Hot, Cold, Heavy, Light, 100 Art Writings 1988-2018 Peter Schjeldahl,2019-06-04 100 key writings from spanning across thirty years of the acclaimed New Yorker art critic’s career. Hot, Cold, Heavy, Light collects 100 key writings by Peter Schjeldahl spinning thirty years, his last twenty as the art critic of the New Yorker. In this unfailingly lucid guide to an art world in constant, dramatic flux, Schjeldahl addresses new artists and Old Masters with the same pitch of acuity, empathy, and wit. No other writer enhances the reader’s experience of art in precise, jargon-free prose as he does, with reviews that are as much essay as criticism. Implicit in Schjeldahl’s role as a frontline critic is a focus on artists, issues, and events of urgent relevance to the culture at large. Holt, Cold, Heavy, Light tells us why we still care about Rembrandt and Mantegna, Matisse and Picasso; takes the measure of contemporaries Basquiat and Holzer, Polke and Kiefer, Sherman and Koons; introduces us to newcomers Kerry James Marshall and Laura Owens; and salutes rediscoveries of Florine Stettheimer, Hélio Oiticica, and Peter Hujar. The book provides essential knowledge to anyone curious about the character, quality, and consequence of art today. The pieces in Hot, Cold, Heavy, Light were compiled and arranged by the critic Jarrett Earnest, with an ear attuned to Schjeldahl’s range of voices. “The effect of reading him in depth, over time,” Earnest says in his introduction, “is like that of great literature. You come away not only with new insights and ideas, but with a feeling of having been granted an extra life.” “This is a rapturous read for art lovers and all who appreciate dynamic critical essays,” —Booklist “Bruce is no longer The Boss; Peter Schjeldahl is! Hot, Cold, Heavy, Light is the apex of artistic criticism and commentary,” —Steve Martin “The great New Yorker art critic writes like an angel about everyone from Vermeer to Picasso, Donatello to Andy Warhol, in beautiful, enjoyable, accessible essays across 30 years,” —Philadelphia Inquirer

Learning to See Creatively Bryan Peterson,2003-10-01 Almost everyone can “see” in the conventional sense, but developing photographic vision takes practice. Learning to See Creatively helps photographers visualize their work, and the world, in a whole new light. Now totally rewritten, revised, and expanded, this best-selling guide takes a radical approach to creativity. It explains how it is not some gift only for the “chosen few” but actually a skill that can be learned and applied. Using inventive photos from his own stunning portfolio, author and veteran photographer Bryan Peterson deconstructs creativity for photographers. He details the basic techniques that went into not only taking a particular photo, but also provides insights on how to improve upon it—helping readers avoid the visual pitfalls and technical dead ends that can lead to dull, uninventive photographs. This revised edition features the latest information on digital photography and digital imaging software, as well as an all-new section on color as a design element. Learning to See Creatively is the definitive reference for any photographers looking for a fresh perspective on their work.

Speaking with Spirit Dr. Wanda Vassallo ,2018-01-08 Speaking with Spirit: A Guide for Christian Speakers was deemed “the most thorough treatment on the subject of public speaking I have ever seen” by Linus Wright, Former Under Secretary in the U.S. Department of Education. Vassallo published a former edition of this book in 1990, which was declared a “must for an excellent collection of books of this genre” by the American Library Association. Endorsements “This extraordinary piece of work is the most thorough treatment on the subject of public speaking I have ever seen. Speaking with Spirit is full of factual information organized in easily recognizable categories. I was particularly gratified to find not only a catalog of possible openings for different types of speeches but also an example of each taken from a successful presentation. When you have finished Wanda's book, you will regard speaking before an audience as something to anticipate with confidence and optimism.” —LINUS WRIGHT, Former Under Secretary, U.S. Department of Education, and Dallas Schools Superintendent “At last! A public speaking book written especially for Christian speakers. Wanda's book will serve as a trusted guide for the novice speaker as well as a valuable reference for the experienced speaker cast onto unfamiliar turf, such as appearing on television for the first time. Her examples of different genres of speeches, tailor-made for Christian audiences, provide a treasure trove of proven material.” —MAMIE MCCULLOUGH, Motivational Speaker and Author “I am so pleased that Wanda has written another book on speaking. Her previous book on the subject proved to be very popular at our conferences. We sold several hundred copies. Wanda has spoken at our conferences over the years and has always been a favorite among our people. I know this book will be well received. I am eager to begin offering it to our conference attendees.” —REG A. FORDER, Director of American Christian Writers “This book by Wanda Vassallo will be much appreciated and used by pastors and leaders in Christian churches, as well as by speakers in other contexts. Having served as a pastor for 28 years, as well as being a theological educator and a denominational executive, I am called on to speak in a variety of settings. Based on my experiences, I know that Wanda's book will be a priceless resource for the Christian leader. I recommend it without reservation.” —REV. RONALD E. VALLET, D. Min., Author, Adjunct Professor, McMaster Divinity College; Pastor, Fredonia Baptist Church, Fredonia, N.Y.; Minister for Stewardship and Mission Support, American Baptist Churches of New York “I taught Communications in a Christian University for many years and often used Jesus Christ as an example of the greatest of the communicators. Naturally, I directed my students to scriptures that verified that fact, but I never had a complete scriptural reference to Christ's sermons, teachings, speeches, and arguments. Now, Wanda Vassallo has included in her first-rate public speaking textbook, a chapter on “Jesus as a Speaker—Our Example!” This is a true blessing for the Christian speech teacher. It's all there in Dr. Vassallo's book—all the scripture references, the interpretations of those scriptures, and the speech “techniques” of Christ! It's all there in a textbook that goes on to tell the student and the teacher how best to present oneself before an audience. It's all there in one volume—a complete course in public speaking. A text like this with Jesus as the master speaker has long been needed. Now, it's available. Our prayers have been answered. Thank you, Dr. Wanda Vassallo!” —DR. ROSE-MARY RUMBLEY, University Professor, Professional Speaker, and Author

Church Communications Handbook Wanda Vassallo,1998 A communications specialist discusses communication in the local church--advertising, talking with the media, communicating with members, and utilizing technology. Includes helpful forms, checklists, and examples from cutting-edge churches.

Restoration of Amundsen’s lantern slides Pietro Librici,2017-06-03 The book presents for the first time the restoration of Amundsen’s glass slides, one of the most beautiful collections of slides in the world. The 248 slides are the photographic testimony of three great explorations: the Northwest Passage (1903-1906), the conquest of the South Pole (1910-1912) and the Maud expedition (1918-1925). Discovered by chance in 1986, the slides were restored in 2009 by Pietro Librici at the National Library of Norway, in a continuous cooperation with the institute team. The restoration is presented analytically in its methodological, technical, scientific and operational aspects, constituting an updated model of intervention. Critical historical studies that accompanied the restoration and the expressive features of the slides have also led the author to identify Amundsen’s own style which lies between documentary photography and photographic documentation and make the book a particular opportunity to immerse in the charm of polar expeditions, in the first years of the 20th century when the poles were the only areas of terra incognita left on the world map.
