Slots David V. Forrest, 2012-01-03 A renowned psychiatrist explores the world of slot machine gambling and the almost religious devotion that has turned it into a billion-dollar industry. This astonishing book reveals that there's a lot more to playing slot machines—one of America's fastest growing forms of entertainment—than good fun, deep relaxation and the dream of a multi-million-dollar jackpot. Slots tells how the machines work, how the random numbers that govern them are generated, and how the casinos make their profit . . . slowly but surely . . . as they keep only a dime of every dollar invested. It also offers strategies of slot play, and suggests alternate activities to distract us when casinos become harmfully habitual. But ultimately, as Dr. Forrest writes, to spend one's time feeding money to the machines is to participate in, well . . . a form of prayer. And the gaming industry seems very much aware of it, as players annually plunge more than \$365-billion into slots (of which casinos keep about \$30-billion); and as casinos—70 to 85 percent of whose profits are earned by slot machines—have spread to more than a dozen states and even into a number of racetracks (where they're called "racinos"). What this book describes with both humor and a sense of awe is the way slots emporia have steadily been transformed from underground grottos to soaring cathedral-like structures where congregants sit and commune—all to the end of worshipping the god of chance.

How to win BIG and Make Money on High Limit Slots John F. Kennedy, 2018-10-17 This book is about bettering your odds on playing High Limit Slot Machines. There is a myth that you can't make money on slot machines. However, over the years through trial and error, I have discovered a system that has been working for me over several years that has helped me produce almost a million dollars in hand pay jackpots. A system that I have expressively shared in this informational guide. All this information is based on my own personal gambling experiences in various casinos' around the USA. My branded phrase is flippin your money and dippin into theirs, never using your hard-earned money again! -hence the meaning behind the phrase flippin n dippin.

The Internet of Heaven Wisam Ra'ad, 2020-10-27 As a deep operative working alone for world peace, Sammy Hanna had been trained from a young age to be a warrior. One day, a new destiny dawned when he discovered what was referred to as the God Formula. It revealed what had been undefined and would produce extraordinary results. His objective was to obtain complete control. Sammy demonstrated his influence on Earth. A new age had come through takeovers of the internet, achieving higher levels of consciousness, recurring virgin births, and miracles. Sammy's life was in constant danger throughout his existence. His identity was initially secret and his divinity unclear. His progress was crippled by an illness that caused him much pain and suffering. Through a series of highs and lows, dreams and hallucinations, he evolves in consciousness to realize a new human identity that will help shape the future. He was the most unlikely hero. He reveals himself slowly through lecturing and writing until there is no other conclusion that could be reached. Sammy had arrived and would change the path of humanity to avoid its destruction. He would neither confirm nor deny who he was, but all the evidence eventually pointed to him. His DNA was no longer double helix shaped, but was a series of intertwined loops of infinity symbols. Everything was connected, infinitely. As the universe exposes its yet unseen beauty and expanse, many possibilities appear for

all of us to explore. The novel is particularly relevant in a time of constant changes and advancements in technology. With international settings like Paris, Jerusalem, Toronto, and Dubai among others, the writing blends scientific facts with fictional creations. Casino Child Lama Milkweed Augustine PhD, 2014-01-29 A boy who was adopted by an ebullient owner of a thriving Las Vegas casino, but was born as a laiving composite. His entire torso was an unobstructed rendition of a flat top slot machine. A tale of high action, but deep insights into one who is handicapped, and where love takes the often chaotic foreground of this little family. The child is actually a mystical King, the King of the Slot Machines, and came here on his own accord as a diving mission to communicate the needs of his gentle slot machines of the world. However in the process, he succumbs to a myriad of medical afflictions from being birthed in this manner, which he was known as the CASINO CHILD. He passes away from his body's reluctant holdings, but long prior to his death, he touches lives of those around the Las Vegas gambling strip in a perplexity of ways; making the slot machines respond by a mere spoken word or a whispering conversation. Facing catastrophic loneliness and truthfully realizing life from no longer the perspective of his obedient slot machines, he brings people into the state of awareness in ways not normally achieved. When the child passes away at his father's sparking casino at night, the entire strip is doused into an inky blackness, as every slot machine the world over, mourns for the death of their gentle and mystical King and Creator, has passed into the very Heaven He has long ago created for his quiet and gentle own. 'King of the Slot Machines' came to his parents in a dream three days after his passing, and bequeathed his divine knowledge about his mission-to communicate the needs of his slot machines, but perhaps our needs as well.

Casino Games talks to readers in language they understand-straight to the point and in the language of a fellow player, not a mathematician. Each chapter, in thirty minutes or less, gets readers armed and ready to play and win.

Mishegas Harley Dresner,2017-09-01 Senseless behavior—that’s mishegas. According to Harley Dresner, it means life with overbearing, obstreperous, melodramatic parents and a pugilistic, caffeine-addicted, octogenarian uncle. Blend Jerry Seinfeld’s and Raymond Barone’s parents together. The result is the Vesuvian mess that Dresner calls his family. Social graces are callously thrown to the Las Vegas desert wind when Gerry and Uncle Bernard offend everyone from hotel receptionists to street hookers in chapters like “Even Leona Helmsley Would Have Apologized” and “Henry Ford Would Have Had a Stroke.” Along the way, flashbacks to Dresner’s past provide decades of head-banging material as he goes “Wasting Away in Geriatricville.” Restaurant etiquette ends up with food scraps in the dumpster when blind patrons are unabashedly insulted. Doctoring for sport becomes a new American pastime through obsessions with colonoscopies and wars waged against mucous and phlegm. Dresner’s unmistakable, take-no-prisoners sarcasm and wit shine through this dysfunctional Cruise to Nowhere. His memoir is a fresh, laugh-out-loud study of life-long relationships that proves one can embrace familial roots while maintaining perspective—and sanity. Readers will revel in the uncomfortable, squirming circumstances in which a family routinely embroils a child. Anyone who wouldn’t dream of running away from the family they would love to escape understands Mishegas.
