Matthew Granovetter,Pamela Granovetter

**Slam After Slam with Force Point** Pawell Boiew, 2016-10-24 Force Point (Fp) Counting will help you to count your hand directly in contract tricks (the tricks that are above the initial 6 tricks, which are not counted in the game of bridge). The Fp Counting itself is a new low of the Total Tricks, much better than the old one. The sum of both hands contract tricks, yours and your partner, will give to you the game's Play Level (PL). No need evaluations by the time of the initial count, but one of you, who will ask his partner to reveal the exact distribution (between around 500 possible distributions), must apply some tricks' adjustments when a new distribution changes are discovered by the time of the Bidding. When you discover partner's exact shape, you will ask for the exact number of the contract tricks, thus finding your exact PL. Then if the PL = 5.5 you must ask your partner for all of the TOP Honors. With Fp you will be able to discover all of the partner's Aces + Kings + Queens with one only question - one answer! No other bridge system is capable of doing that! Then you have to calculate the final PL, and may ask your partner where are the TOP Honors or directly to choose the final contract. The calculations are for a 7 grader, so the difficult decisions in the game of bridge proved to be a simple arithmetic, not even a math. Using one only SCOR-SCOR Convention for all of your Distribution and Control needs (along with the classical Stayman, of course) will allow to you to see transparently the exact cards and lengths of the suits of your partner before the attack. The Playing is your own responsibility, I can only assist you about the Bidding. On Bidding Contests with 12 TOP Matchpoint scoring, Fp will provide to you no less than 70% (usually close to 80%), but pay attention that on such Contests you will have to bid most difficult distributional games collected around the world. For the love of the Game Force Point Bidding Developer: Mr. Pawell Boiew

Kickback: Slam Bidding at Bridge: Second Edition Robert Munger, 2019-02-22 Expert Slam Bidding for Everyone Until now, the Kickback convention has been the purview of the expert community. This book makes Kickback accessible to all tournament players for the first time. The author starts by explaining why Kickback is easier to use and more efficient than Roman Keycard Blackwood. The book addresses such vital issues as setting the trump suit, which strain to use to ask for key cards, the King Ask, the Queen Ask and Control Bidding. Also included are advanced topics such as showing a useful void, Six-Ace Kickback and Exclusion Kickback. A final chapter gives a simple version of the Third-Round Control Ask, vital for top-flight grand slam bidding. With many examples and twelve quizzes - two of them for partners to practice Kickback together - Kickback gives the reader the experience and confidence to use the convention effectively at the table.

**The Big Payoff** Bill Treble, 2017-11 Slam bidding is perhaps the most exciting part of bridge, but at the same time it is the most technically challenging. The rewards for success are high, but so are the penalties for failure. As a launching pad, the author introduces some useful agreements and conventions. After that, he addresses how to decide whether to try for slam, and how to investigate via cuebidding. More direct and advanced techniques, competitive auctions and a final quiz make up the remainder of the book. Studying this book will make for a smooth transition to becoming an effective slam bidder.
