Slider Pete Hautman, 2017-09-12 Competitive eating vies with family expectations in a funny, heartfelt novel for middle-grade readers by National Book Award winner Pete Hautman. David can eat an entire sixteen-inch pepperoni pizza in four minutes and thirty-six seconds. Not bad. But he knows he can do better. In fact, he'll have to do better: he's going to compete in the Super Pigorino Bowl, the world's greatest pizza-eating contest, and he has to win it, because he borrowed his mom's credit card and accidentally put \$2,000 on it. So he really needs that prize money. Like, yesterday. As if training to be a competitive eater weren't enough, he's also got to keep an eye on his little brother, Mal (who, if the family believed in labels, would be labeled autistic, but they don't, so they just label him Mal). And don't even get started on the new weirdness going on between his two best friends, Cyn and HeyMan. Master talent Pete Hautman has whipped up a rich narrative shot through with equal parts humor and tenderness, and the result is a middle-grade novel too delicious to put down.

The Slider Effect Jonathan Melendez, 2016-06-28 A collection of seventy-five slider recipes packing flavor into little bites for omnivores and vegetarians, plus recipes for buns and condiments. Sliders are an art form, a modern-tapas-of-sorts. A remarkable slider is one that allows you to evenly taste all the delicious ingredients within it. You can't eat just one! Way better than a cupcake, sliders are delicious and fun—and you can't eat just one of these savory, handheld treats. Indulge in the awesome world of sliders and mini sandwiches through more than seventy-five omnivorous and vegetarian recipes—that are more than just your usual mini burger—complete with homemade breads, buns, and sauces. Way better than a cupcake, these omnivore and vegetarian slider recipes include limitless ingredient and flavor combinations just waiting to be squeezed between two buns. Sliders are the perfect bite that can be served as an appetizer,

tapas, entrée, side, or midnight snack. The Slider Effect focuses on these amazing, handheld mini sandwiches featuring more than seventy-five recipes and sixty-five delicious photographs designed to turn you into a slider pro. The opening chapter begins with slider pantry basics, followed by four main chapters that focus on meat, poultry, seafood, and vegetarian sliders. In the Meat chapter you'll find recipes for Grilled Steak and Potato Sliders as well as Mediterranean Lamb Sliders. The Poultry chapter will introduce you to Turkey-Bacon BLT Avocado Sliders and Chicken Curry Sliders. The Seafood chapter ranges from Fish and Chips Sliders to Shrimp Fajita Sliders. And in the Vegetarian chapter you'll find tiny buns filled with roasted beets, eggplant, polenta, and black beans. If you like making your own rolls, there are recipes ranging from biscuits to challah and from waffle to pretzel buns. And what slider would not be complete without a dab of Cilantro, Lime and Green Chile Aioli or Arugula Pumpkin Seed Pesto on top? There is no end to what you can make work in a slider! Praise for The Slider Effect "Miniatures are undeniably cute, especially when they're mini Western Bacon Cheeseburgers. As far as buns go, Chef Jonathan Melendez goes the extra mile and stuffs this book with recipes for waffle buns, black pepper buttermilk biscuits, braided challah buns and more." —Tiffany Do, Food Republic "Hostesses and snack enthusiasts will swoon for this recipe-packed cookbook dedicated to one of life's smallest joys." —Ashley Macey, Brit + Co

Colors Accord Publishing, 2011-09-06 Accordâ€™s latest Silly Slider Book uses picture-changing sliders and plenty of critters to teach early learners about a rainbow of colors. Following Accord's previous Silly Slider Book Numbers, Colors enables early readers to discover a rainbow of shades as little hands manipulate an interactive slider that moves up and down. Inside this sturdy board book, brightly colored animals transform as the sliders move, and each picture changes to reveal the name of a featured color. Red roosters, pink pigs, and orange tigers capture early

readers' attention and make Colors a vibrantly fun and interactive way to learn.

Time Slider Alan E. Todd, 2012-01-26 SYNOPSIS Tim wants nothing more than to be a normal boy, with normal friends, normal family, and normal problems. However, Tim is anything but normal. He has a secret gift many would call it a curse that allows his conscious mind to slide to random places and times for exactly 38 minutes each day. But are his slides truly random? Or is someone, or something, in control? One moment, Tim may be safely sleeping in his own bed, and the next thing he knows, he is on the other side of the world, wandering the streets of China, or struggling to save lives of those on a doomed airline flight. This is the story of Tim's life and his pursuit for answers. Why is he not bound to one time and place? Who, or what, is in control of his slides? What purpose in life can a boy like Tim find as he grows up into a man? And through it all, can he and his lifelong friend, Lexie, find their way to a complicated but enduring love when the universe seems set against them? Time Slider is a heroic tale of life, when life is not all that it seems.

Slider Patrick Robinson, 2004-04-27 Each summer, on the fields of glorious Cape Marlin, off the New England coast, the nation's best college players gather to play the most important baseball of their lives. Jack Faber is a young hotshot pitcher with an unhittable slider and a rocket for a fastball. He plays for the fabled Seapuit Seawolves and dreams of making the Big Show. But a new coach, the scowling Bruno Riazzi, a former pro catcher, resents the kid's celebrity status and decides to knock him down a peg or two. And he stops at nothing to make it happen. Humiliated, Jack loses his lifelong art, and with it his passion for the game, as well as, mysteriously, his ability to throw. A devastated Jack Faber is released from the St. Charles College roster. But the Seawolves coaches won't give up on him. They bring Jack back to Cape Marlin, determined to help him rediscover his lost talent. He finds himself again under the

summer sun, coaches and old friends standing by him. But in the end it will be up to Jack. Based on a true story, Slider celebrates the national pastime, a game that can break grown men's hearts - - as well as make them whole again.

BOYSCOUT Avery Abbott, 2019-10-31 Alone and scared after her mother's death, Harley "Shaw" Hayes heads to Mission Beach to find the man she'd been hidden from her whole life, her father. Smokey Stone, president of The Rebels biker club, doesn't even know she exists. Desperate for both money and independence, down on her luck, Shaw takes a job stripping in her father's club while keeping her identity a secret. She never expects to fall for a biker. Johnny Boy Scout Kane may be a tattooed badass, but that doesn't mean he can't pull off a boy-next-door look. He'd once been lost, but The Rebels, and Smokey, had given him a home and a purpose. Befriending Shaw, the lost and broken newcomer, shifts the gears in his rusty heart. First he needs to get her off the stripper pole, and then in his bed. He's treading a fine line between his club and his desire to have her. Then Scout's hopes—and Shaw's life—are endangered when an obsessive millionaire makes Shaw an irresistible offer. Is Scout willing to risk losing her, to save her? She belongs in his bed, not some stranger's. Shaw needs money, not a biker acting like her knight in shining armor. But when Scout discovers Shaw's identity, is his loyalty to the club, or to the woman whose secret can ruin them both?
