**Gotcha Capitalism** Bob Sullivan,2008-01-22 What is Gotcha Capitalism? Coughing up \$4 fees for ATM transactions. Iron-clad cell phone contracts you can’t get out of with a crowbar. Paying big bucks for insurance you don’t need on a rental car or forking over \$20 a day for supposedly “free” wireless internet. Every day we use banks, cell phones, and credit cards. Every day we book hotels and airline tickets. And every day we get ripped off. How? Here are just a few examples of how big business can get you: • You didn’t fill up the rental car with gas? Gotcha! Gas costs \$7 a gallon here. • Your bank balance fell to \$999.99 for one day? Gotcha! That’ll be \$12. • You miss one payment on that 18-month same-as-cash loan? Gotcha! That’ll be \$512 extra. • You’re one day late on that electric bill? Gotcha! All your credit cards now have a 29.99% interest rate. But not for much longer. In Gotcha Capitalism, MSNBC.com’s “Red Tape Chronicles” columnist Bob Sullivan exposes the ways we’re all cheated by big business, and teaches us how to get our money back-proven strategies that can help you save more than \$1,000 a year. From the Trade Paperback edition.

**Shattered Roads** Alice Henderson,2018-04-03 In a future laid waste by environmental catastrophe, one woman in a shielded megacity discovers a secret hidden within—and the nightmare of what lies beyond. The Skyfire Saga Her designation is H124—a menial worker in a city safeguarded against the devastating storms of the outer world. In a community where consumerism has dulled the senses, where apathy is the norm and education is a thing of the past, H124 has one job: remove the bodies of citizens when they pass away in their living pods. Then one night, H124’s routine leads her into the underground ruins of an ancient university. Buried within it is a prescient alarm set up generations ago: an extinction-level asteroid is hurtling toward earth. When her warning is seen as an attempt to topple the government with her knowledge of science, H124 is hunted—and sent fleeing for her life beyond the shield of her walled metropolis. In a weather-ravaged unknown, her only hope lies with the Rovers, the most dangerous faction on Earth. For they have continued to learn. And they have survived to help avert a terrifying threat: the end of the world is near.

*Skyfire* Aroon Raman,2016 May 2012. India is hit by a series of freak weather disturbances and startling epidemics that threaten to bring the country to its knees. At the same time, children are disappearing from the slums in the capital and nobody seems to care. Stumbling upon these strange and seemingly unrelated incidents, journalist Chandrasekhar, historian Meenakshi Pirzada and intelligence operative Syed Ali Hassan start upon a trail that leads them into the drawing rooms of Delhi s glittering high society before reaching a terrifying climax in Bhutan, where they come face-to-face with a force of unspeakable power and evil. Bestselling author Aroon Raman s third novel, Skyfire, is a heart-stopping thriller that will chill you to the bone. Praise for the Shadow Throne: A racy read ... distinctly etched, the plot engaging and the writing taut Hindu. Praise for the Treasure of Kafur: Another bestseller in the making New Indian Express.

*Song of the Summer King* Jess E. Owen,2012-06-01 The first book in the award-winning Summer King Chronicles. A great read for fans of Wings of Fire, Warrior Cats, and the Lion King. As the last of his kind in a gryfon pride ruled by the conquering Red Kings, Shard has always known his destiny is merely to survive. He must strive to keep up with larger, stronger, crueller gryfons in order to earn his place as a warrior, or face exile. While on the dangerous initiation hunt that will either make or ruin him, Shard desperately takes the unexpected advice of a strange she-wolf who seeks him out, and hints that Shard’s past is not all that it seems. Drawn to learn more, Shard risks the future he wants by making allies of creatures most gryfons call enemies, and learning ancient skills forbidden by the conquering kings. Secrets of his family, the Conquering, and perhaps even his own destiny begin to reveal themselves. When the gryfon king declares open war on the wolves Shard has befriended, it throws his past and uncertain future into the turmoil between. Now with battle lines drawn, Shard must decide whether to fight beside his own king . . . or against him.

Her chance comes when she takes part in an exchange of young gryfons and journeys to the Silver Isles. Instead of adventure and fellowship, Ren and the others find a pride suffering strange calamities, and a deadly, sweeping illness that has driven them from their home island. Gryfons are dying, and Ren sets out to find answers. She thinks the disasters and the illness might be connected to her discovery at home, and if she’s right, she could save the pride.
