscape across the northeastern United States. Introduced by Norwegian immigrants in the late 1800s, ski jumping became popular in Maine, New Hampshire, Vermont, Massachusetts, New York and Connecticut. From Lake Placid to Salisbury, crowds thronged to the jumps to watch. Youngsters like the Togle brothers and Roy Sherwood rose to stardom. All of that changed in the 1980s, though, with the end of college jumping. Today, only a handful of jumping clubs remain. But in a rare few communities, a strong sense of tradition keeps the spirit alive. Join author and coach Ariel Picton Kobayashi as she examines ski jumping's fascinating identity as both a small-town tradition and thrilling sport.

Ski Jumping in Washington State: A Nordic Tradition John W. Lundin,2021 Ski jumping, once Washington's most popular winter sport, was introduced by Norwegian immigrants in the early twentieth century. It began at Spokane's Browne's Mountain and Seattle's Queen Anne Hill, moved to midsummer tournaments on Mount Rainier in 1917 and expanded statewide as new ski clubs formed. Washington tournaments attracted the world's best jumpers--Birger and Sigurd Ruud, Alf Engen, Sigurd Ulland and Reidar Andersen, among others. In 1941, Torger Togle set two national distance records here in just three weeks. Regional ski areas hosted national and international championships as well as Olympic tryouts, entertaining spectators until Leavenworth's last tournament in 1978. Lawyer, historian and award-winning author John W. Lundin re-creates the excitement of this nearly forgotten ski jumping heritage.

From its founder Fred Harris' leap of faith in 1922, through turbulent times, historic highs, colossal challenges and triumphant moments, the history is told in a photo-rich, engaging story format.

License to Jump! Marit Nybelius,Annette R. Hofmann,2015 At the 2015 Nordic Ski World Championship in the Swedish resort Falun, the World Championship in women's ski jumping will be conducted. Women's ski jumping did not have a smooth way to become an internationally acknowledged and accepted sport. However, that struggle is no longer discussed. In many European countries women's ski jumping regularly gets TV coverage and the print media covers it in its sports sections. This book aims to give insight into the at least 150-year-history of women's ski jumping from its beginnings until it became an Olympic sport in the 2014 Sochi Games. It shows the struggle and effort of female ski jumpers, coaches, families and others to make this sport internationally recognized and accepted. The chapters reflect a collection of research done by international authors. Due to the accessibility of sources the main focus is on Europe and North America. However, we do not claim to offer a complete history; there are many histories of women's ski jumping, depending on the geographic location. We tried to avoid an overlapping of contents, which was not always possible, because each chapter was to be an entity in itself. In the future, still, bit by bit, little pieces have to be added to the puzzle to gain a complete picture of the evolution of this sport. Although all authors have an academic background in sport history and/or sport sociology and sport media, the book is aimed to appeal to the general public. For all those readers who are interested in more details, footnotes and references are added.

Jumping Through Time - A History of Ski Jumping in the United States and Southwest Canada Harold Anson,2010-03 Ten years of research has provided a monumental record of one of the most dangerous, exhilarating and amazing sports ever undertaken--ski jumping--in the first comprehensive record of more than a century of the sport.

