Around The World in 50 Slopes Patrick Thorne, 2022-10-13 'They're places skiers will love.' - Metro 'An intercontinental romp through a galaxy of ski trivia.' - Scotsman 'Whether you've ever skied or never been near a chairlift or the piste, there is gold in these pages.' - Press & The Journal The amazing history behind the best ski trails in the world. Veteran ski journalist Patrick Thorne has unearthed the incredible stories behind 50 unique runs from the utterly unmissable to the totally unexpected. Discover the two different Alpine ski areas who claim to be Hannibal's route through the mountains with his elephants; the debate around what is really the world's steepest slope; how smugglers have used ski runs to escape custom patrol; and why hundreds of skiers dress as witches at Belalp in Switzerland every year. Features skiing from across Europe, North America and South America, as well as fascinating global ski destinations including China, Iran and even North Korea. Along the way we'll meet Franz Klammer, the greatest ski racer in history, as well as The Beatles, Count Dracula, St Patrick and James Bond. Complimented with practical information and trail maps, it is the perfect gift for the skier in your life.

Traveling the Old Ski Tracks of New England E. John B. Allen, 2022-11-18 For over a century New Englanders have taken to the slopes in search of ways to enjoy the coldest months, and skiing has deep roots in the region. In the late nineteenth century Scandinavian immigrants worked to educate snowbound locals on how to ski, make equipment, and prepare trails. Soon thereafter, colleges across the Northeast built world-class ski programs, massive jumps were constructed in Brattleboro and Berlin, and dozens of ski areas--big and small--cropped up from the 1930s through the 1980s. *Traveling the Old Ski Tracks of New England* offers a fascinating history of downhill, cross-country, and backcountry skiing across the region and its leading personalities. Moving from popular destinations like Stowe, Cannon, Bromley, and Mount Washington to the less intimidating hills surrounding Boston, Rhode Island, and Connecticut, E. John B. Allen also recovers the forgotten stories of ski areas that have been abandoned in the face of changing tastes and a warming climate.

First Tracks Alan K. Engen, Gregory Coyne Thompson, 2001 From old-time flipflop skis to modern-day snowboards, from miners to Olympians, from Park City to Snowbasin—Alan Engen and Gregory Thompson capture the rich legacy of skiing in Utah's indomitable Wasatch Mountain Range through upbeat informative text and fascinating vintage and recent photographs. Winter sport had reached the masses, and tiny mom-and-pop ski areas sprouted alongside the major resorts of the Wasatch Front. The fervor of the early pioneers—the miners, Alf Engen, the Rasmussen brothers—spread to thousands of Utahns, who began promoting their home as the 'King of Winter Sports.' The craze for skiing had matured into a deep-rooted respect for the canyons, ridgelines, and fields that harbor alpine and cross-country skiers alike, bringing people together in recreation and competition. Why shouldn't the world share such a magnificent place?" Mitt Romney President and CEO Salt Lake Organizing Committee Olympic Winter Games of 2002 Alan K. Engen is the author of the award-winning book *For the Love of Skiing: A Visual History*. He is also the chairman and president of the Alf Engen Ski Museum Foundation, chairman and president of the Alta Historical Society, board member of the International Skiing History Association. Currently, he is the Director of Skiing at Alta, Utah, and has been affiliated with the Professional Ski Instructors of America (PSIA) for more than forty years. He lives in Salt Lake City. Gregory C. Thompson, Ph.D., is the Assistant Director for the

University of Utah's J. Willard Marriott Library Special Collections and an adjunct assistant professor of history. In the 1980s, he cofounded the Marriott Library's Utah Ski Archives Program. He lives in Salt Lake City. A search is underway for the names of ski jumpers who competed on Ecker Hill, in Park City, from the time the jumps were constructed in 1929 until the last competition on the hill in 1964. The names will be included in a new bronze monument commemorating the role of Ecker Hill in American skiing history. Please visit the Ecker Hill Jumpers Memorial Page if know of a jumper that should be included.

A History of Skiing in Colorado Abbott Fay, 2000 Skiing is not a new phenomena in Colorado. It is a sport that has been around for well over a century. Abbott Fay has done a marvelous job of tracking the history of what originally was a means of survival, but which now is one of America's favorite sports. The original version of this book was published in 1984 as *Ski Tracks: A Century of Colorado Skiing*; but the book has been long out of print and the author has made many additions and changes to this revised version. Many new photographs and much new information has been added.--Back cover

While the prized powder remains the same, the top skiing destinations bear only a faint resemblance to the resorts of previous generations. Neighborhood slopes, such as Tabernash Hill, featured little more than a rope tow and a storage shed. Other spots like Estes Park's Old Man Mountain held tournaments and contests with Olympic participants. From the Cathy Cisar Winter Playground in Craig to Cheyenne Mountain's Ski Broadmoor and everywhere in between, join authors Caryn and Peter Boddie on a tour through the lost ski areas of northern Colorado and the Front Range.
