Putin's People Catherine Belton, 2020-06-23 A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph [*Putin's People*] will surely now become the definitive account of the rise of Putin and Putinism. —Anne Applebaum, *The Atlantic* This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades. —Peter Frankopan, *Financial Times* Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves,

suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—Putin's People is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

Alain Prost Maurice Hamilton, 2015-09-24 Four-time Formula One Drivers' Champion Alain Prost is one of the best racing drivers of all time. Having discovered karting at the age of 14 during a family holiday, Prost progressed through motorsport's junior ranks, winning the French and European Formula Three championships, before joining the McLaren Formula One team in 1980 at the age of 24. In his six seasons with McLaren, Alain Prost won 30 races and three driving titles and in 1985 he became the first French World Champion. In 1986 he became the first back-to-back champion since Jack Brabham 26 years earlier. In 1987, his 28th Grand Prix victory beat Jackie Stewart's 14-year-old record. However, in 1988 his brilliant new team mate Ayrton Senna won eight races and the driving title. Thus began the sensational rivalry that conspired to push two of the sport's greatest drivers to unprecedented heights of success and controversy, and the most bitter feud in Formula One history.

Racism and English Football Daniel Burdsey, 2020-11-19 Racism and English Football: For Club and Country analyses the contemporary manifestations, outcomes and implications of the fractious relationship between English professional football and race. Racism, we were told, had disappeared from English football. It was relegated to a distant past, and displaced onto other European countries. When its appearance could not be denied, it was said to have reappeared. This book reveals that this was not true. Racism did not go away and did not return. It was here all along. The book argues that racism is firmly embedded and historically rooted in the game's structures,

cultures and institutions, and operates as a form of systemic discrimination. It addresses the ways that racism has tainted English football, and the manner in which football has, in turn, influenced racial meanings and formations in wider society. Equally, it explores how football has facilitated forms of occupational multiculturalism, black player activism and progressive fan politics that resist divisive social phenomena and offer a degree of hope for an alternative future. Focusing on a diverse range of topics, in men's and women's football, at club and international level, *Racism and English Football* extends and expands our knowledge of how racism occurs and, critically, how it can be challenged. This is an essential read for scholars and students working on race, ethnicity, sport and popular culture, together with those interested in the social and organisational dynamics of English professional football more generally.