We Jumped Thomas Remington,2015-07-01 Proceeds from the sale of this book go to the Ski Museum of Maine and the Maine Ski Hall of Fame. This book is a trip through memory lane, of two brothers, Bob and Tom Remington, who, along with their father, Clarence Rockin' Chair Remington, grew up ski jumping. This recounts ski jumping in Maine, New Hampshire and surrounding areas during the 1950s, 60s, 70s and 80s, through the eyes of the two brothers. They discuss ski jumping history, including prolific and not so prolific ski jumpers, locations of ski jumps, along with years of recalled stories and important memories. I believe that history becomes more important to us as we age. My mother recently gave me her writings from many years ago. It told of her childhood, and the times in which she lived were fascinating. My father passed in 1975 at the young age of 51. At 26 years in age, I didn't realize how much it would have meant many years later to know more about him and his childhood and experiences before my time. Several years after his passing, Mom told me about his days in skiing. She told of an exceptional four-event skier with an amazing gift in the cross country event. He won races by minutes. He was unbeatable as a racer at Andover High School. He was offered a scholarship by UNH and was to be the roommate of Ralph Townsend and Ed Styrna. Townsend went on to become a member of the 1948 US Olympic Nordic Combined team, legendary coach at Williams College, and was inducted into the US Ski Hall of Fame in 1975. Ed Styrna, the legendary track coach at UMaine, an outstanding track athlete, received his induction into the Maine Running Hall of Fame in 1999. When our team traveled to Williams College for their winter carnival in 1972, Ralph Townsend sought me out when he saw my name on the start list. He asked me if I was one of Clarence Remington's sons. I was not surprised. It happened frequently. How is Rockin' Chair? he asked. I said, Good, as always. I didn't know Dad would live only three more years. Forty years later, I regret that I didn't have the foresight to realize that one day I would want to know every little detail associated with his times. How did he get his start in skiing? What did he use for equipment? Who coached him? How did he train? And, of course, each of these questions would lead to many more. Why didn't he accept that UNH scholarship? He fell in love, got married, and raised a family. He never looked back. Did he ever regret his decision? If he did, he never show it. What you are about to read comes from what my brother and I could remember of our days in ski jumping. After months of pondering, we decided that we wanted to provide a feeling for what it was like growing up on skis in Western Maine in the 1950's, '60's, and '70's. In so doing, we chose ski jumping for it was a passion-filled sport which is sadly missing from the lives of our youth in the 21st century. In this day of enthusiasm for extreme winter sports, why isn't ski jumping part of that culture in the winter wonderland of the state of Maine? Though I am a retired teacher and ski coach at age 66, I have not yet considered working on my 'bucket list' but when I do, I know of two items that will be on that list. 1: I hope this book sells millions of copies. All profits of the selling of this book will go to the Ski Museum of Maine. We need to preserve our history. 2: Before I pass I would like to stand beside the outrun of a ski jump in the great state of Maine with many of my ski jumping peers and witness a ski jumping competition. We thank you for your donation to the Ski Museum of Maine and hope you thoroughly enjoy your journey into the past.

American Jumper ,2019-10 For two weeks every winter, a rarefied group of ski jumpers travel the Midwest competing in a Five Hills Tournament across some of America's most notable ski jumps. Thousands of fans pack local ski clubs to witness competitors launch themselves from the large towers that rise menacingly above the flat Midwest landscape. A ski jumper himself, Cooper Dodds' color photographs highlight a Nordic tradition transplanted in middle America and sustained through extensive volunteer support and young athletes obsessed with the art of flying.

Sport and the Emancipation of European Women Gigliola Gori,J.A. Mangan,2016-03-23 Sport and the Emancipation of European Women: the Struggle for Self-fulfilment explores the contributions of European

women to the emancipation of women worldwide. It expands understanding of the need for their attitudes and actions and celebrates their achievements in freeing the female body from unwarranted political, cultural and social restraint in the courageous pursuit of the Enlightenment 's ' secular value system: 'the unity of mankind and basic personal freedoms and {a} world of tolerance, knowledge, education and opportunity' (from Roy Porter, Enlightenment: Britain and the Creation of the Modern World, 2004). The Collection records the pulling down of European barriers via sport to women's realisation of ability and release of talent and their conquest of crushing inhibitions, inexcusable irrationality, intolerable prejudice and denial of opportunity : no barriers came down without confrontation. The struggle to overthrow prejudice set for the first time in the context of recent European history and the recent evolution of European sport, is described in this pioneering Collection. It is the first publication to focus specifically on European women and their struggle for emancipation via sport. This book was published as a special issue of the International Journal of the History of Sport.

That's Gotta Hurt Dr. David Geier,2017-06-06 In That's Gotta Hurt, the orthopaedist David Geier shows how sports medicine has had a greater impact on the sports we watch and play than any technique or concept in coaching or training. Injuries among professional and college athletes have forced orthopaedic surgeons and other healthcare providers to develop new surgeries, treatments, rehabilitation techniques, and prevention strategies. In response to these injuries, sports themselves have radically changed their rules, mandated new equipment, and adopted new procedures to protect their players. Parents now openly question the safety of these sports for their children and look for ways to prevent the injuries they see among the pros. The influence that sports medicine has had in effecting those changes and improving both the performance and the health of the athletes has been remarkable. Through the stories of a dozen athletes whose injuries and recovery advanced the field (including Joan Benoit, Michael Jordan, Brandi Chastain, and Tommy John), Dr. Geier explains how sports medicine makes sports safer for the pros, amateurs, student-athletes, and weekend warriors alike. That's Gotta Hurt is a fascinating and important book for all athletes, coaches, and sports fans.
