Alice Broadway

Ink Alice Broadway,2018-01-02 A deliciously dark, gorgeously written YA mystery that'll prickle your skin . . . and leave a permanent mark. There are no secrets in Saintstone.From the second you're born, every achievement, every failing, every significant moment are all immortalized on your skin. There are honorable marks that let people know you're trustworthy. And shameful tattoos that announce you as a traitor. After her father dies, Leora finds solace in the fact that his skin tells a wonderful story. That is, until she glimpses a mark on the back of his neck . . . the symbol of the worst crime a person can commit in Saintstone. Leora knows it has to be a mistake, but before she can do anything about it, the horrifying secret gets out, jeopardizing her father's legacy . . . and Leora's life.In her startlingly prescient debut, Alice Broadway shines a light on the dangerous lengths we go to make our world feel orderly--even when the truth refuses to stay within the lines. This rich, lyrical fantasy with echoes of Orwell is unlike anything you've ever read, a tale guaranteed to get under your skin . . .

Skin and Ink Sandu Publications,2017-11-30 Traditional tattoo art is rapidly changing, moving away from time worn or played out motifs and instead experimenting with new styles, motifs and subject matter. Driven both by the artists themselves and their clients needs, the work is original and surprising, running the gamut from fine line illustration and pointillism to blackout tattoos that take the place of clothing. The themes vary from personal mantras or interests to meaningful portraits and memorials. Others are simply fantastic art, whether wholly created by the tattooist or as homage to a favorite artist. Combining pages of beautiful tattoos on skin, flash art and stories from the artists to create a snapshot of the evolution of a new iconography, Skin & Ink delivers.

Tattooed Skin and Health J. Serup,N. Kluger,W. Bäuml,2015-03-26 With about 10–20% of the adult population in Europe being tattooed, there is a strong demand for publications discussing the various issues related to tattooed skin and health. Until now, only a few scientific studies on tattooing have been published. This book discusses different aspects of the various medical risks associated with tattoos, such as allergic reactions from red tattoos, papulo-nodular reactions from black tattoos as well as technical and psycho-social complications, in addition to bacterial and viral infections. Further sections are dedicated to the composition of tattoo inks, and a case is made for the urgent introduction of national and international regulations. Distinguished authors, all specialists in their particular fields, have contributed to this publication which provides a comprehensive view of the health implications associated with tattooing. The book covers a broad range of topics that will be of interest to clinicians and nursing staff, toxicologists and regulators as well as laser surgeons who often face the challenge of having to remove tattoos, professional tattooists and producers of tattoo ink.

Skin & Ink Magazine | January 2016 SKIN AND INK MAGAZINE,2016-01-01 This issue of Skin & Ink is our most eclectic ever with articles ranging from inkedup female country singers to ceremonially tattooed headhunters indigenous to the Philippines-and everything in between! Well, we've set this up as an international whirlwind tattoo experience, so let's start much farther than across the pond with Travel in' Mick in Krakow, Poland where he spent a long weekend documenting some incredible examples and info on one of Europe's premier tattoo events. Before heading back to the States don't forget to check out the aforementioned historical piece on the Igorot headhunters of the Philippines. Then we have two stops in the UK to check out the work of the sensational Ollie Tye's conceptual realistic portrait work, and the hyperrealistic work of Jose Contreras' black and grey portraits and rich color pieces. Those two can do it all at a super high level. OK, back in the good ol' USA and we really have a select series of features for you to enjoy and get inspired by. First we hit the Big Apple hard with Brooklyn's own Leathernecks Tattoo, headed up by ex-Marine Kenny K-Bar. He and his busy team of ink slingers have been kicking out some great work. Then it's on to the New York City Tattoo Convention. No one knew what to expect

with this being its first year out of the historic Roseland and in its new digs, but it was a massive success! Speaking of hitting things hard, we stopped in at the Black N' Blue Bowl where hardcore meets ink in a mosh pit of tattoos and sweat. Time to visit some friends from around the country. Frank Weber kicks it old school, Mariann and Jasmin fight for animal rights, and don't forget the Dana Brunson and Nate Beavers columns, plus our gorgeous goofball cover girl Sara X.
