King of the Slots Jack Harpster,2010-05-05 This book offers the first full-length biography of the man often described as one of the most influential and innovative people in the gaming industry over the past 50 years. King of the Slots: William Si Redd relates the fascinating, only-in-America success story of one man's improbable rise from the depths of poverty to the heights of international commerce and dazzling wealth. William Silas Si Redd is recognized as one of the most important and influential persons in the gaming industry over the past half century. The company he founded, International Game Technology (IGT), is the world leader in the manufacture of gaming equipment and gaming software features. His video poker is the most popular slot machine since the original debuted in 1899. King of the Slots covers the life (1911-2003) and rags-to-riches story of the man who changed the face of the casino gaming industry. Both a business book and a biography, it introduces readers to the nation's leading gaming centers, Apollo-era technology and how it changed gambling, and the race to perfect the first video poker game. It also gives them a chance to meet the characters with whom Redd rubbed shoulders, including Howard Hughes, Mafia capo Raymond Patriarca, Arizona cowboy and pig farmer Jimmie Hughes, gaming legend Bill Harrah, and casino visionary Jay Sarno.

Casino Child Lama Milkweed Augustine PhD,2014-01-29 A boy who was adopted by an ebullient owner of a thriving Las Vegas casino, but was born as a laiving composite. His entire torso was an unobstructed rendition of a flat top slot machine. A tale of high action, but deep insights into one who is handicapped, and where love takes the often chaotic foreground of this little family. The child is actually a mystical King, the King of the Slot Machines, and came here on his own accord as a diving mission to communicate the needs of his gentle slot machines of the world. However in the process, he succumbs to a myriad of medical afflictions from being birthed in this manner, which he was known as the CASINO CHILD. He passes away from his body's reluctant holdings, but long prior to his death, he touches lives of those around the Las Vegas gambling strip in a perplexity of ways; making the slot machines respond by a mere spoken word or a whispering conversation. Facing catastrophic loneliness and truthfully realizing life from no longer the perspective of his obedient slot machines, he brings people into the state of awareness in ways not normally achieved. When the child passes away at his father's sparking casino at night, the entire strip is doused into an inky blacknes, as every slot machine the world over, mourns for the death of their gentle and mystical King and Creator, has passed into the very Heaven He has long ago created for his quiet and gentle own. 'King of the Slot Machines came to his parents in a dream three days after his passing, and bequeathed his divine knowledge about his mission-to communicate the needs of his slot machines, but perhaps our needs as well.
